FOR LIGHT AND POWER TO BE GIVEN

Council-Question of Power Supply to Street Railway-Immediate Action Necessary. he light committee had an important session yesterday afternoon, After otion of Ald. Toye, to reduce the for gas and from 14c, a kilo-watt-hour osed new rates to go into effect on meeting dy 1st. The revenue of the plant is The intention is that the rates for such as to enable a reduction at an arly date, and, as the people are ately. he plant they now own, it was felt y the committee, that some action ild be taken. The committee's de cinion will be received with satisfac-

Report Of Mr. Campbell. The following report on the Mr. Campbell, the city's expert: A statement showing the revenu and expenditure of the light department, from August 1st, to December

31at, 1904 The gross revenue for five Or estimating that the next seven months will equal the last five, the total gross inome for the year will am-

The net revenue for the five onths after paying insurance, but not including in-On the same basis as above

not including interest or sinking fund would amount The interest charges lor five months amount to \$ 4,329 63 The net revenue for five months after paying interest would amount to \$ 9,017 0

the last five months would ount to \$10,302 . Providing the price of gas is reduced to \$1.50 per 1,000 ubic feet, and the price of electricity reduced from 14c. to 12c., the estimated reduction would amount to 8 8,463 05

The net revenue at the de-

reased rates not allowing for any increase in business and not allowing for interest and sinking fund would After May 1st next, the mount required to pay in sterest on the old com-

pany's bonds, amounting to \$100,000, and the interest and sinking fund on \$82,000 will amount per year to \$ 0,642 The interest on current over-draft amounts to \$ 1,500 Or total fixed charges of ... \$11,142 00 This amount will leave a et balance for the year's

peration at the reduced rates after paying interest Providing the present rates for gas and electricity are maintained until June 30th, and the price of gas is then ed to \$1,50 and electri city to 12c., the estimated net earnings of the plant for the year 1905, without taking into consideration the rofits made on new business will amount approximately

The earnings from new siness should amount to at least Or a total of Providing funds are not upplied by way of debenares for making the contemplated changes in the plant

pend during 1905, at least ... \$20,000 00 in Bible-reading, but a desire to study In making these estimates I would because we love the work. This would particularly draw your attention to be more possible if we got rid of the the fact that it will be impossible to text limitations, and read, for in operate the generators of the Street stance, the sacred writings as compil-Even with the additional engine put

in the latter part of 1904, the present plant when operating the street rail-way was working up to its full capacity, and if it is your intention to opply the Street Railway company with power then it will be necessar to make an expenditure of from \$15. 600 to \$20,000 on new engines, boilers.

Decide To Lower Rates. Ald. Toye moved that the rates be from 14c. to 10c. for electricity, to go nto effect on April 1st; also that the anirman be instructed to name an early date for the submission of the \$150,000 by-law, now in the hands of

This motion met with some opposi tion, on the ground that the electricity ty reduction was too much and that the time of going into effect should to music that has the true touch be advocated by Mr. Campbell, sentiment, you will have to go to Ald. Kent thought that before anyhing was done fuller information about the plant should be secured by the cal company will produce for the first

\$1,950, single brick, seven-room dwel- the plant could afford the reduction. ling, furnace, electric light, good Mr. Campbell replied that the reduction would bring the estimated quarterly surplus down from \$7,000 to \$1,-000, and would leave little for 1 provements. If the people failed to Headaches And Neuralgia From stensions must be paid for out of the earnings, The plant, Mr. Campbell aid, had been starved for want of

Ald, McCann thought it would be better to spend the \$20,000 surplus beore submitting the by-law for \$150,-

Ald, Toye stated that the watercorks' hy-law for \$140,000 had been er. sassed six months after the plant was | Choice whipping and table cream | taken over by the city. Ald, Givens Glover's, 'phone 47.

sem said that it would be necessar

that would accrue.

Ald. Toye claimed that no city Canada had such high light rates at Kingston, It was time for a reduction Ald. Givens favored making a reduc n, but not till July Ist, Ald, Toye hanged his resolution, making July let the date, and also making the electricity reduction from 14c, to 12c, as recommended by Mr. Campbell, It was generally agreed that there must be a reduction of the rates before the by law could be carried. Ald, Toye's designed gold watch fob, shaped like championship 10c. for electricity. This recom-relation will be made to the city tion of submitting the by-law being uncil next Monday night, the pro-left for consideration at the next

The intention is that the rates for none the less appreciated on account adian Amateur Athletic union, power will be decreased proportion of its long delay in reaching the that body objects.

Street Railway Power. Ald, McCann asked when the que tion of supplying power to the street considering the street railway prob-6th the term expires for the present

would happen after March 6th, in give hockey experts a chance to get match between science and divinity view of the fact that the company had a line on the ability of the Intercol- will probably be played this week, refused to pay the three cent rate fix-ed by the city. | legiate champions, as compared with | Willie Sprackling, of Windsor, knock-the local collegians, Brockville has a ed out Jimmy Stone, of New York, in ed by the city. In reply to a question, Mr. Campell stated that the city could carry

the street railway till the fall, but not at the present rate, as it was below cost. Under the present terms, the by a large contingent of rooters. railway should not be handled. Alds, Kent and Givens agreed that the city must do all in its power to help the railway, which must not be allowed to close down. It was in an

infortunate position. Ald, Walkem wanted the company notified that it must send representatives at once to meet the committee regarding power supply.

Ald. Kent wanted to know the figure which the city should charge, Mr. Campbell replied that he favored supplying power to the railway company at ten per cent, above cost. He would have to figure out the amount. He favored giving the company a month to month rate, as the cost of production varies at the power house, It was decided that Mr. Campbell hould prepare an estimate of the

charge and submit it to the committee at a special meeting on Friday of fernoon, Other important matters will be considered at the same time, Other Business Transacted. The claim of F. Williams for rebate

was referred to Mr. Campbell and the No action was taken on the requests of the General Hospital and Hotel colm; '06, J. Richardson; '07, D. in condition. He says he has accumulated and invested enough money to clared that at the fire of last Wednesswill be considered at another meeting. A committee consisting of Alds. donnell, G. Richardson, M. Walsh and his days. King, Angrove and Kent was appoint- M. B. Baker. ed to consider the question of dealing with guarantee companies.

The request of the School of Mining for permission for students to make fficiency tests of the light plant was granted, on condition that they keep private any information they may discussion it was decided to suspend get, and communicate the result of their work to Mr. Campbell.

Those present at the meeting were who have played on junior O.H.A. gular practice since Christmas, to-Angrove, Kent and Toye. Ald.
