# or Fruit Liver Tablets

## Instead of Fruit.

Fruit is a splendid tonic for stomach and liver. The active principles give fruit its medicinal value. But they occur in such minute quantities, that when fruit is taken with other food, and goes through the process of digestion, their action is lost.

"Fruit-a-tives" are the active principles of apples, oranges, figs and prunes-extracted from fruit juices, combined by our own secret process, and compressed into tablets. They are the concentrated medicinal virtues of fruits and act much more effectively than any other known treatment in curing Indigestion, Dyspepsia, Constipation, Torpid Liver, Billiousness and Kidney troubles. At all druggists. 50c. a box.
