PEACE FAR OFF

Russia is Determined to Fight On. CZAR IS ANGRY TOLD HIS MINISTERS THEY COULD QUIT.

The Worst Has Not Yet Been Heard of the Disaster to the Russian Forces—A Turning Movement About Tieling is Very Much Doubted.

Special to the Whig. London, March 14.—The Times St. Petersburg correspondent writes: "The war council, to-day, decided to forthwith mobilize the Grenadier corps and two army corps. The Grenadier corps consists of three divisions, which are mostly stationed at Moscow. The new army will probably be under the command of Gen. Gripenberg."

"The question of Gen. Kurapatkin's success was not definitely decided. The full extent of the disaster at Mukden, is not yet established. Gen. Kurapatkin's despatches indicating the almost total extermination of two regiments, are apparently intended to prepare the public for the worst. Other despatches not intended for publication, induce fear in the highest circles that the army, now at Tieling, will be unable to withstand the attack which is regarded as imminent. The Japanese, according to Gen. Kurapatkin, are only a gun shot behind the Russian rear guard. The 3rd Infantry division of the 4th army corps, is expected at Tieling within a week."

"The advocates of peace are distinctly in a minority. General Gripenberg, in the French press, Russia is overwhelmed by the disaster at Mukden, but is doggedly determined to continue the war, refusing to entertain the possibility of an utter rout in the forthcoming fight at Tieling. The course, to-day, showed a further decline in the rumors of an approaching lull. The revolutionaries are preparing an anti-war demonstration for to-morrow. Officers are being constantly insulted on the streets."

The St. Petersburg correspondent of the Chronicle writes to a court purveyor, a description of the scene at the council on Saturday when the various ministers, the general staff, and Gen. Kurapatkin's despatches, angrily accused the ministers of concealing the situation from him. M. de Witte, president of the council, said it was impossible under such conditions for the ministers to remain office.

The czar replied, "You may all go when you please." The result of the council is unknown here. The English correspondents at Tokio say nothing. It is conjectured that the council is still in session, which possibly indicates that the Japanese think the pursuit is developing towards the complete capture of the Russian forces. The Russian fleet, which reached Tieling cannot be learned, but it is not supposed that more than 140,000 could have arrived there.

Another Movement. St. Petersburg, March 14.—A despatch from Novoe Vremya, from Tieling, dated March 12th, says that the Russian troops are regaining their old camp. The Japanese called 25 or 30 veterans from Tieling. There are continuous reports in the Russian camp that the Japanese are preparing another turning movement. Records of other sources received in St. Petersburg, indicate that the latter movement is dreaded and creates the belief that Gen. Kurapatkin will not stop at Tieling.

Ready to Make Peace. Washington, March 14.—The czar at his war council, to-day, was able to inform them that Japan will welcome peace on reasonable terms, and that she will promptly name her conditions, provided she receives trustworthy assurances that they will be seriously considered.

This emperor heard from friendly channels in Europe, as well as the censored terms acceptable to Japan. These, it is said, include the retention by Japan of Port Arthur, a Japanese protectorate over Korea and an indemnity.

Were Much Distressed. St. Petersburg, March 14.—The Associated Press has received from a correspondent with Gen. Rennenkampf's command descriptions of the Tainkatchen operations, the difficult retreat on Onbespensa and the stubborn defence of the positions there by this hardy vanguard of the first army.

The following account, showing the reluctance with which the demoralized remnants of the command abandoned the positions which it had maintained at enormous cost is dated "positions on the Hun river, March 10th."

The difficult nature of the country through which the detachment was retreating is shown by the fact that it took a messenger three days to reach the city. The dispatch follows: "When on the evening of March 7th, the Onbespensa detachment received from the staff of the first army the order to retire to positions on the Hun river east of Pushan, the officers at first refused to believe that the order was authentic."

"Their doubt was increased as the Japanese towards evening had begun to retrace along the whole front, and the troops reported from pushing to maintain the line to launch themselves in pursuit."

