### FORCED TO SHUT DOWN.

High Freight Rates Prevent Competition.

Peterboro, Ont., Dec. 12.—The big mills of the American Cereal Company, employing 500 hands in the manufacture of Quaker Oats, are idle. The reason is that the recent advance in Canadian freight rates prevents them from logging their products down at the seaboard on the same basis as when manufactured at their mills in the United States. The company's products are largely exported to foreign countries and freight rates are a material consideration in connection with the cost of delivery and competition. The shutting down of the big mills and elevator is a serious setback to the town and the large number of hands employed.

## A SENSATION CAUSED BY MADAME BRAZIER IN POLICE COURT.

Victimized by Chairman of Police Committee, She Turns and Makes Startling Charges of Having Supported the Man For Some Time.

Special to the Whig. Montreal, Dec. 12.—During the progress of the judicial investigation, this morning, before Judge Tache, a sensation was created by the evidence of Madame Brazier, one of the women who has been concerned with the charges against the police, in connection with their relations to houses of ill-fame.

Last week, Alderman St. Denis, chairman of the police committee, stated that a woman of that kind could not be believed under oath. Today Madame Brazier had her innings, when she somewhat dramatically told the judge that St. Denis was a man who had been supported by her for some time, was fed from her table, and drank wine with her guests.

## WALKED ON HIS HEAD.

Curious Sight Which Berliners Beheld.

Berlin, Dec. 12.—Crowds of people who thronged the busy crossing where the Friedrichstrasse and Unter den Linden intersect to witness a curious sensation. A young, slender built fellow was noticed to take off his hat, look round in all directions, and then suddenly to stand on his head in the middle of the street, not using his hands to balance him. Having poised in this position for a few moments he began to hop on his head, to the intense astonishment of the rapidly gathering crowd. He continued hopping, and but for the extraordinary muscular force and training he displayed he would have been voted a madman. A policeman soon appeared and politely asked the gentleman to reverse his position, for, although no law existed forbidding this method of progress through the streets, it was calculated to interfere with traffic.

The gentleman reversed, and told the "Schutzmann" that his name was Baptist, that he was engaged at the Winter Garden Variety theatre to walk on his head, and that several people refused to believe his performance a genuine one, thinking rather that he was assisted by some wire mechanism on the stage. Baptist, therefore, determined to walk from the corner of Unter den Linden to the Winter Garden—on his head, of course—and would have carried out his plan had not the guardian of the law intervened. He was invited to come to the police station, but was liberated, the officer in charge warning him not to repeat his singular experiment.

## QUEEN'S HOCKEY TEAMS.

Had Good Practice—The Alma Mater Meeting.

Queen's hockey teams had another good practice at noon today, several new players being out. Bill Richardson and Eric Sutherland, did not practice. Among the players were Walsh, Williams, Macdonnell, Bruce Sutherland, Carpenter, Benson, McKenzie, Harold Clarke and Tothill.

At the Alma Mater Society meeting on Saturday night, President-elect Wilson and the other newly-elected officers were installed in office. A committee was appointed to consider the advisability of building a gymnasium for the students' use, and the committee were invited to report in January. It was decided to hold a mock parliament at a January meeting of the society, and a committee was appointed to make arrangements.

The final years in arts, medicine and science, will hold an "At Home" on January 13th. The college senate have granted the students' permission to use Great Hall for the occasion, and the committee expect to make the "05 "At Home" one long to be remembered.

### DEFENCE OF THE EMPIRE.

Emphasized Necessity of Closer Imperial Unity.

London, Dec. 12.—Replying to an industrial deputation headed by Sir Sir Michael Hicks-Beach, who represented the necessity for the co-operating of all parts of the empire in the maintenance of the navy, Premier Balfour gave the heartiest approval of the objects of the deputation and emphasized the responsibility of the colonies to aid the motherland in carrying out the common duties of the empire.

The Premier dwelt upon the enormous difficulties faced by the proposed colonial conference in the formulation of proposals for the common wealth, but emphasized the necessity of the empire drawing more closely together, saying:

"The unhappy change which has occurred in the distribution of armaments throughout the world shows no sign of being less menacing to the safety of the British empire in the future. The tendencies are calling for greater watchfulness and, I am afraid I must add, far greater efforts than has ever been the case in the past."

## WILL HAVE ELEVATOR.

With Capacity of 500,000 Bushels of Grain.

Special to the Whig. Courtright, Ont., Dec. 12.—The Canadian steamer Wacouah and Arabian have arrived with the first cargo of a 1,000 barrel flour shipment, and the J. H. Plummer is expected, shortly, with another shipment. The flour will be shipped over the Pere Marquette railway. This is taken to indicate that Pere Marquette is succeeding in diverting some of the great traffic of the lakes to the road. Courtright is expecting the erection of an elevator, with a capacity of 500,000 bushels of grain before long.

