## JAPAN'S VAN

is Already 100 Miles North  
Of Mukden.

## OYAMA PROMISES

**THE CHINESE TO BE IN KIR-  
IN, APRIL 10.**

Only Outpost Skirmishes to  
Chronicle - Gravest Concern  
Felt for Vladivostok - Pour  
Parlers, Looking to Peace, in  
Progress.

Special to the Whig. The Times' cor-  
respondent cables: "Official reports  
show that the Japanese forces have  
passed the Palisades, and are advanc-  
ing, with a wide front, on both sides  
of the river."  
The van is already 100 miles north  
of Mukden. The Russians have been  
completely driven out of all the dis-  
tricts watered by the Liou river.  
Excepting for outpost skirmishes  
there is nothing to be chronicled from  
the seat of war. Marshal Oyama is  
said to have informed the Chinese  
government, Kirin that the Japanese  
would enter the city on April 10th,  
but critics, here, doubt if the promise  
will be kept.

The Times' St. Petersburg cor-  
respondent says he has exceptionally  
good authority for stating that the  
mobilization plans for the present  
concern the Russian army, Dragoimirov  
and Grodekoff, within the last few  
days, obtained corrected reports of  
the Russian casualties and other losses,  
and are able to estimate the strength  
of the Russian position. They be-  
lieve that Gen. Lievevitich is in no im-  
mediate danger, but the gravest con-  
cern is felt for Vladivostok. The of-  
ficial reports received immediately af-  
ter the battle of Mukden were in many  
respects exaggerated, especially re-  
garding the losses of the Japanese and  
Gen. Bennenkampf's brigades, but the  
general staff is still unable to give the  
total Russian losses. The correspond-  
ent adds that peace rumors continue  
to circulate, their increasing persist-  
ence being due to a belief in the like-  
hood of the acceptance of the good  
offices of France as mediator.

Further Moves For Peace.  
St. Petersburg, March 27.—It is  
learned from a source close to the  
throne that four parties are looking  
to begin negotiations in progress,  
though possibly only of a preliminary  
character, and that Copenhagen may  
be the scene of the first exchange be-  
tween representatives of the two pow-  
ers. In this connection importance is  
attached to the visit of M. D. Isvolski,  
Russian minister at Copenhagen, and  
Baron Rosen, former Russian min-  
ister to Japan, to M. Bompart, the  
French ambassador to Russia, on  
Tuesday.

**What Japan May Ask.**  
Paris, March 27.—The Daily Telegraph  
strongly criticizes the statement that  
Russia and Japan, having already begun  
at a private conference in a northern  
European capital. There are strong  
indications that this capital is Stock-  
holm, and that the negotiations will  
be conducted at Stockholm if the pre-  
liminary prove successful. The pre-  
liminary stage of the negotiations is  
described as "a leading general."  
It was stated in diplomatic quarters,  
yesterday, that among the negoti-  
ations of peace which Japan might  
pledge to build no more warships for  
a term of years. A diplomatic official  
made such a statement, but it is  
a most effectual means of assuring  
Japan against Russia's carrying out  
any of her cherished projects of naval  
re-armament at the close of hostil-  
ties.

**War Tidings.**  
On the front all is quiet. Both sides  
are busily reorganizing and effecting  
new concentrations.  
The Japanese are refused to confirm  
Chino's news, who had been appointed  
to various posts in Southern Man-  
churia.  
The appointment of Gen. Kuronatin  
to the command of the first army is  
proving a source of great satisfaction  
to soldiers and officers.  
It is denied that the Russian war  
office was desirous in regard to the  
available strength of the Japanese  
army or the organization of Japanese  
reserves.  
Many Japanese prisoners are on the  
way to Harbin. One is a spy, cap-  
tured in the uniform of the 11th  
Siberian Rifle. He will be tried by  
court-martial.  
The war has cost Russia almost half  
a million men in killed, wounded  
prisoners and sick, as the whole effect  
of the war has been to increase the  
number to exceed 200,000 men.  
Only a few Chinese were injured dur-  
ing recent battles, but during the sum-  
mer ravages of disease are feared, as  
thousands of the dead lie buried too  
near the surface of the soil.  
The war office explains that the mis-  
fortune in the insufficiency of the  
mountain gear was due to the fact  
that when the war broke out Russia  
was adopting a new pattern.  
Stung by wholesale criticism heaped  
upon the war office for unpreparedness  
and incapacity, the Russian army or-  
gan has had what has been de-  
scribed as the opening of hostilities, giving  
the exact figures.  
Since the battle of Mukden the Chi-  
nese Red Cross has been feeding 15,000  
refugees. Thousands are housed at  
Siminiam, Mukden and Liao Yang.  
Many farmers of Liao Yang district  
are still dependent upon relief. Since  
the beginning of the relief work the

## A PASTOR'S OFFENCE.

**Dropped, For Choosing Wife  
Twenty-Three.**  
West Springfield, Mass., March 27.—  
Because Rev. W. H. Dockham, pastor  
of the Mittenague Methodist church,  
will marry a pretty parishioner of  
half his years, the church has refused  
to ask him to remain another year.  
Mr. Dockham's resignation, tendered  
under these circumstances, was  
promptly accepted and he will close  
his ministry in Mittenague early this  
month.  
Miss Elizabeth Madden, Mr. Dock-  
ham's fiancée, is a teacher, and is  
twenty-three years old. The Rev. Mr.  
Dockham is forty-seven. His preference  
for so young a member of his congre-  
gation caused the tongues of gossip  
to wag. It is whispered that maiden  
dove sometimes advances years.  
Mr. Dockham's resignation, tendered  
under these circumstances, was  
promptly accepted and he will close  
his ministry in Mittenague early this  
month.

