Differences Developed at a Party

unanimous as to the best course to loan of the amount of \$50,000,000, the pursue in regard to the educational Japanese undertaking to purchase war provisions of the autonomy bills. The fact developed at a caucus of the party held this afternoon. Several members urged a tooth and nail fight against the clause, but others foresaw breakers ahead if such were determined upon, and counselled delay. The latter section of the party thought, if nothing was done, divisions would lists by which the opposition would profit. So it is likely that the opposition will lie low for the present and not show their hand until the debate

Early next week he will send the mayor his report.

PINS

Buying Time For Imported

With the mercury hanging around zero point these mornings it makes your teeth fairly chatter to think of these light summerly things.

Yet, this is the time to buy. It's the early buyer who gets the exclusive patterns and Lent is the time to make them up.

People are more sensible about it every year and fewer are caught when the first warm spell comes.
