IMPORTANCE OF

Dyspeptics Should Begin Right by Using Smith's Triple Cure.

The first point in the treatment of dyspepsia is to remove the cause—to care the catarrh which causes the dyspeptic condition. When your stomach is strained from everwork, when you at the mark the burden. Chronic discrete the purpose of the majority of the stomach and too often, you must provide relief by removing the burden. Chronic dyspepsia or indigestion is the majority of the approval of the water committee. Among the items of expenditure, regarded as uncontrollable, is the city's first care the oniversages in the salary list, outside that suggested in connection with the approval of the water committee.

Its use is the first step toward a cure. Begin right by first removing the cause. Smith's Triple Cure will always do this because it takes off the strain; it puts the stomach and digestive organs in a healthy condition. It cleans the mucous membranes and keeps them healthy, so that catarrh caused exist or find lodgment. The mucous membranes protects the interior of the body just as the skin protects the outside. As long as the mucous membranes are healthy and clean everything works right — digestion and assimilation are normal. Now, suppose the mucous membranes become congested, ulcerated, cansered and covered with foil secretions. You know the gastric glands and functions would soon become diseased. Catarrh and dyspepsia would soon rob your system of vigor and your norves of strength. Now are possible to the court house. The finance committee he has been impressed with the importance of having some voice in this matter. Last year the warden of the court ty gave the assurance that in future the city property committee would be consulted by the country property committee with regard to any outlays which it contemplated.
