If You Would Be Well You Must Keep Your Kidneys Well.

Help them to work freely. Help them to flush off all the body's waste and impurities.

Doan's Kidney Pills
Are for this purpose only.

Have you suspected your kidneys as the cause of your trouble? If you have backache, swelling of the feet and ankles, frequent or suppressed urine, painful sensation when urinating, specks floating before the eyes, great thirst, brick-dust deposit in the urine, or anything wrong with the urinary organs, then your kidneys are affected.

It is really not difficult to cure kidney trouble in its first stages. All you have to do is to give Doan's Kidney Pills a trial. They are the most effective medicine to be had for all kidney and urinary troubles.

Mrs. Mary Galley, Auburn, N.S., was cured by their use. She says:—"For over four months I was troubled with a lame back, and was unable to turn in bed without help. I tried plasters and liniments of all kinds, but to no effect. At last I was induced by a friend to try Doan's Kidney Pills. After I had used two-thirds of a box my back was as strong and as well as ever."

Doan's Kidney Pills are 50 cents. per box, or 3 for $1.25. All dealers, or sent direct by mail on receipt of price.

THE DOAN KIDNEY PILL CO., TORONTO, ONT.

SPORT REVIEW.

Notes On Baseball, Lacrosse And Other Sports.

Sir Thomas Lipton will make another try for the America's cup.

The Toronto lacrosse club will have a strong senior team for the C.L.A. series.

The Australian cricketers scored 519 for seven wickets against New Zealand.

Forty-five thousand spectators saw the big hockey games in Montreal this winter.

Young Peter Jackson, who recently knocked out Philadelphia Jack O'Brien with a foul blow, is out with a challenge to fight the Quaker pugilist twenty rounds for a purse and a side bet.

The coroner's jury in the case of the colored boxer Hall, who died at Philadelphia, decided that death was due to an accident, and all the parties under arrest in connection with the matter were discharged.

The Eastern league schedule meeting will be held next Tuesday. The season will open on the 26th of April. Before beginning their spring practice games the Torontos will put in a week at Preston Springs.

Jack Musto, of California, offers to match Rufe Turner, a colored lightweight, against Battling Nelson for a twenty-round bout at 133 pounds before any club on the Pacific coast for a side bet of $2,500 and a purse.

Eugene Tremblay, the champion lightweight wrestler of America is being kept busy defending the honors he won recently from Bothner in a well fought fight. He is to enter the ring again next Friday night against Charles Well, champion lightweight wrestler of the New England states.

At Philadelphia before the biggest crowd in the history of the Washington sporting club, Joe Gans, the champion lightweight of the world beat Rufe Turner, of California, up pretty badly in a six-round bout, and had the decision clearly won at the finish, although Turner was far from a knockout.

The Boston champions are not spring chickens. "Cy" Young and Chasley Farrell are the particular ancients of the team. Each expert is thirty-eight years old. LaChance and Burkett, each thirty-five; Freeman, Selbach and Criger, thirty-three; Collins and Stahl, thirty-two; or nine men over thirty years of age. Dinneen and Tannehill are each twenty-nine years of age.

Art'e Edmunds, the Canadian featherweight champion, made his first appearance in Philadelphia on Saturday night, and by all reports made good. He licked Tommy Love, of New York, at the Polo Athletic club in New York on Friday by the knockout route, and then went to Philadelphia to meet Kid Locke, a lightweight, but Artie's fame as a puncher had preceded him and Locke flunked.

Lever's Y-Z (Wise Head) Disinfectant Soap Powder is better than other powders, as it is both soap and disinfectant.

THE LENTEN PERIOD.

OTTAWA MINISTER SCORES RICH CHURCHMAN.

Rev. Dr. Herridge, of Ottawa, Declares Lent is no Longer Observed and That Hypocrisy is Rampant.

