### ALL NONSENSE

#### SON-IN-LAW NOT CONSIDERED FOR IT.

Mr. Dr. Beeson Will Make Ap-  
pointments Himself.—The Cab-  
net Will Consider Various  
Matters.

Reported to the Whig, Feb. 28.—Premier Whitney,  
in his interview with his cabinet  
yesterday, was told that his im-  
portant deputy commissioners were to be ap-  
pointed directly by himself. Mr. Beeson was absent.  
He said: "I know nothing about it. I still retain the right and power to  
make these appointments myself. I  
have no more regard for the ap-  
pointments made by my departmental  
ministrators, in the east, than I have  
for those made by the Western Board."

Whitney said, this morning,  
that the result of the afternoon  
would determine thoroughly matters per-  
taining to the Trans-Canada railway  
and the commission of the chairman of  
which Robert Jeffrey has received.

Others matters probably would be tak-  
en up, but this would have first place.

Commissioner Gourges and Brigadier  
Hewitt of the Salvation Army, wait-  
ed upon Premier Whitney, this morn-  
ing, and asked for a renewal of the  
grant of \$1,000 made to the army  
last year. Aid in bringing immedi-  
ately to Ontario, Mr. Whitney said,  
to the newspaper men who attended, was  
a good use of the grant, but it was too  
early yet to say whether it would be  
needed.

The disposition of the parliament  
buildings, to-day, is to treat the  
story from Winnipeg, regarding the al-  
leged agitation for the secession of  
Thunder Bay and Rainy River dis-  
trict of Ontario, and their annexation  
to Manitoba, in the nature of a joke.

Premier Whitney had nothing  
to say. Hon. Mr. Matheson, minister  
of the interior, had nothing to say.  
"I don't think Manitoba will  
get the districts. There is nothing in  
the story," Hon. Mr. Hanna said.

"There might have been some reason  
for the agitation before January 25,  
the date of the provincial elections,  
but there is none now."

PEASANT RANKS.

Sixteen Millions Tillers Under Sock-  
alist Sway.

Winnipeg, Feb. 28.—According to re-  
liable information coming from Warsaw,  
the Poland peasant revolt, based on  
the fact that the peasant number 7,-  
000,000 out of a total population of  
60,000,000, will, if it spreads, result in  
disorder far greater than anything  
that has arisen during the present  
agitation.

The peasants hitherto have not  
risen to any great extent in this  
agitation, which is confined to the  
2,000,000 of workmen in the cities and  
towns.

The socialists recently sent emigres  
into the country districts to stir  
up the villages. According to reports  
they met with speedy success.

As seventy-five per cent of the pe-  
asants are unable to read, they are  
easily led away by socialist oratory.

The revolt began at Pruzhany and  
extended, at once, to Novogorod. It first  
reached serious proportions in the dis-  
trict of Siedlce, where a majority of  
the Greek Catholics, or Uniates, reside.

Bitterly persecuted by religious persecutors,  
these quickly joined in the agitation  
and approached the landed proprie-  
tors with a demand for an increase of  
fifty per cent, in their wages.

Their demands being refused, they  
promptly struck. In many instances  
the peasant strikers resorted to vio-  
lence.

Disturbances have been reported  
from nearly fifty villages, where strik-  
ers burned government, alcohol shops,  
the authorities making no interference.

The peasants' real grievances are in  
connection with the language and  
economic questions. They smart under  
the methods of the local bureaucracy  
in making obligatory the use of the  
Russian language, which they do not  
understand.

It is stated that already 130 vil-  
lages have declared that they will not re-  
ceive official proclamations in the Rus-  
sian language.

A general revolt against the com-  
pulsory use of the Russian language is  
tailed and the situation is far from  
being resolved.

The police in three districts have de-  
manded an increase of pay, which was  
granted.

The authorities are instructing the  
military police duty in order to pre-  
vent further disturbances, and  
consequently most of the policemen  
are accompanied on their beats by  
soldiers.

MADE LOVE TO PRINCESS.

London Citizen Corresponded With  
Princess Victoria.

London, Feb. 28.—Because of love  
letters which he has written to Prince  
Victoria, daughter of King Edward,  
and to which she has responded  
during the past eight years, Frederick  
Robert Naylor has been placed in the  
mental asylum.

Naylor is a leather gilder by trade,  
whose wages are 80¢ a week. They have  
never met. Her letters were found in  
a drawer in his mother's humble  
home. On this drawer the police have  
placed a seal.

Eight years ago Naylor, enraptured  
by the beauty of the princess, wrote  
her the first of a remarkable series of  
beautiful letters, and in them woman-  
liness the princess answered.

The news of the secret correspond-  
ence leaked out just before the opera-  
tion for appendicitis which was per-  
formed on the princess a few weeks  
ago and the police immediately took  
action.

Can Be Made To Pay.

At a meeting of fire and light  
committee last fall, Mr. Campbell expres-  
sed the opinion that the street railway  
could be made to pay if it was  
brought in at its real value and well  
condemned.
