Obstinate Coughs and Colds.
The Kind That Stick.
The Kind That Turn To Bronchitis.
The Kind That End In Consumption.

Consumption is, in thousands of cases, nothing more or less than the final result of a neglected cold. Don't give this terrible plague a chance to get a foothold on your system.
If you do, nothing will save you. Take hold of a cough or cold immediately by using
DR. WOOD'S NORWAY PINE SYRUP.
The first dose will convince you that it will cure you. Miss Hannah F. Fleming, New Germany, N.S., writes:—"I contracted a cold that took such a hold on me that my people thought I was going to die. Hearing how good Dr. Wood's Norway Pine Syrup was, I procured two bottles and they effected a complete cure."
Price 25 cents per bottle. Do not accept substitutes for Dr. Wood's Norway Pine Syrup. Be sure and insist on having the genuine.
THE T. MILLBURN CO., LIMITED, TORONTO, ONT.

Smoke it & Cure your ASTHMA
Fill your pipe with Chester's Cure, light it, and inhale the smoke. The healing, soothing vapor reaches every part of the diseased membrane, cleans the nostrils, relieves the choking cough, and cures Asthma to stay cured.

Chester's Cure
does not affect the stomach, and may be used five times a day, if necessary, to make the breathing natural. Chester's Cure is not a "cure-all." It is for Asthma, Croup, Bronchitis and Colds. These troubles it never fails to relieve. 50c and \$1.00.
If your druggist has none in stock write THE LEEMING, MILLS CO. LTD., MONTREAL.

Miss Leader, 105 Brock Street.
Man Ground Up In Machine.
Chicago, April 4.—Ignatz Kapurka, twenty-one years old, 1151 Laflin street, was crushed to death in a crusher in the plant of the Darling & Co. fertilizer works at Forty-second street and Ashland avenue yesterday when he accidentally slipped and fell into it. The machine stopped suddenly and when workmen went to investigate they found pieces of clothing and then a human hand. A roll call of workers was made and Kapurka was missing.

THE SPORT REVIEW.
VARITY WANTS TO GET BACK TO MOTHER.
Its Hockey Pursuits Have Cost \$800—Will Varsity Also Quit the College League?
After three years' experience in a losing cause, the Athletic Association of the Toronto University has come to the conclusion to give up the intercollegiate Hockey Association and return to the mother association, the O.H.A. For three years the Varsity team has been in the new association and in that time have dropped over eight hundred dollars. The first two years they dropped three hundred and last year they added five hundred to the loss. This is the only team in the college that does not carry itself. The football, lacrosse and baseball teams all do well, particularly the football. At a meeting of the advisory board of the Athletic Association, the matter was discussed, and there was a recommendation made to drop out of the association. This would not only be a good thing for the Varsity, but would strengthen the hand of the O.H.A. If Varsity came back into it then perhaps Queen's could be induced to return. These two colleges have strong teams and next season would be able to hold their own. Queen's were the only club to win from the Marlborough in the intercollegiate series. In years past the Saints all they could do to win out. The intercollegiate games do not draw as well as the O.H.A. games in Toronto, as there is not the local interest in them. If Varsity were in the association, they could draw good gates, for they would be playing against the Varsity and Queen's were in the O.H.A. and the games between them and the Wellingtons were always well attended.

Kingston Yacht Club.
The annual meeting of the Kingston Yacht Club was held last evening. The attendance was large and the interest very marked. Those officers were elected: Commodore, J. C. C. Almon; vice-commodore, E. C. Gilday; secretary, C. H. Otto; committee, F. Strange, Dr. Black, R. E. Burns, H. W. Richardson and G. Y. Gair; regatta committee, S. C. Lalvin, H. P. Macneil, A. K. Kirkpatrick, H. P. Smith, Capt. Broden and E. Cunningham.
There was a discussion upon a new club house site, several suggestions being made, but no change will take place this year. The places in view are Henry Folger's property at the foot of Emily street, and the Robinson property at the west end of Macdonald Park. The matter was left to the executive for a report.