An Ottawa despatch says: Society is much exercised at a sharp attack by a divine who enters to one of the wealthiest congregations in the capital, Rev. Dr. Herridge, of St. Andrew's Presbyterian church an exceptionally eloquent an gifted man.

Mr. Herridge has in uncompromising terms denounced the fashionables who, while professing to give up society during Lent, in reality do nothing of the kind.

He says the society columns of the daily papers have been full of announcements since the first of Lent, that such and such a person had a small card party, but owing to the Lenten season the function was only informal, the notice concluding with usual list of guests.

Mr. Herridge denounces not only the hypocritical pretences of Lenten observances which are not observed, but the lamentable decay of the domestic virtues and the family affections as the inevitable result of the constant pursuit of worldly pleasure.

"Men and women alike have their thoughts so concentrated on and become so infatuated by the rounds of fashionable entertainments that the innocent children in many families, once the centre of homelike simplicity and affection, are beginning to be looked upon as a nuisance and are left to be brought up in a manner which is likely to tell seriously on future generations."

Mr. Herridge asks those of his congregation who are opposed to the fashionable excesses of the day to wake up and assert themselves and no longer refrain from the expression of their real feelings.

BUSINESS GOOD.

Demand for College Libraries Takes Immense Start.

New York, March 30.—Andrew Carnegie was the guest of honor at the annual dinner of the alumni of Stevens Institute at the Hotel Astor. He congratulated the alumni on having chosen a professional career and said:

"I have been looking largely into small colleges of late, and I have entered into the college business as I not long ago entered into the library business.

"I did a rip-roaring business at the library stand, but I could look ahead and see the demand for libraries slacken.

"My secretary says that the demand is down to one library a day.

"Since I have gone into the new business, there has been a great boom.

"Within the past few days I have received more than 100 applications for the material I am sending to small colleges.

"Business, gentlemen, is promising."

Piccadilla News.

Piccadilla, March 28.—William Cole and Charles Reynolds are going west to-day with their implements. Michael Kehenon has had a lantern and globe for thirty years and it is serviceable yet. Who can beat that? The Bayton mines which D. Craig was managing have been shut down on account of water. G. Babcock has rented S. Walker's farm for this year. J. Watson fell last Wednesday and put his shoulder out of joint. N. J. Leslie has purchased the Campsall farm at Reynoldston. Edward Johnson, while running the steam drill in Richardson's feldspar mine, Wednesday had a large rock cave in on him, and he was almost crushed. The party at the town hall was well attended on the 17th. Mr. Nimmans is starting a hot house and a chicken incubator this spring. Owing to the sickness of Mrs. Ferguson and the sudden break up of the roads, the revival meetings were closed. William Duff, Mountain Grove, is here again. John Fitzgerald is back from the shanty at Flower Station.

At Cedar Valley.

Cedar Valley, March 28.—At present no teams can travel. A number of farmers have begun sugar making. W. Ralph intends leaving this week for Saginaw City, Mich. Mr. and Mrs. John Rogers spent the past week visiting relatives at Elgin and Brewer's Mills. A number in the valley are sick with grippe and mumps. Mr. and Mrs. W. Scott made a trip to Perth on Thursday last. The stage only puts in an appearance three times a week, owing to bad roads. J. Ralph and W. Rogers spent Sunday at Lombardy. A few from here attended the funeral of T. Haggerty, Toledo, on Sunday last. Visitors, too numerous to mention.

To cure Constipation, Sick Headache and Biliousness in one night, use Smith's Pineapple and Butternut Pills. Only 25 cents at dealers.

ALL GENUINE SIGNED W. F. Smith

Nashua, N. H.
"My age is 74, still smart and active. About three years ago had stoppage of water, drew it for six months, then it came all right for a time, I have taken three boxes of your Smith's Buchu Lithia Pills and start today on the fourth box. They have done me a great deal of good. I take three pills before eating each meal.
Please send free book and oblige."
F. O. MUNROE.

