Y'S TERRIBLE FACE HUMOUR

Scratch and Tear Away the Flesh — Neighbours Called it Worse Case Ever Seen — Grew Worse Under Doctors.

CURED BY ONE SET OF CUTICURA REMEDIES

"My baby's face was a mass of sores. The doctor called it eczema, but the child grew worse, the disease eating the flesh away from his nose, and spreading to his body. Neighbours said it was the worst case they had ever seen. His suffering was terrible, and he would scratch and tear away the flesh. We then used the Cuticura Remedies, one set curing him completely, and healing his face without scar or blemish.—Wm. Gidland, 35 Winchester St. Pentonville Rd., N. London, Eng."

BABY QUIRK'S CURE

Of Torturing, Raw, and Scaly Eczema By Cuticura

"My baby was afflicted with a loathsome running eczema on the face. Two doctors treated him for three months, but he grew worse. We then started to use Cuticura, and noticed an improvement at once. In a fortnight the running had ceased, the scabs nearly all dried off, and in a month his face was perfectly clear.—W. H. Quirk, No. 1 West End Cottages, Ruywood Road, N. Southampton."

CUTICURA A BLESSING

To Skin-Tortured Babies.

The suffering which Cuticura Soap and Ointment has alleviated among the young, and the comfort they have afforded worn-out and worried parents, have led to their adoption in countless homes as priceless curatives for birth humours, milk crust, scalled head, eczemas, rashes, and every form of skin and scalp humours, with loss of hair, of infancy and age.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney. India, Drug & Chem. Corp., Boston, Sole Props. Mailed free, "How to Care for Baby's Skin."

Dr. Brock's Celebrated English Female Periodical Pills appear for the first time in Canada. The "Best" Drug Store has secured sole agency for this great remedy. $1, mailed on receipt of price. 138 Princess St., Kingston, Ont.

Dr. Mackay's SPECIFIC

For the Treatment of

Alcoholism

Used in Connection With the Province of Quebec Probation System With Unvarying Success.

The City Council of Montreal has endorsed this marvellous discovery. The Finance Committee of Montreal recently voted $500 to defray the expense of placing the medicine in each of the city Police Stations, as prompt application of the treatment to bad cases will prevent the fatalities continually occurring in the cells.

No Sanitarium is required. The Treatment can be taken at home. No special diet required. The desire to reform is simply necessary and spirits avoided for a few days.

This medicine is now within the reach of all, the price having been reduced. The wonderful results obtained with the worst class of drunkards coming before the Judges of the Recorders' Courts in Quebec and Montreal warrants the statement that the disease of Drunkenness can be cured—readily and surely—under ordinary circumstances and with the reasonable desire upon the part of an inebriate.

This treatment is simply the medicine of the medical profession—the only secret is as to its administration.

Dr. Mackay's discovery is the result of 25 years of practice as a specialist and expert. He is a member of the College of Physicians and Surgeons of the Province of Quebec.

The Government of Quebec through the Judges ordered over 500 boxes of the medicine for prisoners appearing in the Courts in 1904—Official Reports establish 80 per cent. of cures with these cases.

With the public and official endorsation and the record of results published it is unnecessary to waste money experimenting further. All communications private.

THINGS THEATRICAL.

Notes About Plays, Players and Playhouses.

Maxine Elliott and her American company sail for London on April 5th and on the 15th, she will present "Her Own Way" in England.

Mrs. Brown Potter has won success, it is said, at the Savoy theatre, in London, with Christopher St. John's adaptation of Richepin's La Du Barry.

Farce comedy, which for some years has been rather a dead letter, is coming once more to the front. The public are getting tired of melodramas and problems.

Mr. Benson's company has revived at the Coronet theatre, London, "The Comedy of Errors," and is presenting it in conjunction with other Shakespearean plays in his repertoire.

Mr. Mansfield is about to fulfill his long cherished intention of presenting a play by Moliere, "The Misanthrope" has been selected and the actor will make his first appearance in it on Monday evening, April 10th, at the New Amsterdam theatre, New York.

A brilliant tragedy by Max Halbe entitled "Der Strom" has been warmly received by the London critics. The plot depends upon the habit of the River Vistula to overflow its banks and the suspense caused by the breaking up of the ice in spring.

