THE CHURCHES.

Methodist Educational Sermons. Preached in Sydenham And Queen Street Churches by Rev. Dr. Potts And Rev. F. G. Lett, Ottawa.

Public office is a public trust. We must have at Toronto a man who not only believes this, but lives up to the belief.

Let there be no vain regrets in the liberal ranks after election day. Only a few days remain before the fight is over. Lead all your energies.

Workingmen, Mr. Pense has for years been a large employer of labor. He understands your needs better than one who has never been an employer.

Don't bother about tory prophecies of victory. Borden was to be a winner, but you all know what happened. Never mind about the rest of the province, make Kingston safe.

There are many dollars ready to be won by the capital city which is elected, but the conservatives who are in place, admitting that they have no hope whatever of McIntyre winning.

Workingmen, do you want a mere legal debater as your representative in the legislature, or a man who can both speak and do things for you and your city? If the latter, then vote for Mr. Pense.

Rev. Dr. (Chown), of Toronto, a strong conservative, but now more interested in moral reform, writes to the Toronto Globe that a change of government would not be a cure for the election corruption.

Occasionally we hear tory papers prattling about catched and fraudulent ballots at Ontario elections. There has never been a single case discovered in which such a crime has been committed under liberal rule.

Honestly, economy and efficiency is the trumped of good government, and no man, whether he be liberal or conservative, can refute the statement that the liberal government has these three essentials in its make-up.

Our friend, Hal McGivern, Ottawa, writes that the capital city will elect two liberals. The grant of \$10,000 to Ottawa University, in its entirety, by the Ross government is warmly appreciated by the people of that place.

The liberals are rejoicing that Mr. Whitney is coming to Kingston, it is the final and surest sign of a liberal victory on Wednesday. The opposition leader speaks here before the election of 1902, and the people well remembered the result.

The liberals will increase their representation in Eastern Ontario by the addition of Ottawa, Frontenac and Lennox, and in the west several seats will be gained. The Ross government will go back with a greatly increased majority.

Hon. George W. Ross, premier of Ontario, is an honorary graduate of Queen's University. He was a personal friend and admirer of the late Principal Grant. He is highly esteemed by Rev. Principal Gordon and Prof. Watson, vice-principal of Queen's.

Liberalism, the victory is yours if you keep up the fine work you are doing. Man the polls, the polls are at 8.30 a.m., and fight till the last minute. Do not allow the party your fathers bravely battled for under the leadership of the immortal Sir Oliver Mowat, to go down to defeat.

The Gamey trial proved that Mr. Gamey was either a liar or thief. That's the way the judges looked at it. And Mr. McIntyre, as a supporter of Mr. Gamey, is proud of this man of Manitowish. Wee to the province of Ontario, if it elects a party which is so many ballots were spoiled in Kingston.

McIntyre was the conservative candidate in 1896, when the party was in a lull. He was elected by 215 ballots cast by Kingstonians. He was spoiled. This was the year Robert Bernal gamey went out instructions how to spoil or switch ballots. How did it come that so many ballots were spoiled in Kingston?

The whole conversation on the streets to-day was the coming elections. Bets were freely offered on Mr. Pense's majority, but very few offered to cover the amounts. One bet was offered that Mr. Pense would have a majority of 200 and the sum of \$50 was offered, but no one would accept it.