"Please send me two boxes of Smith's Buchu Lithia Pills and one bottle of Smith's Pineapple and Butternut Pills. I have taken three boxes of the pills and think they are good. My daughter, Mrs. Tripp, is feeling so much better and I am so pleased that you are helping her. When I come to Boston I shall call to see you."
Yours respectfully,
MRS. ETHELINDA D. STANTON.
Onset, Mass.

A CAUSE OF HEADACHE.

One Very Common Cause, Generally Over-Looked.

Headache is a symptom, an indication of derangement or disease in some organ, and the cause of the headache is difficult to locate because so many diseases have headache as a prominent symptom; derangement of the stomach and liver, heart trouble, kidney disease, lung trouble, eye strain or ill fitting glasses all produce headaches and if we could always locate the organ which is at fault the cure of obstinate headaches would be a much simpler matter.

However, for that form of headache called frontal headache, pain back of the eyes and in forehead, the cause is now known to be catarrh of the head and throat; when the headache is located in back of head and neck it is often caused from catarrh of the stomach or liver.

At any rate catarrh is the most common cause of such headaches and the cure of the catarrh causes a prompt disappearance of the headaches.

There is at present no treatment for catarrh so convenient and effective as Stuart's Catarrh Tablets, a new internal remedy in tablet form, composed of antiseptics like red gum, blood root, which act upon the blood and cause the elimination of the catarrhal poison from the system through the natural channels.

Miss Cora Ainsley, a prominent school teacher in one of our normal schools, speaks of her experience with catarrhal headaches and eulogizes Stuart's Catarrh Tablets as a cure for them. She says: "I suffered daily from severe frontal headaches and pain in and back of the eyes, at times so intensely as to incapacitate me in my daily duties. I had suffered from catarrh, more or less for years, but never thought it was the cause of my headaches, but finally became convinced that such was the case because the headaches were always worse whenever I had a cold or fresh attack of catarrh.

"Stuart's Catarrh Tablets were highly recommended to me as a safe and pleasant catarrh cure and after using a few fifty cent boxes which I procured from my druggist's I was surprised and delighted to find that both the catarrh and headaches had gone for good."

Stuart's Catarrh Tablets are sold by druggists at fifty cents per package, under the guarantee of the proprietors that they contain absolutely no cocaine (found in so many catarrh cures) no opium (so common in cheap cough cures) nor any harmful drug. They contain simply the wholesome antiseptics necessary to destroy and drive from the system the germs of catarrhal disease.

A LETHAL PALL.

As Described By An English Banker.

From time to time during the winter months the metropolis of the great British Empire is shrouded in a dense, opaque pall of combined fog and smoke; "day" is turned into blackest night; and the entire city is plunged in a cimmerian darkness. In a severe—though happily rare—visitation like that which literally plunged London into mourning in the year 1879, when more than two thousand victims succumbed to the deathly, choking compound, and hundreds of oxen were suffocated in the Christmas cattle show, the black murky pall which overshadowed the city as though the sun had been obliterated from the firmament was so dense and so turbid that it was impossible to see an object a yard distant; even the lights in the shop windows failing to penetrate the sooty shroud which enveloped everything.

In the streets an appalling confusion reigned supreme. Men with links and torches preceded every vehicle, but notwithstanding this, constant and repeated collisions continually occurred, while, as omnibus collided with omnibus, or, with a crash, a heavy dray almost demolishes a cab or a carriage, females shriek, and men express themselves according to their several idiosyncrasies; while the shouting of the linkmen, who in the dimness look like ashy ghouls grasping a will-o-the-wisp, the stern commands of the policemen, and the hoarse, strident vociferations of the coachmen and drivers, create an uproar and rending discord quite impossible to describe. No one is quite certain where he is or in which direction he is proceeding; some, thinking they are going towards their home, find they are going in the opposite direction; others, finding it impossible to find their way, give up the attempt and take refuge in restaurants and inns; while many others continue helplessly to grope in the fuliginous darkness, to find themselves perhaps no nearer their destination than when they started long before. And so it goes on hour after hour, until suddenly a wind arises, and in an incredibly short space of time the fog has cleared off and the sun shines brightly in a cloudless sky.

