SOLUTION SUGGESTED As to Power For the Street Rail-

It is understood that at the civiinance committee meeting this after-

noon, a proposition like this will be uggested as advisable on the part of the city in regard to the street railway crisis: That power at the present rate be given the railway until Noember 1st next, on condition that hose in charge of the road allow the city's auditor to examine the books further that the city be allowed a voice in the management to the extent of having a full eversight of what is transpiring, or that the city be permitted to appoint a person to manage the road for the next six months; that a monthly statement of that if the profits of the road be greater than the profits during the same period of last year, the city I be allowed a certain percentage of those extra profits, in consideration of giving cheap power, Such an arrangement, it is considered, would be quite city Police Stations, as prompt applifair, and would make a satisfactory
