RUGBY TEAM ATTACKED.

Brockville Players Had to Call For Police Protection. While the Brockville rugby were returning from the koyal Mili-tary College campus on Saturday afternoon, they were attacked by crowd of boys, who congregated at the turn of the Tete de Pont barracks wall. As the van came along, a volley of bad eggs, small fruit and stones was fired at close range and some of the visiting players were marked. To avoid a further attack, the van was driven into the barracks' square, and the police station was telephoned to send protection. Several police constables were sent down and they accompanied the players to their hotel, preventing further operations by the attacking party. It seems that the cadets, feared such an occurrence, accompanied the visitors to the Cataraqui bridge.
