How many Dyspeptics can say that? Or perhaps you are dyspeptic and don't know it. Have you any of these symptoms? Variable appetite, a faint gnawing feeling at the pit of the stomach, unsatisfied hunger, a loathing of food, rising and souring of food, a painful load at the pit of the stomach, constipation, or are you gloomy and miserable? Then you are a dyspeptic. The cure is careful diet; avoid stimulants and narcotics, do not drink at meals, keep regular habits, and regulate the stomach and bowels with BURDOCK BLOOD BITTERS.

CARTER'S LITTLE LIVER PILLS. CURE SICK HEADACHE. ACHE. Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, colic, and other ailments. They are strictly vegetable and do not grip or purge, but by their stimulation cause all who use them. In vial at 25 cents; for \$1.00 by druggists everywhere, or sent by mail.

CALLING CARDS ENGRAVED FROM COPPER PLATE. THE HARDEST TEST. Now the New Scale Williams Piano stands it. The hardest test to which the instruments are subjected in a Ladies College. Inexperienced performers are liable to be careless and yet the high class Colleges demand the best class of musical instrument in order that their pupils may have correct musical training.

A FARMER DEAD

HE WAS HIGHLY ESTEEMED IN NAPANEE. Was Liberal in all his Ways—Mrs. Charles Lane at Rest—Married in Chicago—General Items.

Napanee, Feb. 20.—One of Napanee's most respected citizens, Marcus Johnston, died, Sunday morning, after but a few weeks' illness, aged sixty-five years. Deceased was born in the township of Ernestown in 1840, son of the late Conrad Johnston, one of the pioneers of the county. Mr. Johnston lived upon his farm near Ernestown for many years, when he removed to Napanee, with his brother-in-law, E. J. Wright. He was looked upon as one of the best farmers in the county, his premises always showing marks of much neatness and prosperity. His last appearance on the street was on January 25th, when he cast his vote for the reform candidate, M. S. Madole. In politics he was a life-long liberal, and a consistent member of the Methodist church. As a citizen he will be greatly missed for his liberality and his interest in the community. Two sisters, Mrs. R. J. Wright, with whom he has lived continuously for forty-seven years, and Mrs. J. Bell, survive. Funeral will take place in the afternoon. The remains will be placed in a family cemetery vault and later interred in the family plot at Morven.

Gen. Sir William Gustavus Nicholson, K.C.B., who has been appointed to be Governor of Gibraltar, is expected to leave for the island on Friday. Mr. Nicholson is the Afghan campaigner of 1878-9, and accompanied Lord Roberts on the famous march to Kandahar, says the London Standard. When the Afghan rebellion broke out he joined Lord Roberts' force, and was present at the battle of Tel-el-Kehir. Later he was engaged with the expedition in Burma, and then with the operations on the Indian frontier. Gen. Nicholson served on the staff in the recent South African war, being present at Paardeberg, the actions at Poplar Grove, Dreifontein, and near Johannesburg, Pretoria and Diamond Hill. He was promoted major-general for distinguished service.

SCHOOL CENTENARY.

One Hundred Years Ago, Free Schools Opened in New York. Special to the White.

New York, Feb. 20.—In all the public schools of Greater New York and also in the City College and Normal College special exercises were held, to-day, in celebration of the centenary of the department of education of New York. It is just one hundred years since the first free public school was established in the metropolis. During the eighteenth century there were only three schools in New York which were conducted by various religious organizations for the benefit of the children of their adherents. To take away the stigma attaching to "charity schools," and to provide instruction for those too poor to pay for it, a meeting of public-spirited citizens was held on February 19th, 1805, in the house of John Murray, in Pearl street. Dr. Witt Clinton was the prominent figure. They formed themselves into "The Free School Society of New York." On May 19th, 1806, the first free school under the auspices of the society was organized in an old mansion on Bunker street. It began its career with an attendance of forty pupils. To-day one of the many scores of schools in the metropolis has accommodations for 2,500 children, and girls. The expenses of the public school system during the first year of its existence totalled \$500, as compared with the present expenditure of \$22,000,000 annually. It does not include the many millions spent on the erection of new school buildings.

We Offer \$1,000

For a Disease Germ That Ligozone Can't Kill. On every bottle of Ligozone we offer \$1,000 for a disease germ that it cannot kill. We do this to assure you that Ligozone does kill germs.

On every bottle of Ligozone we offer \$1,000 for a disease germ that it cannot kill. We do this to assure you that Ligozone does kill germs. And it is the only way known to kill germs in the body without killing the tissues, so any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that Ligozone is worth to humanity; a worth so great that, after testing the product for two years, through physicians and hospitals, we paid \$100,000 for the American rights, and we have spent over one million dollars, in one year, to buy the first bottle and give it free to each sick one who would try it.