Victoria Day Events.
The Victoria Day celebration committees met for several hours yesterday afternoon, drafting their program. The horse racing committee decided that it would be better for the secretary to write and find out what good horses from the district can come here. It is intended to put on only good races, even if but one is arranged. However, there will likely be two. The sports committee decided to have water races in the harbor fronting the city buildings on the morning of May 24th, to consist of skiff, tub, log, and gasoline yacht contests. In the afternoon at the fair grounds there will be a balloon ascension.
Sporting Notes.
Hesper will enter a team in the C.L.A. Oxford easily won the boat race with Cambridge. George S. Lyon leaves for England on the 20th of April.
Walter Cain has signed a contract to manage the Toronto lacrosse team this season.
It is rumored that there will be racing at Washington Park this summer, and that the American Derby will be run.
Willie Lewis has been matched to fight Mike Ward, the Canadian lightweight, at Detroit, for ten rounds, on the 19th of April, and McNetrick says

Death of a Young Lady—Run of Sap in Foot.
Tishborne, April 3.—The death occurred on March 30th of Miss Adeline Stafford, fifth daughter of Daniel Stafford, of Bob's Lake. Deceased was in her twentieth year and was highly respected among all who knew her. She contracted a heavy cold about a year ago which developed into consumption. She was a faithful attendant of the Presbyterian church, at which place the funeral service was conducted Sunday by W. H. McInnes, of Queen's College, who delivered a eloquent sermon to a crowded church. The remains were placed in Goodfellow's vault. Parham, deceased leaves to mourn her loss, besides a sorrowing father and mother, six sisters and two brothers, Benjamin Kish, who has been very sick, is reported somewhat better today. Harry Brown has purchased a lively business from Charles B. Brown and will conduct same in connection with the Tishborne home. J. Duffy's saw mill is running full blast, with William McKeever at the lever. Ely Barker anticipates taking a trip west in the near future. The pocket book that was left on a bicycle platform on April last, was quite a heavy task to lift, although one stalwart man succeeded in lifting it.
Sugar-making has begun but the run of sap is very poor owing to the weather not being frosty enough. Joseph Harris, manager of the Ontario sugar mill, spent Sunday afternoon at home. James Curl has started his planing and moulding mill again. Robert McGee has moved from Brown's place where he intends carrying on a boat building and turning business. The barber shop is undergoing extensive repairs. The blacksmith shop is opened again with Mr. Brader in charge.

WATER METRES
Will Be Inspected By the Government.
Ottawa, April 4.—The minister of inland revenue will introduce legislation this session in amendment of the Inland Revenue Act, which will change the water metres. One of the new features will be a clause requiring all water metres to undergo government inspection, so that their accuracy may be fully assured. At present all gas and electric metres are subjected to this government examination. The water metres are at present inspected by the municipalities where the water supply is in the hands of private companies.

Toledo Wants Mail Changes.
Toledo, April 3.—Miss Carrie Williams, of Toronto, is visiting at her home here. Mrs. John Stevens is visiting friends in Brockville. Mr. and Mrs. George Kilroy left on the 28th ult. for Manitoba, where they intend residing in the future. Oscar Macdonald, of Portland, who lately purchased a stock of goods by Hill company, is now actively engaged in that stand. Mr. and Mrs. W. Murphy, of Elgin, spent the past few days in the village, Miss Annie Kennedy, of Phillipsville, who has spent the past month visiting her sister, Mrs. J. Foster, returned home here. An agitation is at present in motion for a change in the mail route, which now runs from Frankville to Irish Creek, via Toledo. The proposed route would be from Toledo to Fortthorn via Frankville and Addison. The latter would give direct connection with the Toronto mail. Mr. Nichols, who has been seriously ill, is rapidly recovering.

NESTLE'S FOOD
Always the Same.
Nestle's Food is always the same, whether you buy it in Canada or China.
Nestle's never varies day or night—summer or winter. You can't always get milk from the same cow. A change of milk often means serious illness for baby.
You can get Nestle's Food in every part of the globe.
THE LEEMING, MILLS CO., LIMITED, MONTREAL.

