Pain Across the Kidneys For Three Years.

Suffered Great Agony. Could Not Stoop or Bend.

No disease is so quiet and stealthy in its approach as kidney disease. That is why it is so dangerous. It may become deep-seated before you realize the danger. It is therefore of great importance to recognize the early warning symptoms, because in its early stage kidney disease is easily curable. Pain or dull ache in the back is one of the first signs. So are bladder pains, bearing-down pains, smarting sensation when urinating, frequent or suppressed urination, and gravel or sediment in the urine, etc. You cannot be well if your kidneys are not performing their functions properly. In all ordinary cases of any derangement of the kidneys, a few doses of

DOAN'S KIDNEY PILLS will put the patient right; in old or chronic cases, the treatment should be persisted in.

Mr. Michael A. McNis, Woodbine, Marion Bridge, N.S., tells of his experience: "For the last three years I suffered great agony with pain across my kidneys, and was so bad that I could not stoop or bend. I consulted and had several doctors treat me, but I got none the better. On the advice of a friend I procured a box of that valuable life-giving remedy, Doan's Kidney Pills, and to my surprise and benefit I immediately became better. In my opinion Doan's Kidney Pills have no equal as a cure for any form of kidney disease.

Price 50 cents per box, or \$1.25. All dealers, or direct by mail.

Kept Home From School

With Coughs And Colds, And Parents Are Proving The Wonderful Curative Power Of Dr. Chase's Syrup of Linseed & Turpentine

When grown people neglect their ailments and allow them to develop into serious diseases, they have no one to blame but themselves. With children it is different, because they do not realize the seriousness of a neglected cold nor the means of obtaining cure, and many a child, as he grows older and finds himself a victim of pneumonia, consumption, bronchitis, asthma, or throat trouble, cannot but see that his parents were responsible for neglecting treatment when his ailment began in the form of a cold.

Today the schools have many a vacant seat on account of coughs and colds, and many children who are there, are not at all well. What treatment are these children getting? Do their parents realize the seriousness of neglecting to cure a cold? Have they proved the merits of Dr. Chase's Syrup of Linseed and Turpentine as a cure for coughs and colds, bronchitis, croup, whooping cough, and all kind of colds?

Very many have, for there is no preparation for throat and lung diseases that has anything like the sale of Dr. Chase's Syrup of Linseed and Turpentine.

Be careful when you buy to see that the portrait and signature of Dr. Chase are on the wrapper. If you send the children to the store, warn them not to accept any imitation or substitution.

The children like to take Dr. Chase's Syrup of Linseed and Turpentine, and there is no remedy so prompt and effective. 25c. a bottle; family size, three times as much, 60c.; at all dealers, or Edmondson, Bates & Co., Toronto.

Mrs. F. W. Bond, 20 Masdonald St., Barrie, Ont., says: "Having tried your medicine my faith is very high in its powers of curing cough and croup. My little girl had been subject to the croup for a long time and I found nothing to cure it until I gave Dr. Chase's Syrup of Linseed and Turpentine. I cannot speak too highly of it."

W. A. Wylie, 37 Seaton street, Toronto, states: "My little grandchild had suffered with a nasty, hacking cough for about eight weeks when we purchased a bottle of Dr. Chase's Syrup of Linseed and Turpentine. After the first dose she called it 'therapy,' and was eager for medicine time to come around. I can simply state that part of one bottle cured her and she is now well and as bright as a cricket."

Pieces is making preparation for erecting a large barn and stables.

Good For The Meadows.
Sharpton, Feb. 4.—Old residents say the winter so far is as hard as they ever saw. Farmers are not preparing much meat, especially pork, for market, owing to the high price of grain. Hay is not high, but present indications point to nearly all the fodder in this section being used for home consumption. Dairywomen are at somewhat of a standstill as to the prospects of cheese the coming season. Therefore the demand for milk cows is not very brisk. J. Rodden has the job of lighting the fire and doing the usual routine of work about the school house. W. Walker has moved to P. Moran's house. Mrs. K. Vrooman has returned after visiting her daughter, Mrs. Donaldson, North Bay. Miss Lena Hanly, with her grandmother,

parsonage, Rev. D. Jenkins united

George Hugh Ward, a prosperous young rancher of Lanark, Alberta, to Miss Annette Eaton, youngest daughter of Cyrus Eaton, Seely's Bay. The bride was given away by her cousin, Thomas Mills, Kingston. She was attended by Miss Ethel Edgerly-Ward; while William Reed, of Kingston, assisted the groom. The bride received many presents, as she is here in high season. Only the nearest friends of the bride and groom were present at the reception, held at the home of the groom. Mr. and Mrs. Ward will start to their home in the west in two weeks.

