## BIG REVENGE

### Is Looked For in Russia For Liao Yang.

## THE ADMIRAL

### GIVEN DISCRETIONARY POWER TO LEAVE PORT ARTHUR.

### Czar Decree Reservists With Three Children Exempt From Far Eastern Service—Time Expired Guards Must Stay With Colours.

### Special to the Whig.

St. Petersburg, Oct. 7.—While the admiralty claims to have no knowledge of the departure of the Port Arthur squadron, it is informed from the way in which the report that such an event had transpired has been received, that definite confirmation would not come as a surprise. No direct orders, it is stated, have been sent Admiral Warren to break through the blockade of the port, but it is tacitly admitted that the admiral has discretionary power to leave Port Arthur should the situation demand, or conditions be propitious. In naval circles it is pointed out that Wednesday morning the conditions might have been favorable for a sortie. Heavy storms raged on Tuesday, and doubtless, compelled the blockading vessels, and particularly the torpedo boats to seek shelter, thus leaving the way clear for a dash to Vladivostok. Some naval officers, however, are inclined to think the firing that was heard at Chefoo may have been directed only at blockade runners.

Significant numbers of all the time-expired members of the 2nd and 3rd regiments, stationed in and around St. Petersburg, to stay with the colors till March, 1905. Orders were issued yesterday to all men belonging to the battalions Orel, and the cruisers Oleg, Sontomug and Izmail to rejoin their vessels at Kronstadt immediately. It is believed that this presages the sailing of these vessels to-morrow for Revel, where Emperor Nicholas will review the whole Pacific squadron.

### Revenge For Liao Yang.

Berlin, Oct. 7.—A despatch to the Lokal Anzeiger, from Mukden, says: "Gen. Kuropatkin has expressed a firm determination to avenge himself at this favorable time of the year for military action. Everything points to a coming revenge of Liao Yang. The officers and men hope that the period of retreat is past, and that they will be led against the enemy. The Japanese undoubtedly intended September 27th to attack the town of Yantai, along the coast road, but desisted, when they discovered that the Russians in front of them numbered 9,000.

### Something in the Wind.

Mukden, Oct. 7.—(5:30 p.m.)—Something unusual is in the wind. A great battle is now noticeable. The streets are thronged with hurrying crowds, and innumerable carts and pack mules.

### Just To Warn Them.

Melbourne, Victoria, Oct. 7.—Admiral Paushave, commanding the Australian squadron, has ordered the warships Eryadec and Cadmus to proceed to Torres Strait to warn the Russian warships, reported to have been cruising off Thursday Island, against committing any breach of international law.

### Report Not Confirmed.

London, Oct. 7.—There is no confirmation from any source of the reported naval fight at Port Arthur.

### Exempt From Service.

Odesa, Oct. 7.—The czar, on the occasion of his recent visit to this city, decreed that the reservists in the southern industrial districts who have more than three children should be exempted from service in the far east. His majesty has not extended the operation of the decree to the whole of European Russia.

### Latest From Chefoo.

London, Oct. 7.—The latest Chefoo dispatch to the Daily Telegraph, dated ten o'clock on the night on which the fighting was reported to have occurred, (Wednesday), says: "Port Arthur is quiet. The Russians are busy repairing forts. The municipality has undertaken to control the flour trade, and as a result the price is enormously reduced, merchants having previously sold it at exorbitant figures. The band still plays weekly."

### Kuropatkin Is Ill.

Vladivostok, Oct. 7.—It is reported that Gen. Kuropatkin is very ill.

### Damaged Vessels.

Tokio, Oct. 7.—It is reported here that the fire of the Japanese land batteries severely damaged four Russian warships in the harbor of Port Arthur. It is stated that one of the vessels was completely wrecked. The names of none of the ships were given.

### Having Heavy Losses.

Tien Tsin, China, Oct. 7.—A junk which has arrived here from Port Arthur reports that on the day it left the Japanese were renewing their assault on the port, attacking it from four sides simultaneously. The Japanese were meeting with heavy losses.

### The Church Congress in England.

The church congress in England urged English clergymen to take up work in the colonies.

## A GREAT SIGHT.

### The Battleship Nebraska Takes To The Water.

MISS M. V. MICKEY.