## FIRE AT A PRIEST.

**Broke a Lamp Which Fired the  
House.**  
Special to the Whig. Rev. W. Blotz-  
kowski, a Polish priest, and editor of a  
Polish paper published here, was  
studying in his room at an early hour  
in the morning, when two shots from  
a revolver were fired at him through  
the window. One of the bullets struck  
the lamp which exploded setting fire  
to the house and doing considerable  
damage. The shots are believed to  
have been fired by a fanatic opposed  
to Father Blotzowski's doctrines, but  
so far the police have made no ar-  
rests.

**Tea-Meeting At Perth Road.**  
Perth Road, March 24.—The Presby-  
terian tea-meeting, on the 16th, was  
a grand success; the proceeds amount-  
ed to \$25. Large numbers from Bat-  
tersoo, Glenburnie and other places  
were present. The chair was most  
ably filled by Mr. Henry, of the Syd-  
neham high school study. J. S. Rob-  
erts, Jr., is on the sick list. John  
Henry has purchased a valuable horse.  
C. Clough has erected a new saw-mill  
on the river, near the bridge. Chick-  
en-pox is quite prevalent in this  
vicinity. Wilson Silver is moving on  
the farm lately vacated by H. Clark.  
S. Barling is taking his family on  
a visit to the States. The St. Jones  
mine opening up in the spring. Visi-  
tors: Walter McDonald, at Mrs. B.  
Grove; J. P. O'Connell, at Mrs. B.  
Clough; Philip Roberts, at George  
Emm's.

## A ROYAL HOUSEWIFE.

Special to the Whig. The crown  
prince has taken a singular step to  
secure his future wife's domestic hap-  
piness and intends to begin raising  
soon. The child is believed to be  
Philip, Duke of Edinburgh. The  
Duchess is expected to be crowned  
at Cannes, where Duchess Cecilie of  
Mecklenburg-Schwerin is staying, to  
study the cuisine prevailing in the  
household of her mother, the Grand  
Duchess of Anhalt-Dessau. Herr  
Neumann will carefully note how the  
Duchess is prepared, and above all he is  
expected to be present at the wedding.  
Alexandre Dargavol, Walsely, N.W.  
T., was thrown off his horse on Thurs-  
day. He has broken his leg and is  
expected to be unable to walk for  
some time.

## Death From Shipping.

Chatham, March 27.—The first  
"shipping" death of the season occur-  
ed here Saturday, when little Fred  
Robinson, son of the late Capt. W. H.  
Robinson, died. The boy was  
eighteen months old and was a  
particularly bright and  
playful boy. A week ago Fred was  
shipping steadily for a couple of  
hours, and afterwards complained of  
feeling unwell. The next day he was  
sick in bed, suffering from an attack  
of peritonitis, and passed away.

## To Have Special Rates.

Special to the Whig. The Central  
Passenger Association, including the  
territory from Buffalo and Pittsburg  
to Chicago and St. Louis  
on the west, and south to the Ohio  
river, have arranged for special pas-  
senger rates for the round trip in  
connection with the annual  
International Sunday School Con-  
vention to be held in Toronto from June  
20th to June 27th inclusive.

## Was Asphyxiated.

Special to the Whig. March 27.—Daniel  
Crosby, Burlington, traveller for  
the J. H. Still Candle Co., of this  
city, fell over a quarter of a century  
past, was asphyxiated by gas at the  
residence of James Still. It is sup-  
posed he turned on the gas in mis-  
take for the electric light. Mr. Crosby  
was seventy years old and leaves a  
widow and one daughter.

## She Took Her Life.

Special to the Whig. March 27.—Miss  
Hamilton, Ont., March 27.—Miss  
Belle Lynn, daughter of John Lynn,  
grocery cooper Watsworth and Barton  
streets, committed suicide, yesterday,  
by swallowing a quantity of carbolic  
acid. The young woman had been  
ill for some time and subject to attacks  
of melancholia, and it is supposed  
that she was temporarily insane when  
she took the poison.

## Feed A Cold And Starve A Fever.

In sound advice. Mathew's Syrup of  
Tar and Cod Liver Oil cures the cold  
and feeds the body. 25c. for large  
bottle.