"Who Goes There?" since seen here this season with Walter E. Perkins in the star role, has been turned into a musical comedy, inasmuch as musical specialties have been introduced with a chorus background. The funny piece has just terminated a successful engagement at the Princess theatre, in New York, where it made an unqualified hit.

A GOOD OMEN

Minnows Fell From Clouds Won't Starve if Strike.

Halifax, April 1.—A remarkable run of fish took place Thursday night at Springhill mines, when thousands of small fish like minnows were found by the early miners on the snow covering the field near the park. The miners, who have threatened to strike, take it as a promise to them that they won't be left to starve in case the strike takes place.

It is believed the fish must have been drawn by the clouds from some southern sea on the gulf stream, and carried till the clouds came over Springhill.

AN EARLY APPOINTMENT

To the Vacant Position in Federal Cabinet.

Special to the Whig.

Ottawa, April 1.—Walter Scott continued the debate in the Commons, on the autonomy measures, endorsing every portion except that dealing with the C.P.R. exemption. Mr. Borden again brought up the subject of cabinet vacancies and Sir Wilfrid Laurier replied intimating an early appointment to the portfolio of the interior.

Professor Declared Insane.

Ithaca, N.Y., April 1.—George C. Caldwell, professor emeritus of Cornell, was declared to be an incompetent person by a jury in the supreme court. Prof. Caldwell had been for many years at the head of the chemical department of the university. He has been suffering with softening of the brain for a year, caused by overwork and advancing age. After the recent death of his wife Prof. Caldwell became insane. A commission will be appointed to conduct his affairs.

POSSESS SHADOW.

THE UNITED STATES ESTIMATE OF SELF-RULE.

In England, France and Germany the People Have the Substance of Self Rule.

Compared with the governments of England and France, we have only the semblance of self-rule, while they possess the substance, says Frederick Upham Adams, in Tom Watson's Magazine. The people of Germany have more direct influence over legislation than have those of the United States. Despite an autocratic emperor, surrounded as he is by a nobility and protected by the most powerful standing army in the world, the people of Germany have made greater progress along the road of democracy within the last twenty years than we have.

If in England there is valid reason to believe that the majority of the people hold an opinion counter to that of the administration in power, parliament is dissolved and a direct appeal is made to the voters for a new body of representatives. The new parliament meets and proceeds to pass the laws demanded by the electorate. There is a House of Lords, but it does not dare reject a measure known to be popular. There is a king, but he has not exercised his veto power for more than a century and a half, and he need not be a prophet to hazard that he never will exercise it again. There is no supreme court in England. In that benighted monarchy when the people pass a law it is a law, and not a guess.

To all intents and purposes the same procedure obtains in France and in a score of other countries which might be named. Ours is the only country on earth where the vote of a citizen has no direct significance.

We are not permitted to vote for a president, but are allowed to help choose electors who represent not us, but state. There is no such thing as a citizen of the United States, so far as the franchise is concerned. If you have a vote it is by grace of the state in which you reside. The constitution does not recognize your individual sovereignty in any way. If you doubt this assertion read that document.

The state fixes your qualifications as a voter. It might debar you because of your height, because you were not worth $100,000, and you would have no redress under the constitution of the United States. Possibly you did not know this.

In The Nursery.

Every mother should be able to treat the minor ailments of her little ones. Prompt action may prevent serious illness—perhaps save a child's life. A simple remedy in the home is therefore an absolute necessity, and for this purpose there is nothing else so good as Baby's Own Tablets. These Tablets promptly cure all stomach and bowel troubles, break up colds, allay fevers, destroy worms, aid teething, and make little ones healthy and cheerful. Guaranteed to contain no opiate or poisonous soothing stuff. Mrs. John N. Pringle, Forest Falls, Ont., says: "I think I can thank Baby's Own Tablets for my baby's life. He was badly constipated, but after giving him the Tablets he was relieved at once. I also find them good when he is at all restless, and feel I cannot say too much in their favor." Sold by all druggists or sent by mail at 25c. a box by writing the Dr. Williams Medicine Co., Brockville, Ont.

Hans Anderson Centenary.

Special to the Whig.