"So, really, so bitterly disappointing was the order to abandon the positions on which about two-thirds of the whole detachment had fallen, that many of the soldiers, sobbing, knelt and kissed the blood-stained earth and then gloomily and unwillingly carried out the order to retire."

"On every hand privates were asking their leaders why and getting no explanation."

"In the depth of the night lines of troops moved out of the encampments, leaving the bodies of their fellows, buried and unburied, behind and then turned the storm and provisions which were abandoned in the unexpected retreat, enormous fires illuminating the mud and rain."

"The retreat was executed in perfect order and the troops, leaving Mukden early on the morning of the 10th, to the appointed positions on the Hun river."

"Officers and men alike felt the blow keenly. 'Why, oh, why,' soldiers said, 'did they not let us die in our positions?'"

Chinese Celebrating. New Chungking, March 14.—Just as the Koreans celebrated the Japanese victory at the battle of the Yalu, so the Chinese of New Chungking are now in a spirit of great jubilation, celebrating the fall of Mukden. There is a great display of fireworks, Chinese lanterns, transparencies and banners of the guilds, and the streets are crowded with merry-makers who applaud the efforts of the still-walkers. Japanese and Chinese are parading the streets hand in hand.

A WILL CASE.

Duncan Affair Has Been Settled. MUCH MONEY WAS INVOLVED IN THE ACTION IN MONTREAL.

The Six Heirs Under a Will of 1904 Took Action to Set Aside a Later Will—The Estate Divided in a Very Satisfactory Manner.

Montreal, March 14.—A very important case involving property estimated at well over a million dollars was settled out of court this morning.

In January, 1904, Miss Eliza Duncan, of Montreal, died, leaving an estate of over a million. By a will made in 1899, she left this estate to be equally divided between six nieces and cousins, amongst whom were Mrs. F. O. Lewis, of Montreal, and Mrs. Helen McLaughlin, wife of ex-Mayor William English, of Montreal, Ont.

On the death of Miss Duncan, however, when she was well over seventy years of age, will was found made shortly before her death, by which Miss Duncan, after making certain bequests amounting to about \$100,000, left her entire residue of the estate to Mrs. F. O. Lewis of Montreal.

The previous will was still in existence, and the other relatives promptly took steps to have the latter testament set aside and the property divided as originally devised by the testatrix.

In order to discover the validity of the last will a test case was entered by Mrs. English, in the name of the six relatives against Mrs. Lewis. In their claim the plaintiffs alleged that at the time of making the last will, Miss Duncan was very old, and too feeble mentally to have the proper position of her property, and that she had been unduly influenced in favor of her niece, Mrs. Lewis.

The executor and Mrs. Lewis took steps to defend the action, and a number of well-known counsel were engaged on the case, including Messrs. Laflair, Macdonald, Macfarlane & Charles Archer, K.C., of Montreal, and G. S. Stewart, K.C., Quebec, for the defendants, while Messrs. Buchanan & White, of Montreal, and Wilson and Maurice, of Montreal, appeared for the claimants.

After the preliminary formalities of the action had been filed, however, F. W. Wilson, of Montreal, came to Montreal, yesterday, and held a conference with the other counsel in the case, which resulted in a settlement being arrived at. The terms of the arrangement are not disclosed, but it is understood that the estate has been divided up in a manner satisfactory to all parties, and the costs of a very expensive and protracted lawsuit averted.

Parents of Worthy Sons. Nat Boyd's Father and Mother Celebrate. Winnipeg, March 14.—Mr. and Mrs. Hugh Boyd, Sr., of Carberry, on Sunday, celebrated the sixtieth anniversary of their wedding. Mr. Boyd, who is eighty-four years of age, personally received his guests. Mr. Boyd, who is two years his wife's senior, shows little signs of his advanced years. Eight children are living. The sons are: Messrs. Nat Boyd, well known as M.P., Macdonald; Hugh Boyd, Stewart Boyd and W. J. Boyd, all of Winnipeg.