Judging from traditions extant in China and other lands it is believed that the whole earth was once plunged in a supernatural darkness for a space of three hours. And surely that darksome eclipse of nature must have extended throughout the whole of the universes; must have not only darkened our own sun, but every other sun throughout the illimitable abysm of space. For He who had created them all was bearing the dread load of the sins of the universes; was being, as it were, suffocated by the revolting horror, which like a foul, loathsome vampire was resting upon Him, and crushing down His spare and holy soul with its hideous, winsome burden. And then with the joyous cry, "Tetelestai"—"It is finished!" His released spirit bounds upward to Paradise, to all believers, and sorrowing nature, which could not endure the dire tragedy which was being enacted, casts off the veil which had shrouded it all from her view.

For A Good Complexion.

Toilet aids are unnecessary where the blood is as it should be. Wade's Iron Tonic Pills give a richness to the blood and a clearness to the skin that no cosmetic can give. In boxes 25c., at Wade's drug store. Money back if not satisfactory.

A woman loves to give information especially if it isn't.

W. T. STEAD'S VIEWS

On the Great Revival Going on in Wales.

W. T. Stead has visited Wales and takes the great religious awakening seriously. His impressions are given in the Review of Reviews:

"The vast congregation were as soberly sane, as orderly, and as reverent as any congregation I ever saw beneath the dome of St. Paul's. But it was aflame with a passionate enthusiasm, the like of which I have never seen in St. Paul's. Tier above tier from the crowded aisles to the loftiest gallery sat or stood, as necessity dictated, eager hundreds of serious men and thoughtful women, their eyes riveted upon the storm centre of the meeting. There was nothing wild, violent, hysterical, unless it be hysterical for the laboring breast to heave with sobbing that cannot be repressed, and the throat to choke with emotion as a sense of the awful shame of a wasted life suddenly bursts upon the soul. On all sides there was the solemn gladness of men and women upon whose eyes has dawned the splendor of a new day, the foretaste of whose glories they are enjoying in the quickened sense of human fellowship and a keen glad zest added to their own lives.

"Employers tell me that the quality of the work the miners are putting in has improved. Waste is less men go to their daily toil with a new spirit of gladness. In the long dim galleries of the mine, where once the hauliers swore at their ponies in Welshified English blasphemy, there is now the haunting melody of the revival music. The pit ponies, driven by oaths since they first bore the yoke, are being retrained to do their work without the incentive of profanity. There is less drinking, less idleness, less gambling."

That the revival spirit is thorough is borne witness to by the many instances of return of conscience-money, the healing up of personal enmities, the settlement of labor disputes, and a wonderful falling off in public-house receipts. The friendly societies are moving to take their meetings from public-houses. Labor leaders say there are no disputes among miners calling for settlement, and that breakages in machinery are not so frequent. A solicitor has given up his appointment as legal adviser to the brewers, at a sacrifice of £2,000 annually.

FASHION'S FORM.

One Of The Latest Styles Just Out.

Shirt waist of white linen, heavily stitched. The yoke runs to a point in the back just below the shoulders, the bodice being pleated in full as in front, forming a slight blouse effect.

An Emergency Physician.

You are sure to save needless suffering and you may save life by having at hand a bottle of Smith's White Liniment. It is of vital importance that pain or injuries be treated promptly. Here is a remedy that relieves pain in an almost magical way, and cures strains bruises, lame backs, etc., quicker than any other remedy we know of. In 25c. bottles at Wade's.

There is no use borrowing trouble when people will give it to you outright.

Three applications of Peck's Corn Salve will cure hard or soft corns. 15c., at Wade's drug store.