## Will Prosecute Gorky.

St. Petersburg, March 27.—The au-  
thorities have definitely decided to  
prosecute Maxim Gorky on the charge  
of drawing up proclamations with  
object of overthrowing the existing  
state of things in the empire and dis-  
turbance public order, the highest pen-  
alty for which is three years' deten-  
tion in a fortress. Gorky, who is still  
in the neighborhood of Biga, is in  
broken health.

## Spring Importations For 1905.

Prevost's, Brock street, has received  
two cases of spring importations of  
Sourik's Tweed, serge, chevise and  
vicennes, and fancy panting; fit and  
workmanship guaranteed.

Sydenham ward, rounded out a half  
century today. He was congratulated  
by many.

### Struck by Albano at Entrance to Harbor.

Halifax, March 27.—The Allan line  
steamer Parisian, from Liverpool, is  
lying in her dock in Halifax harbor,  
half her keel on the bottom and her  
after-deck submerged, so that the sea  
is washing freely over it, and might  
glad her owners are that she is not on  
the bottom in the open sea, with pos-  
sibly many late in the 900 passengers  
and crew in a watery grave.  
The Parisian bound for Halifax, was  
rammed near the entrance to the har-  
bor, late Saturday afternoon, on her  
starboard side, shaft of No. 4 hold,  
by the Hamburg-American steamer Al-  
bano, also bound for this port, and a  
hole was made big enough for a man  
to walk through.  
The weather was clear and the sea  
calm, when the collision occurred,  
with plenty of room, and such a  
thing should have happened is ex-  
tremely strange. The captain of the  
Albano, his officers and crew, will not  
say a single word about the affair.  
The Albano was libelled by the Al-  
lan line for \$150,000.  
It is announced that the Corinthian,  
now in 8 a York power, will replace  
the Parisian with mails and passengers  
for Liverpool.  
Capt. Johnson, who showed such  
presence of mind after the accident to  
his vessel, formerly commanded the  
Prerorian and has been long in the  
service of the Allans. This was his  
first trip as captain of the Parisian.

### KILLED HIS BROTHER.

**Thought He Was Called Upon to  
Do So.**  
Strathroy, Ont., March 27.—Robert  
Quick, a young farmer of Carleton  
place, killed his youngest brother at  
the farm about two miles from Strathroy.  
Robert had trouble in the loss of his  
wife, and he has been deranged since  
or less of late. He was confined in an  
asylum some years ago, but recovered  
after. He killed his brother under the  
impression that he was called upon to  
do it by a higher power. When asked  
why he did it, he burst into tears and  
said: "I loved him, my brother, the  
only support of my mother, but I had  
to do it." He has several young chil-  
dren of his own and two brothers, one  
in Michigan and one at Sault Ste.  
Marie. He has been arrested, and goes  
to London jail in charge of Chief Wil-  
son of Strathroy.

### A \$75,000 FIRE.

**Montreal Had a Good-sized Blaze  
This Morning.**  
Special to the Whig. March 27.—Fire, this  
morning, caused damage to the  
extent of between \$60,000 and \$75,000,  
in the block at the southwest corner  
of Craig and Cote streets. It originat-  
ed in the Star Iron premises, and ex-  
tended to the Standard Shirt com-  
pany's premises, and the warehouses of  
C. Howard Smith, wholesale paper.  
Several smaller concerns suffered dam-  
age.  
The main works of the Standard  
Shirt company are in the east end,  
and were not concerned in the blaze.

### THE PRINCESS PAT

**May Marry the Young King of

Special to the Whig. A Madrid  
special to the Herald says: "In a

Duke of Connaught to the Spanish  
court at Madrid, the marriage of King  
Alphonso to Princess Victoria Patricia  
has been definitely arranged."

### THE SHAMROCK ATHLETES

Made Only \$368 This Season  
—Reason For Shortage.  
Special to the Whig. The twelfth  
annual report of the Shamrock Athletic  
Association, for 1904, shows that  
profits were only \$368, compared with  
several thousand dollars in other  
years. This was due to wet weather  
interfering with athletic events, and  
the consequent postponement.

Deseronto, Ont., March 27.—At 11-  
30 Saturday night fire was discovered  
in the Methodist church. An alarm  
was sent in, which brought the fire-  
men to the scene immediately. After  
some slight trouble with the water-  
works they succeeded in getting sev-  
eral streams and by one o'clock had  
the fire under control. The steeple was  
burned to the roof, and the inside of  
the church destroyed by water. This  
church was built about two years ago.  
Insurance is \$3,000. Cause of fire un-  
known.

## Did It Ever Strike You

That putting off  
is not the  
best plan?

We would advise anyone plan-  
ing a New Spring Suit to make  
a selection now, as every day  
makes a big hole in this section.  
The choicest things go first of  
course. Our workrooms get busier  
each day and your chances to get  
your suit early become less.

We have for your selection—  
Scotch and English Tweeds,  
Fine Worsted Effects,  
French Broadcloths,  
Fine Venetians,  
Fine French Chevots,  
Homespuns,  
Shrunk Worsteds, etc.  
An early inspection invited.
