Constitution

Fruit is nature's laxative. Plenty of fruit will prevent Constipation, but won't cure it. Why? Because the laxative principles of fruit are held in peculiar combination and are very mild. After years of labor, an Ottawa physician accidentally discovered the secret process by which

Fruit-a-tives

are made. He used fruit juices, but by combining them in a peculiar way, their action on the liver, kidneys, stomach and skin is increased many times.

"FRUIT-A-TIVES" TABLETS contain all the medicinal properties of fruit—and are a mild and gentle laxative—and the only permanent cure for Constipation, Torpid Liver, Sick Headaches, Bad Stomach and Kidney Troubles. All druggists have them. 50 cents a box.

NOW IN SESSION COUNTY COUNCIL MEETING WAS DELAYED

An Account of Conservative Convention—Business Begun Wednesday Morning—Question of Enforcing Repairs On Toll Roads.

The Frontenac council was called for Tuesday afternoon, but on account of the county conservative association convention in the Court House, it did not transact any business, as the majority of the members were in attendance at the convention. It met formally at two and four o'clock, and finally adjourned till Wednesday morning at ten o'clock. Those present were: Warden Stoenes and Councilors Gray, Wilkins, Tapping, John Cox, Pringle, Spoor, Pillar, Sproule, Franklin and Joshua Cox.

At the Wednesday morning session these communications were read: John Hetherington, Sharlot Lake, notifying council of dangerous condition of floating bridge. From Charles township clerk of Kingston, forwarding resolution regarding Marsh bridge on Front Road, Pittsburg, which the county is responsible for a share in maintenance.

From J. Campbell, inspector of toll roads, stating that the provincial right of enforcing repairs has been disputed and is now before the courts, and that no inspection of toll roads will be made, under the act, until the authority of the inspector to authorize repairs has been determined by the courts.

From James McGrath offering to rebuild the pier of Whitson Creek bridge if they fall within three years. From William Moore, secretary of the Canadian Association for the Prevention of Consumption and other forms of tuberculosis, stating that in Frontenac there are about 230 persons suffering from consumption, of whom about forty-six die every year, and asking the council to join in a petition to the legislature for the erection of a sanatorium in the province.

From a large number of county ratepayers asking that the inspector of toll roads make an inspection in Frontenac as the toll roads are in many places dangerous. From the clerk of Kennebec township, stating that that council refused to repair or care for the floating bridge over Cross Lake, as it is 420 feet in length.

From R. Meek, secretary of House of Industry Board, asking for a larger county grant. From the General Hospital secretary asking for renewal of grant, and larger if possible, as the institution had a large deficit to face. During the past year poor county patients had cost the General Hospital \$2,649.00.

The communications were referred to committees for consideration. Regarding Lohoroug bridge, J. L. Whiting, K.C., wrote that in his opinion the county council should either let the bridge alone or take possession of it and keep it in proper repair. The bridge is a private property, and as a matter of law, Mr. Whiting said no municipality has the right to assume and take care of it. If it is thought necessary in the public interest to assume the abandoned piece of road and bridge, the county council should either upon the county council, and not any township council.

This resolution, moved by Warden Stoenes and Councillor Franklin, was passed. That which the government has made it compulsory for every town to assume all bridges over 300 feet, and to maintain them; and as different municipalities have four or five such bridges, leaving a great burden of tax on them, the council humbly pray that the Ontario legislature grant fifty per cent of the cost of building and maintaining such bridges to the county council should either be forwarded by the clerk to the county in the province for their consideration.

The council decided not to hold sessions on Thanksgiving Day, but to make visits to the charitable institutions receiving county grants. Warden Stoenes invited the councillors to attend Sydenham Street Methodist church, Thursday morning in a body, and Councillor Spoor, who will act as choir, will be in the choir for himself and other of the council members. Adjournment was made till two o'clock in the afternoon to allow the committees to meet.

MATCH TO-MORROW

Between Limestone and Queen's Senior Rugby Teams. Lovers of football in the city have been bemoaning the fact that no holiday game of importance was to be played to-morrow afternoon. Great satisfaction was expressed this morning when it was learned that a game for the city championship has been arranged to take place at the Athletic grounds between the Limestones, junior O.R.F.U. champions, and Queen's senior, prospective champions of the I.C.R.U. This game will prove of intense interest to the followers of both teams and a large turn-out of spectators is anticipated.

The game will be played under the Intercollegiate rules, which will necessitate the addition of some scrimmage players to the Limestone team. Rev. Scrimmage trio and they should make a good showing. "Chauncey" Elliott has been chosen as referee, and this will guarantee a good clean game. The contest should be fast and brilliant with good combination play on both back divisions.

The teams will line up as follows: Limestones—Full-back, Laird; half-backs, Pettis, Lapan; quarter-backs, Rogers, vinnor, O'Brien, Crozier, Birch, Davies, Melver, Clarke. Queen's—Full back, Macdonnell; half-backs, Richardson, Williams, Walker; quarter-backs, Gillingham, Gillespie, Donovan, Thomson; wings, Kennedy, Patterson, Dobbs, Cameron, Baillie, Britton.

The respondents are Toronto and the appellant is a Buffalo bullet-shop. The appellants said they thought the transaction bona fide and claim there was no equivalent given for the note. Court of appeal held he knew the nature of the business.