## ATTEMPT MADE TO ASSASSINATE THE CHIEF OF POLICE.

Special to the Whig. St. Petersburg, Dec. 12.—An attempt to assassinate Col. Kiskowski, chief of police of Odessa, was made today. The chief was walking through Prosharsk street when he was struck a heavy blow on the back of the head with an iron knobbed stick. He was taken to hospital, and is now there in a dangerous condition. His assailants escaped.

## BASKETBALL AT Y.M.C.A.

The second of the Queen's inter-year matches was played Saturday afternoon in the gymnasium of the city Y.M.C.A. between teams representing '08 and '07, and resulted in a victory for '06 by a score of 24 to 13.

The play, however, was more even than the score indicates, and had '07 been able to shoot more accurately perhaps a different story might be told. McAvden did most of the scoring for the victors, with Sully a close second. The game was a hot one and abounded in hard body checking and holding. The line up was as follows:

'06—Sully, McAvden, forwards; R. D. Smith, center; Ramsay, Kidd, defence.

'07—Sands, Smith, forwards; Aiken, centre; King, Burns, defence.

'08—Reeves, J. W. Waples, centre; H. Dunlop, scorer; A. Rintoul, timer; J. S. Lennox.

The city teams are practising hard for the opening game in January.

### Action Entered.

Special to the Whig. Detroit, Mich., Dec. 12.—The Canadian Pacific railway has filed a libel in the United States district court against the schooner William N. Rounds, of \$1,000, claiming the vessel did this much damage to its car ferry on the collision on the Detroit river on December 1st. The libelant also petitions for the sale of the Rounds' pendent elite.

Harry Lindley and his big stock company will present "East Lynn," at the Grand Opera House on Thursday next. Between the acts there will be the latest illustrated songs, and Sheppard's moving picture show, producing the great train robbery, and all the latest moving pictures.

### Will Have Long Rest.

It will be several months before Edgar A. Smith, fireman of the Bell Telephone company, who fell from a tree last week, is able to be around again. The breaking of a small bone in the ankle and the injury to his hip will require a long time to heal.

### Pleased With Him.

Special to the Whig. London, Dec. 12.—Hon. R. W. Scott, who represented the premier at the swearing in of Earl Grey, returned home at noon. He is greatly pleased with the new governor, who has been criticized as a man of fine common sense and manly bearing.

### A Veteran Commoner Dead.

Special to the Whig. London, Dec. 12.—Spence Carrington, the oldest member of the House of Commons, is dead. He represented the Lower Hamlets, in the conservative interests, for nearly twenty years. He was born in 1818.

## PROTESTS RIFE MANITOBA POLITICIANS GET PROTESTING FEVER.

Islander Horribly Mangled—Threw Himself Under The Wheels of a Car, in The Yards at Winnipeg.

Special to the Whig. Winnipeg, Dec. 12.—The conservatives have filed protests against the liberal members of the commons elect for Winnipeg, Selkirk, Provencher, Portage La Prairie and Lisgar seats. It is understood that the liberals will protest all Manitoba conservative seats.

Johannas Halvorsen, an Islander, twenty-five years old, was mangled in the C.P.R. yards yesterday, in a horrible manner, and under circumstances which indicate suicide. A breaking in occurred in switching cars, was horrified to see Halvorsen rush right under one of the cars. The wheels passed over him, almost completely severing the body. No reason can be assigned by Halvorsen's friends for the man's apparently rash action.

## DARING BURGLARIES.

Were Committed in Upper Part of City.

Two daring burglaries were perpetrated in the northwestern section of the city, Sunday night, between the hours of seven and midnight. T. R. Carnovsky's store at the corner of Princess and Victoria street, was the first place visited by the crooks, who broke into the store while the family were at church, and got away with about five dollars in cash, which they found in the till. The thieves gained admission to the store by breaking in a side window, and after securing the money made their escape without being seen or heard.

The next place visited was the grocery store kept by R. Edwards at the corner of Alfred and Princess street. At about twelve o'clock a man named Horace Staley, who lives on Princess street, next to the store, heard a noise at the side door of the store, and going out to investigate, evidently frightened the thieves away before they had finished their work. The Alfred street door of the store was badly broken and had evidently been pushed in by main force. A small quantity of groceries was missed by the proprietor this morning, but the cash drawer had not been broken open. The cellar window was also broken open, but the cellar was not entered. The police believe that both robberies were perpetrated by the same person, and hope to secure the guilty parties.

## HER DEBTS AND ASSETS.

The Woman Has Very Few Visible Assets.

Cleveland, O., Dec. 12.—Mrs. Cassie L. Chadwick, whose financial operations are the sensation of the day, and is now there in a dangerous condition. His assailants escaped.

### Asked To Testify.

So far bail has not been secured for the release of Mrs. Chadwick from prison nor has Mrs. Chadwick given notice of any intention to waive examination in this city to go to Cleveland for hearing.

### An Outside Opinion.

Brookville Recorder. Kingston liberals have nominated their present member, E. J. B. Pense, as their candidate for the legislature. Mr. Pense is one of the strong men at the back of Premier Ross and his return by a large majority is assured. Kingston never had a better representative than Mr. Pense and the city does well to keep him in the job.