Copenhagen, April 1.—Throughout Denmark literary exercises will be held to-morrow to mark the centenary of the birth of Hans Christian Andersen, known the world over for his celebrated "fairy tales." He was born at Odense, on April 2nd, 1805, and the inhabitants of his native town will, of course, pay special honor to his memory. A tablet exists on the facade of the home of his childhood.

Pain About The Hips

Is a common complaint with women. The right treatment is Nerviline, which penetrates to the seat of the pain immediately. Nerviline warms and soothes the affected parts draws out the irritation and pain, allows the patient ease after one rubbing. No liniment so economical and safe. Nearly fifty years in use, and the demand immensely greater every day! Nerviline must be good.

Reduction In Price Of Coal.

Special to the Whig.

New York, April 1.—The coal-carrying railroads to-day put into effect the usual spring reduction of fifty cents per ton on the tide-water price, of anthracite coal. This makes the price at shipping points $4.50 per ton. Beginning the first of next month the wholesale price will be increased ten cents per month, until the figure of $5 is reached on September 1st, at which price it is expected coal will be sold during the coming winter.

WHY DOES
A BABY CRY?

Because it is either hungry or in pain. Properly nourished it will usually grow up right and be comfortable—that's the principal thing for a baby. If its food lacks strength and nourishment add Scott's Emulsion at feeding time. A few drops will show surprising results. If a baby is plump it is reasonably safe. Scott's Emulsion makes babies plump.

READY TO FIGHT

Russian Lion Has Arrived at Frisco.

G. HACKENSCHMIDT.

San Francisco, March 30.—Georges Hackenschmidt, "the Russian Lion," arrived here on the Sonoma, from Australia. Hackenschmidt is probably the world's greatest wrestler, and he came to this country to meet Tom Jenkins.

About the middle of last January, the Russian met and defeated Groth, the Australian champion. Hackenschmidt was sued by Groth for $2,500 for breach of contract and damages. Groth alleged that Hackenschmidt agreed before the match not to hurt him. He charges that the Russian threw him very hard and injured a bone in his leg.

At the Palace Hotel, where Hackenschmidt is stopping he is the centre of attention. It is rumored that Hackenschmidt has been quietly taking boxing lessons for some months past, and will soon issue a challenge to Jim Jeffries for the world's championship. As far as strength is concerned Jeffries would be a pigmy in the hands of the Russian.

TWO YEARS HENCE

There Will be Self-Government for Filipinos.

Washington, D. C., April 1.—The large measure of self-government, which President McKinley promised the Filipinos if they would be good will be inaugurated two years hence. On March 27th, 1907, a general election will be held for a native Philippine assembly. The commission will take as a basis of its calculations the recently completed census of the islands.

After the election of the assembly all legislative power now vested in the commission in that part of the islands not inhabited by Moros and other non-Christian tribes will be conferred on a legislature consisting of two houses, the Philippine commission and the assembly.

TRAILS J. P. MORGAN

Shows Devotion by Knitting Wonderful Waistcoats.

London, April 1.—J. Pierpont Morgan has left for a cruise in the Mediterranean. A woman admirer of his has been pursuing him everywhere, even in the privacy of his own home. Although he does not go out in society much, preferring his own immediate circle of friends, she manages to see a great deal of the millionaire, and shows her devotion by knitting wonderful woollen waistcoats which she presents to him herself, whenever she is lucky enough to meet him.

Mr. Morgan has not bought much in the way of curios lately. A gorgeous pair of old vases was found a short while ago by a dealer who sent them to Prince Gate with a bill for receipting. Mr. Morgan, indignant that it had been taken for granted he would buy sent them back with a cool note.

FAKE HAIR PREPARATIONS

Do Hair No Good, But Often Cause It to Fall Out.

Many hair preparations are "fake" because they are merely scalp irritants. They often cause a dryness, making the hair brittle, and, finally, lifeless. Dandruff is the cause of all trouble with the hair. It is a germ disease. The germ makes cuticle scales as it digs to the root of the hair, where it destroys the hair's vitality, causing it to fall out. To cure dandruff the germ must be killed. "Destroy the cause, you remove the effect." Newbro's Herpicide is the only hair preparation that kills the dandruff germ, thereby leaving the hair to grow luxuriantly. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. G. W. Mahood, special agent.