A. COLQUHOUN DEAD. Ex-Mayor of Hamilton Passed Away This Morning. Special to the Whig. Hamilton, Nov. 16.—A. Colquhoun, one of Hamilton's best known and respected citizens, who had been at the city hospital for a growth on his neck, died at an early hour this morning. He had been ill for months, and had been operated on in September, leaving the institution greatly improved, but his trouble soon returned and he found it necessary to go back.

Mr. Colquhoun was at one time manager of the Bank of Hamilton, and since then had devoted his time to his farm on the mountain. In 1895 he was elected mayor of Hamilton and served two years. He had been an alderman several years before that. In the provincial elections of 1898, he was elected for West Hamilton and served one term. He was sixty years old and survived by a widow, three sons, and seven daughters.

He was taken to the Hotel Dieu, where his injuries were attended to.

KINGSTON NURSE DEAD. Miss Georgina Asseltine Succumbed To Typhoid Fever. The sad intelligence reached the city this morning from New York, of the death of Miss Georgina Asseltine, in that city. The deceased was a daughter of Mr. and Mrs. Benjamin Asseltine, corner of Division and Garrett streets, and the telegram announcing her death was to them a terrible blow as they had no knowledge of the serious nature of her illness. The late Miss Asseltine was a successful trained nurse. She left Kingston about eight years ago, and after graduating from the hospital at Lynn, Mass., she took a post graduate course in the Manhattan and the General Memorial hospitals, New York.

For some time before her decease she had been engaged in nursing a typhoid patient, and after the latter had entirely recovered from the disease, she herself was stricken down with the same malady. The fever was at first of a mild form and no fears of her ultimate recovery were entertained, but the disease developed into a more virulent type and caused her death. The remains will probably be brought to Kingston for interment.

BRITISH COLONEL HURT

In a Hot Battle With Nine Lions. London, Nov. 16.—Col. Colin Harding, who is in command of the Barotseland native police, has had a narrow escape from death. While travelling by mule cart from Mumbwa to Kalomo he found nine lions across the track. He picked up his rifle and wounded two, one of which he was following for a second shot when a lioness sprang upon him and knocked him over. Luckily he retained his rifle, and the brute fled as he fired. He had, however, sustained a broken collarbone and his thigh was gashed. One of the lions was found dead.

Thanksgiving Proclamation!

Let All Women be Thankful.

WHEREAS, sick, tired and run-down women have long been in need of a remedy for their peculiar needs. AND WHEREAS, the placing on the market of Dr. Hugo's Health Tablets for Women has filled this need, for the following among other reasons:

- 1. They are the prescription of Dr. Hugo, of Paris, one of the world's greatest specialists in diseases of women.
2. They are compounded to meet the needs of sick, tired and run-down women, and of them alone. They are not for men.
3. They contain every known medicinal ingredient of any virtue to women. They include special uterine tonics, which are not contained in remedies sold for both men and women.
4. They contain ingredients just recently discovered, proved by scientists to be of the greatest value to women and not contained in any other remedy.
5. Unlike the liquid preparations, they contain no alcohol, opium, cocaine or other harmful drugs.
6. They are not a mere stimulant. They make a permanent and lasting cure of the ills of women, and no other home medicine in the world acts so quickly.

THEREFORE, in view of the foregoing and the testimony of so many women to whom they have brought health, vigor and happiness, we must positively declare, that no greater cause for thankfulness among the female sex has arisen during the past two years than the placing within the reach of sick, tired and run-down women of the remedy of this great and good physician, which hitherto was only available for the physicians of Europe but is now bringing health and happiness alike to rich and poor, including many who were on the verge of despair.

FURTHERMORE, we entreat every woman in this our Dominion, who is in a run-down condition and feels tired, nervous and irritable or complains of any ailment peculiar to her sex, such as headache, constipation, indigestion, bearing-down pains and coldness of the feet are symptoms. In fact, every woman who does not feel as well as she would like to, not to delay one moment in taking Dr. Hugo's remedy. To all such women we make this positive declaration, that no matter what ails you, if you take only one ingredient of our Tablets, help you, for there is not one ingredient lacking which is of any value to women.

BELIEVE US and the thousands of women who have helped when we positively and conscientiously declare that Dr. Hugo's Health Tablets for Women are not like the commonplace remedies, but are absolutely better than the old time remedies on the market. With this knowledge we declare most positively, that no matter how much good other remedies may have done you, Dr. Hugo's remedy will do you more. No matter if other remedies have done you no good at all, we still persist that these Tablets will immediately start you on the road to health, and in the end make you a healthy woman.

No other remedy contains so great health-giving properties in a single tablet. No other manufacturer gives so many pills or tablets for the same money. The usual number sold for \$5.00 is 48. There are 72 Health Tablets in every box, enough for an extended treatment. They can be obtained at dealers or by mail from B. N. Robinson & Co., Coaticook, Que.

You need buoyancy and health that comes from taking these Tablets more than you need the 50c. The risk is small, the results are great. Just try them and again you will gratefully acknowledge that there is more color in the cheeks, more plumpness in the form, more vigor of body and buoyancy of spirits and more joy in living.