Green is the Color. Plan Styles to Capture Fancy of Men. London, March 14.—Should the confident predictions of tailors be realized, green will be the fashionable color for men's attire this summer—green in all shades, ranging between the aggressiveness of the emerald and the softness of the emerald green. The shops already indicate the change from the present somber black and brown, which even the smartest men affect.

Mary Manning Returns to Stage. Special to the Whig. New York, March 14.—After an absence from the stage of nearly a year, Mary Manning has returned to the footlights and will give the initial presentation of her new play, "Nancy Steele," at the Criterion theatre to-night. The play is founded on the novel of the same name, which has been dramatized by Paul M. Potter. Miss Manning's supporting company is headed by Daniel Frawley, the well-known San Francisco actor and manager.

To Call For Resignations. Toronto, March 14.—The statement is made in authoritative circles that the Ontario government will call for the resignation of all justices of the peace, for the purpose of a reorganization of the magistracy system. This will be one of the matters for Hon. J. F. Joy, as attorney general, in connection with his new reform scheme. Gross abuse of magisterial power for partisan and political purposes has prompted the action.

SLAIN FOR TYRANNIES

Lieutenant Mortally Injured by Revolutionists. St. Petersburg, March 14.—Further terrorist attempts are reported. Lieut. Kozlov of the Volga Cossacks has been mortally injured by revolutionaries in his house at Kremenchug, probably in revenge for his share in suppressing the disorders in Moscow.

M. Hoffenberg, chief of police at Minsk, was attacked by a man armed with a revolver but escaped uninjured. Revolutionary proclamations have been discovered at Cronstadt inciting sailors and dock yard workmen to refuse to fit out warships or as an alternative to damage them so as to prevent their sailing.

Burned Czar's Residence. Berlin, March 14.—A despatch from Moscow states that rebellious peasants have plundered the estates of the czar, Grand Duke Vladimir, and Nicholas and of Duke Alexander of Oldenburg in the Province of Orel and Tchernigov. The peasants burned the czar's country residence in the vicinity of Niejin. The aggregate damage done to the imperial estates at \$1,000,000.

Success Assured For the New Peat Company at Newtonville. Special to the Whig. Newtonville, Ont., March 14.—An important transaction is now being negotiated by an agent of a syndicate, who has been here for two weeks, to purchase 400 acres of peat land, adjoining the village, with a view to establishing a large peat works. The different owners, residing in Toronto, and two resident farmers in Newtonville, have been approached with offers of cash purchase, and the outlook for the sale of the whole lot is favorable. There is an inexhaustible quantity of peat favorably situated, a spur line of the G. T. R., and in the near future, an electric railway passing the property, so the success of the company is assured.

A Great Fire In Which Many Were Burned to Death. Special to the Whig. Newtonville, Ont., March 14.—At least a score of people were burned to death, several were so badly injured they may die, and forty others received slight burns, in a fire that practically destroyed a five-story house, in Allen street, early to-day. Thrilling scenes and daring leaps for life marked the fire. Scores were carried from the burning building. Flames climbed on the walls on their scaling ladder, braved the flames and reached the imperiled tenants.

Of the fatally injured several may die, as they are in a terrible condition from burns. The tenement house was occupied principally by Hebrew families.

An Appeal Taken In the Judgment Against Montreal Bank. Special to the Whig. Toronto, March 14.—The Bank of Montreal has entered an appeal in the Martineau case. It will be remembered that, by the judgment of Justice Anglin, the bank was held liable for \$70,000 to the Dominion government, this being a portion of the amount obtained by fraud by the late employee of the militia department.

Died in Boston. Special to the Whig. Morrisburg, Ont., March 14.—Word was received yesterday, from Boston announcing the sudden death of Mrs. Kennedy, widow of the late H. C. Kennedy, of this town. Mrs. Kennedy, in company with her daughter, went to Boston, to spend the winter with her son, H. A. Kennedy, at whose residence she died. The remains will be brought here for interment. Three daughters and three sons survive her.

Her Trial Has Begun. Woodstock, Ont., March 14.—The trial of Mrs. Williams on the charge of murdering her husband, last October, began this morning, the grand jury having yesterday returned a true bill in the case.
