large quantity had to be taken Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a table-

spoonful of the crude sulphur. In recent years, research and periment have proven that the best sulphur for medicinal use is that obtained fram calcium (calcium Sulp hide) and sold in drug stores under the name of Stuart's Calcium Wafers. They are small chocolate-coated pellets and contain the active medicinal principle of sulphur in a highly con centrated, effective form.

Few people are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and The appointment of George Caven- health; sulphur acts directly on prompt elimination of waste material. Our grandmothers know this when they dosed us with sulphur and molasses every spring and fall, but the crudity and impurity of ordinary flowers of sulphur were often worse with the modern concentrated preparations of sulphur, of which Stuart's Calcium Wafers is undoubt Graham county jail at Clifton in edly the best and most widely used

superior to any other form. He says: "For liver, kidney and blood trou-bles, especially when resulting from constipation or malaria, I have been surprised at the results obtained from Stuart's Calcium Wafers. In patients suffering from boils and pimples and even deep-scated carbuncles, I have repeatedly seen them dry up and dis-appear in four or five days, leaving the skin clear and smooth. Although Stuart's Calcium Wafers are a proprietary article, and sold by druggists and for that reason taboood by many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles and especially in all forms of skin disease as this remedy."
