A CARELESS MAN

It is likely in all sorts of things that he is careless. For instance, if a man lets off ordering his winter coat until the last moment, he is apt to get a shabby and forgotten all about the lessons of last year's bad orders.

Now, that's all wrong. For you know that you can get honest well-made, but not shabby coats here—and have it delivered promptly.

THE DAILY WHIG

"Offer per Orben Dicor." BUYING UP THE LINES. The information which William Smith, of the post office department, gives to the readers of the Canadian Magazine, and about the telegraph business, is very much appreciated at the present time.

Mr. Smith, who is familiar with his subject, notes the effect of the lower rates abroad. When the government required the property in Belgium the telegraph rates were reduced by one-third. The business rose by four-fifths.

Mr. Russell says he undertook to find a better thing for Mr. Blair, because he understood that Mr. Blair was dissatisfied with what he had, and Russell says he will redeem his work. But there is no office which Mr. Blair fits so well as the one he has left, and the way being open to him he had better take it again.

EDITORIAL VIEWS

Mr. Ross is doing some straight talk on the temperance question, and it appears to be necessary. The local election will be short and sweet. It will be over, says Mr. Smith, formerly the liberal organizer, by February 1st.

The Abbey Effervescent Salts have got considerable advertising in connection with the Blair-Russell incident. How much is the "ad." worth—to the salts' company?

According to Mr. Russell the ex-chairman of the railway commission did as he was told—an innocent in the hands of a hypnotist. Mr. Blair is not, then, the strong man he is said to be.

J. Lockie Wilson denies, as the Globe alleges, that he sought a government office. But he says he was promised one by the premier in 1896. Some one's veracity is in doubt. Who is it?

The ballot box scandal is said to have had its origin in Toronto. Mr. Vance telegraphed and telephoned to Mr. Shibley. Is that all the connection? Mr. Vance was in Belleville, at the trial. Why was he not called?

The ex-chief of police in Montreal says he had undertaken to license boarding houses after the manner of Paris, and only pulled them occasionally for effect. And he did this with the concurrence of the aldermen! What do you think of that?

Martineau, the Ottawa forger, getting away with about \$75,000 of the government's money, is said to be ill in the penitentiary, and eager for release. Meanwhile the government is trying to discover what he did with the bulk of stolen money.

On dit that W. F. Maclean, M.P., offered to resign his seat in order that R. L. Borden might find access to the commons. That is hardly possible. The brains of the party cannot be allowed to go because some one else does not see the wisdom of rising up so that Mr. Borden may sit down.

Events have invited David Russell to see it for himself. It makes statements that he cannot ignore, and in doing so adds: "Mr. Russell knows very well that any honest jury in Canada would pitch him out of the court, and just where he would land no one can at this moment tell, though the days are not many when the question will be answered."

So it Appears. Mr. Borden's health is now fully restored. And naturally he recuperates more quickly than people who have read the Mail from the time it started.

Mild in Toronto. Judged by the advertisements, Christmas is almost here, but if we look the weather—as our guide, we should be preparing to celebrate Victoria Day.

Having Their Way. A triumphant relation of the theory that oil and water won't mix is the fact that John D. Rockefeller is a Baptist.

ROBBED JUDGE AND JURY

Daring Coup of Thieves at Trial in Austria. Vienna, Dec. 12.—The judge, counsel and several of the jurors who were bearing a case in the courts at Arad recently were the victims of an impudent robbery.

Towards the close of a murder trial the electric lights went out, and considerable confusion prevailed while other lights were brought into court. As the case was about to be proceeded with a jurymen declared that he had lost his watch and pocket-book. His neighbor found that his pockets had also been rifled, and others, including counsel and the judge himself, began to report losses.

These are but a few of the signs of indigestion. Some others are: Wind in the stomach or bowels; constipation or diarrhoea; pale complexion; spots before the eyes; dizziness; loss of flesh; irritability; sleeplessness; nervousness. All these symptoms will plague and torment you, and will never permanently leave you, once you suffer from them, only are sure, in time, to get worse, if not treated by the best known scientific method of cure—Stuart's Dyspepsia Tablets.

These curative tablets are composed of ingredients which modern knowledge of the true inward processes of digestion approve of, as forming the best, safest, surer and most scientific combination of medicinal drugs, that can be used to relieve all the conditions of ill-health brought on by this much-dreaded disorder.

A disease so "protean" or changeable in its manifestations, assuming so many forms, characterized by so many different symptoms that, more times than not, it is mistaken for some other disease altogether, and the poor patient may die, or at best allow the seeds of permanent chronic sickness, to germinate and take root in his system.

So it is a real danger we ask you to avoid, when we say: In case of doubt, take Stuart's Dyspepsia Tablets. Even if disordered digestion is not the real cause of your sickness, which probably, though, it is, yet your digestion is nearly certain to be out of order, and it allowed to remain so will seriously complicate your sickness for you.

Stuart's Dyspepsia Tablets, then, will be sure to do you good, and will not interfere with any other medicine you may be taking.

They will help to make your food make you strong, and thus, if in no other way, help you back to health by helping your system to throw off disease like a healthy duck shaken water off its back.

SHAKE OFF YOUR SICKNESS WITH STUART'S DYSPEPSIA TABLETS.

SPRIT OF THE PRESS. Didn't They? Toronto Work. David and Jonathan did not make a pretence of the affection that knits the hearts of David and Blair.

Question, Question! Montreal Herald. Has it come to this that Ontario will have to build its ballot boxes with water-tight compartments?

Two Awful Examples. Hamilton Times. A London man has been sentenced to two years in the penitentiary, for sending in a false alarm. Mr. Whitney is to get four years more in the opposition for a similar offence.

For some time there has been talk of an up-to-date hotel being built in Renfrew. It is about to become an accomplished fact. Four wealthy Renfrewites are putting their heads together, and have agreed to be parties to launching the same.

There is no such thing as an idle room. It is always industrious.

Said "Good-bye" To His Family

Dying of Weakness—Given up by Doctors as an Incurable and Hopeless Wreck.

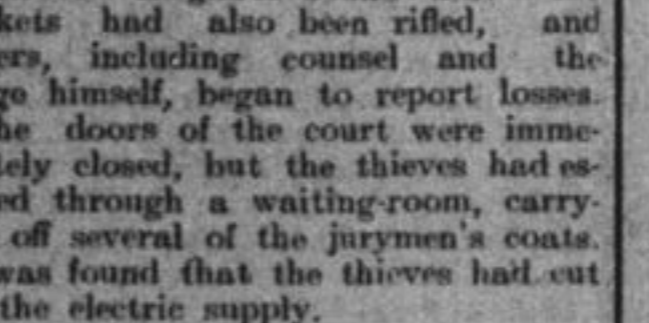

After reading the following letter from H. A. Thurston, of 225 Vermont Street, East, Indianapolis, Ind., no one will ever doubt the merit of Ferronone:

"A year ago I took the grippe. I was as weak as a child. I was no longer able to eat. My blood was thin. My cheeks were white and hollow. Doctors gave me all kinds of medicine, but none of them brought me strength. My friends said I was wasting away with some slow disease, and I bid them good-bye. Then I heard of the wonderful Ferronone. After three days it gave me an appetite. I gained strength and became cheerful. Under Ferronone I improved steadily. I am well to-day. I weigh fifteen pounds heavier than ever before, and feel like a new man."

(Signed) "H. A. Thurston." The secret of growing strong is solved by Ferronone. It supplies actual nourishment. It braces you up, quick supplies new energy, brings back the snap and fire of youth. Ferronone, 50c. per box, or six for \$2.50, at all dealers in medicine, or Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.
