Y.M.C.A. to members and friends of the association in the city, and the large number of people present, both in the afternoon and evening, speaks well for the far-reaching influence of this worthy institution. In the afternoon a gymnasium pro-

gramme was given under direction of Physical Instructor Beall, and was taken part in by several members of the gymnasium classes who demonstrated their proficiency in many gymnastic feats. Among the features were, class apparatus work on parallel bars, side parallel work on bouncing boards, and a new drill known as the bar-bell drill, which was much ad mired. A competition between a cityteam and a students' team in two new games known as "skinning the snake" and a "medicine ball hustle," resulted in the two teams coming off with equal honors, the students winning the first event, and the city men proving their superiority in the latter. A basket ball game between two picked teams captained by T. Mercer and A. Smith, resulted in a victory

ably filled by an appreciative audience The different rooms were artistically decorated with ever-green mottoes worked in different designs with good display of flags and bunting.
