Without Warning Mr. F. Tiffany is Swept Into Eternity by Kidney Disease.

Doctors Said It Had Not Been Had He Kept His Kidneys Healthy by Using Warner's Safe Cure.

In apparent perfect health, Mr. Tiffany, a well-to-do New England manufacturer of well-known goods, had been suffering for some time from a slight ailment, which he had dismissed as a cold.

Thousands of men and women are afflicted and do not realize it is their kidneys until death is near.

If there is the slightest amount of uric acid in the blood it is an absolutely certain sign that your kidneys are diseased, because it is such a duty of the kidneys to keep the blood pure.

Uric acid enters into the tissues and the diseased parts pass off in the urine. Therefore, it is very easy for uric acid to be kept in the blood, and it is this which causes the disease.

Barley—The market holds steady around recent figures. The demand, both from local and outside markets, is quite light, but shipments continue, if for no other reason than to hold the price.

Shipments from West St. John, N.B., of Portland, Me., last week amounted to 2,912 head of cattle and 1,885 sheep, against 3,444 cattle and 1,331 sheep the previous week.