Special to the Whig.  
Seattle, Wash., Oct. 7.—It is estimated that 30,000 persons witnessed the baptism of the battleship Nebraska, which was launched at the yards of the Moran Bros. Shipbuilding company early this afternoon. Besides the great multitude that witnessed the launching from the spacious decks, many more looked on from steamers, launches and other craft which assembled in the southern end of the bay for the occasion. The christening ceremony was performed by Miss Mickey, daughter of the governor of Nebraska.

## SOLD FORTY

### Young Children Sold Into Slavery.

## MOB ENRAGED

### AN EPISODE IN MORENCI, ARIZONA.

### Mexicans Buy Forty, But Americans Rescue Them and Attempt To Lynch The Dealer, Who Is Said To Get The Children From New York Asylums.

Morenci, Ariz., Oct. 7.—Half crazed with rage and indignation over the alleged act of a man in selling forty orphans to a crowd of irresponsible Mexicans, a mob of 300 Americans have driven the buyers from the town and would have injured the seller and a local priest seriously but for the counsel of the cooler-headed townsmen.

It was alleged that the man who sold the orphans in the western part of the town was a young man named Henry, who was found with forty children, many of them of tender years, and notified a few of the little ones would be sold and it is alleged turned the forty children over to those Mexicans.

When the affair became known through the town a mob of 300 mounted men gathered in half an hour, rounded up the Mexicans and rescued the children, turning them over to a number of women. The Americans then charged the Mexicans and drove them from the place, firing repeatedly but inflicting no one so far as could be learned.

After they had chased the Mexicans for miles the mob rode wildly back to town, and surrounding the hotel in which the seller of the orphans was sequestered found him and dragged him from the place. At first it was proposed to lynch him but the town marshal and a number of the more conservative citizens succeeded in rescuing him and the local priest, placing them under arrest.

### HALE'S EXPENSES.

### Says Others Promised To Pay \$30,000 Of Total.

Pembroke, Oct. 6.—Capt. J. Lorne Hale has created a sensation by saying, under oath, that \$40,000 was spent by the liberals in their efforts to defeat E. A. Dunlop. He says that his personal expenses amounted to \$10,000, but the balance of \$30,000 should have been paid by the liberal party, as promised by Hon. James Stratton and James Vance, the liberal organizers. He feels himself aggrieved that so many bills are unpaid.

The statements of Capt. Hale were made in connection with an action against him for \$1,638, on a lively bill brought by Hingross brothers. He had paid what he considered his own personal lively bill, and when a bond bill came in, he told Hingross brothers to look to the liberal organization at Toronto for payment.

Mr. Hale stated that the arrangement as stated above, was made with him when he visited Toronto and promised to accept the nomination.

### Said Party Would Assist.

Toronto, Oct. 7.—Mr. Stratton made the following statement: "I gave Mr. Hale no money in connection with the election, nor anyone else for him, nor did I make any promise to him other than that made in a general conversation that if he accepted the nomination, the party would not doubt assist him with his campaign, speaking of course of legitimate expenses. I do not know what assistance, if any, Mr. Hale got from the party."

### Released From Prison.

Special to the Whig.  
Sinton, Oct. 7.—Frank H. Hamilton, whose killing of Leonard Day in this city several years ago attracted widespread attention, was released to-day from the Stillwater penitentiary, having served his sentence of seven years less the usual allowance for good behavior. At the time of the tragedy Hamilton was a young, well-to-do man of this city. Leonard Day, his victim, was the son of a wealthy Minnesota lumberman, now dead. The killing took place in the billiard room of a leading hotel and it was said that a young woman well known socially was involved in the trouble between the young men. Evidence adduced at the trial, however, tended to show that the killing was the result of a drunken brawl more than anything else and was not premeditated.

It is reported that Hamilton will make his future home in New York, a position having been secured for him there by a relative.

### From Prison To Marriage Altar.

Chicago, Oct. 7.—A prospective penal servitude of fourteen years, was exchanged for a matrimonial life sentence, Tuesday, the ceremony being performed by Judge McEwen after the girl who had been shot by her fiancé cried out her forgiveness and begged that her assailant be allowed to marry her.

A few months ago Joseph Namorava, who is twenty years old, shot and severely wounded Bessie Mousk, seventeen years old, while in a jealous rage.