A little knowledge is generally parcel with a brass band.

Drugless Cure For Catarrh

It Soothes, Cleanses and Heals the Diseased Membranes by Medicated Air—Never Fails.

Catarrhozone is a rational treatment; it goes right to the seat of the trouble; it's sure to cure because it destroys the cause of catarrh. In no case will it fail.

No one who inhales Catarrhozone can possibly suffer from catarrh. The antiseptic vapor of Catarrhozone gives swift relief to the inflammation and congestion caused by the catarrh germ. The air passages are cleansed and healed, mucous discharges are subdued, coughing and sniffeling stop at once.

No Person Can Keep Catarrh Who Inhales CATARRHOZONE

"Mr. Lawrence Kennedy of New West Annan, N.S., says:—For three years my catarrh grew worse and worse. I got no relief till I used Catarrhozone. It was not very long in curing me so perfectly that the disease has never returned."

—It is impossible to select a remedy that cures so thoroughly as Catarrhozone. Its merits have been proved to the satisfaction of more than twenty thousand physicians in United States and Canada that prescribe it regularly.

In five minutes Catarrhozone relieves, in one day it cures mild cases. No medicine—just medicated air. Harmless and very pleasant. Permanent cure for the most chronic cases guaranteed. Two months' treatment, price $1.00; sample size, 25c.; at all dealers or Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

PERTINENT POINTS

in reference to the substantial gains made in every department of its business during 1904 by

The Mutual Life Assurance Co. OF CANADA.

INSURANCE ACCOUNT

The volume of new business exceeds that of any former year, being 3,452 Policies for $5,048,168, all of which, except $30,000, was written within the Dominion. Total assurance now in force is $40,476,970.58 under 27,742 policies, the net addition for the year being $2,889,419. While many of our native Companies are seeking business abroad, some of them in distant parts of the world, it is thought by this Company that good Canadian business is preferable to foreign business, which is secured at excessive cost and with less certainty as to its quality.

INCOME

The total income was $1,725,308.90, being $1,373,364.69 for premiums, and $351,944.21 for interest. The gain over 1903 was $164,238.87.

DISBURSEMENTS

The payments to Policyholders amounted to $524,615.34, and consisted of Death Claims, $220,304.50; Endowments, $160,053; Purchased Policies, $52,394.54; Surplus, $83,183.40, and Annuities, $8,679.90. The claims by death were exceptionally light, being $51,404 less than previous year, and only 41 per cent. of the amount expected.

EXPENSE AND TAXES

The expenses and taxes were $300,807, being 17.4 per cent. of the total income, or about 1 per cent. less than in 1903.

ASSETS

The cash assets are $7,794,608.35, and the total assets $8,220,530.45, showing gains of $903,450.05 and $937,372.05, respectively. The funds are being invested in the same classes of securities as heretofore, principally in Mortgage loans on farms and city properties, Bonds and Municipal Debentures. The latter are taken into account at their book value or cost, which is considerably below their market value. The demand for money was active during the year, at better rates than for some years past, resulting in a slight advance in the rate of interest earned, viz., 5.09 per cent. Interest, etc., overdue at end of year, only $13,740.19, and nearly all paid.

LIABILITIES

The liabilities were again computed on the Combined Experience Table with 4 per cent. interest for all business up to January 1st, 1900. From that date to January 1st, 1903, on the Institute of Actuaries' Table with 3½ per cent., and thereafter on the same Table with 3 per cent. Reserve, $7,355,172.24. Other liabilities, $63,285.34.

SURPLUS

After making provision for all liabilities the surplus on our own standard is $772,072.87, being an increase of $170,920.20 over 1903, and this after distributing amongst Policyholders $83,183.40. On the Government standard of reserves, namely, 4½ per cent. for business to January 1st, 1900, and 3½ per cent. thereafter, our surplus is $1,049,400.71. The earnings for the year were $254,103.60.