Budget From Elgin.

Elgin, Feb. 6.—The funeral of the late Henry Smith was held to the Methodist church on Tuesday, when a large concourse of friends and neighbors met to show the last tribute of respect to the departed. The pallbearers were six nephews. He leaves two brothers, Robert and Charles, and three sisters, Mrs. D. P. Moore, Mrs. J. Sherwood and Mrs. Wellington Kerr, Elgin. The deceased was sixty-six years of age and unmarried. Dr. Sherman, the celebrated faith curist of Winnipeg, called on relatives here this week and left for his western home this morning. The roads are in bad condition, with deep pitch holes very close together, and makes one long for spring and bare ground. This community was shocked to hear of the death at Winchester of Mrs. Sufel (formerly Miss Ella Sexton), youngest daughter of Zeph. Sexton, of this village. The remains were brought home Saturday evening and the funeral on Sunday was largely attended by sorrowing friends and sympathizing neighbors. As her mother is gaining slowly. There is a great amount of sickness and Dr. Cason and McGhie are kept bustling night and day. Measles are very prevalent; also whooping cough. With their year's supply of wood up and the elections over, the farmers are beginning to breathe more freely and hope for a quiet spell before sugar-making.

Won A Set Of Harness.

Wolfe Island, Feb. 3.—The Wolfe Island cheese factory held its annual meeting of the directors last Monday night at the residence of D. H. Hinkley. The business of the past year was taken up, and everything was found satisfactory. Their former maker, H. C. Hogan had met with the best of success in the past year, and he was re-engaged for the coming season. There was a van load from here attended the Garden Island ball on the 25th. Thomas Rodgers' many friends are pleased to hear that he is recovering from a severe attack of pneumonia. Miss Nettie Davis has left to visit her sister, Mrs. S. Staley, Cleveland, N.Y. Quite a number here attended the Cape Vincent C.M.B.A. ball on the 31st, where there was a hundred and twenty-eight couple. They reported an excellent time. Messrs. Weber and Briedhard brought through here to-day one hundred and fifty head of cattle that they had bought in back townships for shipping to the American markets. The sailors' ball that took place here last Wednesday night, was one of the greatest events of the season so far. It was well attended, and the dancing was very enjoyable. The committee here extended our sympathy to Mrs. Philip Ryan and John Lavender, whose great loss, the death of their father, whose funeral took place last Thursday morning at Howe Island. He was one of the island's highly respected farmers. Mrs. H. D. Hinkley has just returned from the American side, where she has spent a week visiting her daughter, Miss Allie Lovell, in Watertown, N.Y., in home on a visit. E. Weaver will shortly move to Rosier, where he will take charge of a farm. Leopold Spoor, who had the battery on a case of single harness, held the drawing on Wednesday evening. James Bell was the lucky man.

Startling But True.

People the world over were horrified on learning of the burning of a Chamberlain's Cough Remedy, in which nearly six hundred people lost their lives, yet more than five times this number or over 3,000 people died from pneumonia, in ships during the same epidemic. It is scarcely a passing notice. Every one of these cases of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy, and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia." W. D. Wilcox, Logan, New York. Sold by all druggists.

Northbrook News.

Northbrook, Feb. 6.—Peter Vanneus purchased a valuable cow from William Hoy on Thursday. Miss Edith Thompson is the guest of Mrs. Philip Peterson. The Misses Addie Preley and Martha Miller spent Saturday at Aunt Williams. Mr. and Mrs. J. H. Williams are visiting friends in Kingston. James Parks is the proud possessor of a little girl. Mrs. Thomas Button presented her husband with a fine baby boy with Miss Lizzie Abbott returned home on Saturday after spending a few days with friends at Kalar. Grant Wheeler is spending a few days with friends in Wood. Mr. John Broadhead and daughter left on Monday to visit her father, Thomas Tapping. Miss Alice Tapping spent a few weeks with her sister, Mrs. Henry Lark. Quarter service will be held at Northbrook, Sunday, at the usual hour.

Death At Vannachar.

Vannachar, Feb. 6.—Daniel Jackson made a trip to Lanark recently. Rev. Mr. Brown has returned home with a fine colt. R. W. Conner and Mr. Brown went to Fenby to hold quarterly meeting in the Free Methodist church. On Saturday morning, January 14th, after a lingering illness, Alexander Gregg, passed peacefully away. He was born fifty-one years ago. Mr. Gregg leaves to mourn a wife and ten children, the youngest being sixteen months old; also his five brothers.

CATARH CANNOT BE CURED
