Home From A Campaign.

Arthur Duffy, the champion sprinter, has returned to Washington after a lengthy campaign on the paths of the British Isles during the past athletic season. As soon as he has recuperated, it is said, he will start for Australia to run a special 100-yard match race with Stanley Rowley, the Antipodean sprinter. Rowley, who is good for about 10.5 seconds for the 100 yards, is now in England, and will start for Kangaroo land as soon as he learns that Duffy leaves America. It is expected that an enormous crowd will go to see the race and that the prize will be valuable. After the usual with Rowley, Duffy intends to make a complete tour of Australia and New Zealand.

A Lively Contest.

The wrestling bout which is to take place this evening at Ontario hall between Sergt. Roussau of "A" Battalion, and Walter Kelley, Chicago, promises to be a hot one. Both men are practically unknown in Kingston, but the friends of both have entire confidence in their man. Kelley is a former champion of the "Kous" and is considered at the height of his strength, and learnt many

Dr. Chase's Nerve Food

Only the wealthy can afford to be ill. They alone can bear the expenses of constant attendance by doctors and high-salaried nurses. Dr. Chase's Nerve Food is well suited to the needs of a multitude of people because it overcomes weakness, first weakness of the blood and nerves, and through them the weakness of the organs of the body.

For the benefit of persons who don't know how to behave when visiting the bathroom of a hotel or a friend's house, these rules have been carefully compiled and are respectfully submitted:
Wipe the soap dry and put it in its place.
Wipe the bath tub clean.
Wipe the marble around the face of the basin.
Don't leave the mirror splashed and speckled.
Hang up the towels.

An Emergency Medicine.

A NEW BOXER

A WONDER FROM THE CHICAGO SECTION.
A Judge Who Agreed To A Fraudulent Act—A Sprinter Back From A Campaign—General Sporting Notes.

Jeffries must look to his laurels for a new boxer whom he has discovered in Chicago. The new man has weight, height, speed and science, and in a try-out in a gymnasium there made a pushing bag of Billy Stiff and practically put him out in less than two rounds. Experts who saw the performance pick the newcomer as a formidable opponent for Jeffries.

The Curlew Supples-Mike Ward bout scheduled for this month, has been called off. According to a San Francisco despatch, Battling Nelson, the hurricane fighter, from Chicago, who stopped Young Corbett a few nights ago on the Pacific Coast, and who is now matched to meet Jimmy Britt on December 20th, has consented to give Corbett a return match. Nelson says he would be only too glad to meet Corbett again, whether he wins or loses with Britt. Nelson states that in the event of his defeating Britt he will be on Corbett in two weeks' time if he can get into shape.

A Judge's Downfall.

Agents and attorneys for the American Trotting Association, who have been investigating the contested world's record of 1:59.2, credited to Crescent, at Wichita, Kan., on October 19th, 1903, are authorized by the statement that a sensational affidavit has been forwarded to Secretary Knight, and will be presented at the meeting of the board of appeals of the association, which meets in Chicago next Tuesday. A. C. Jordan, who was starting judge on the occasion, is alleged to have made oath that there was an understanding between himself and George H. Ketchum, owner of Crescent, that the horse should be given a mark under each official of the association where the trial was held, as well as Mr. Stearns, the "official timer," disclaim any knowledge of the facts set forth in Jordan's affidavit.

PAYS HONOR TO POET.

He Is Still Full of Energy and Vigor.
Special to the Whig.—The seventy-second birthday of Bjornstjerne Bjornson, the Norwegian poet, dramatist and novelist, was widely celebrated throughout the country, to-day. The city was decorated with flags, and a congratulatory address from the people of Denmark was sent to Italy, where the famous poet is spending the winter.

A Safe Efficacious Cure.

In the effort to find something that would cure rheumatic affections, harsh and harmful remedies have often been used. This is totally unnecessary, as has been proved by the results from Dr. Hall's Rheumatic Cure, which is a safe and harmless remedy. It cures because it does precisely what is required to cure in the most natural way. It assists the kidneys and liver to perform their functions properly. It neutralizes the poisonous elements in the blood and expels them from the system. Years of success has proved its merits. This is the preparation that cured Almond Joslin, Wolfe Island, and hundreds of others, in bottles, 50c., at Wade's drug store.

We believe purchasers of Sept. wheat below 80c. will show the best profit before the option expires. With existing conditions wheat is not likely to fall below 80c. until 1904, and should, in average of three cent margins for Sept. 8 for July.

The farmer cannot increase the market price of his butter, says Honard's Dairyman, "but he can increase the productiveness of his cows, and decrease the cost of production by making a little effort to know better and do better." It is possible, says the Dairyman, to decrease cost of production; it is also possible to increase the price. There is a difference of four to nearly ten cents per pound between the best and worst of the "fat" milk. The difference is all in the quality.