THE TRIAL ABORTIVE.
JURY DISAGREES IN OLD LIBEL CASE AT CAPITAL.
Ottawa, April 2.—At the Ottawa assizes a peculiar action for libel was under consideration for two days. In the action Dr. Ezra J. Watts, Moose Creek, vs. Alexander Munroe, trader, of the same place, for \$5,000 damages. The alleged libel consisted in posting up in public places in the village two notices, as follows:
"Notice: Anna and Pleurecy cured in twenty-four hours. Coffins for sale cheap. Apply to E. J. Watts, M.D. and D. B."
The defendant denies that he wrote or published the words. For this case a change of venue was granted and a special jury empanelled.
The notices posted up were written with pen and ink, and the plaintiff sought to show they were written by Munroe. A number of writing experts were called.
Mr. Munroe himself swore that he knew nothing about the notices. C. E. Targen, of the finance department, testified regarding the handwriting of the notices, expressing the opinion that they were granted imitations.
Mr. Aylesworth, K.C., in addressing the jury, contended that there was no evidence to show that Munroe published the notices complained of, or sufficient motives for doing so. Mr. McLennan, K.C., of Cornwall, counsel for the defence, said the change of venue had been granted, as no previous juror had disagreed. He said a motive was shown that the defendant wrote the notices in the evidence that Mr. Munroe had stated he would "starve" Dr. Watts out of Moose Creek. Mr. McLennan characterized the defendant, Munroe, as the "King of Moose Creek," who wished to drive Dr. Watts away from the village.
After being out some hours the jury returned and said they could not agree the vote, it being understood, being nine to three in favor of Dr. Watts. A new trial, the fourth, will, therefore be necessary, unless Dr. Watts decides to drop the matter.

TIDINGS FROM TICHBORNE.
Death of a Young Lady—Run of Sap in Foot.
Tishborne, April 3.—The death occurred on March 30th of Miss Adeline Stafford, fifth daughter of Daniel Stafford, of Bob's Lake. Deceased was in her twentieth year and was highly respected among all who knew her. She contracted a heavy cold about a year ago which developed into consumption. The barber shop is undergoing extensive repairs. The blacksmith shop is opened again with Mr. Brader in charge.

PRESTONVALE PERSONALS.
Prestonvale, April 3.—Rev. Mr. Murray conducted the service in the church here on Sunday. The patrons of the Mississippi cheese factory, held their annual business meeting on Monday afternoon. Messrs. Joseph and James Richards have returned from the lumber woods, after an absence of three months. Mrs. W. J. Platt, Perth, is spending some time with her mother, who has been seriously ill. Miss Mamie Murphy, Carleton Place, is visiting at Joseph Hill's, John Cornett left, last week, for New Ontario.
Lever's Y-Z (Wise Head) Disinfectant Soap Powder is better than other soaps, as it is both soap and disinfectant.
The death occurred on March 28th at his home at Fitzroy Harbor, of William Frost, postmaster.

NEBRASKA WILL MAKE TWINE.
Special to the Whig, April 4.—Nebraska is going into business to fight the binder twine and carriage twine, and to that end the state legislature has appropriated \$250,000, with which to build and equip a factory for the manufacture of binder twine. The plant will be constructed at Lincoln within the walls of the state prison and the convicts of the penitentiary will do all the work.
The finished grain, which is used in binding twine, will be sold at cost to farmers of Nebraska. Should the experiment prove a success, the market of adjoining states may be invaded in time. Work is expected to begin immediately, and, if possible, the output will be ready for use in harvesting this coming summer.
Fifty miners were entombed by the explosion of gas in a mine at Zeigler, Ill., and rescuers are unable to get them out. Work is expected to begin immediately, and, if possible, the output will be ready for use in harvesting this coming summer.

Fifty miners were entombed by the explosion of gas in a mine at Zeigler, Ill., and rescuers are unable to get them out. Work is expected to begin immediately, and, if possible, the output will be ready for use in harvesting this coming summer.

NEBRASKA WILL MAKE TWINE.
Special to the Whig, April 4.—Nebraska is going into business to fight the binder twine and carriage twine, and to that end the state legislature has appropriated \$250,000, with which to build and equip a factory for the manufacture of binder twine. The plant will be constructed at Lincoln within the walls of the state prison and the convicts of the penitentiary will do all the work.
The finished grain, which is used in binding twine, will be sold at cost to farmers of Nebraska. Should the experiment prove a success, the market of adjoining states may be invaded in time. Work is expected to begin immediately, and, if possible, the output will be ready for use in harvesting this coming summer.

Climbing The Ladder
is a practical demonstration of "PROGRESS" Clothing
"Progress" Clothing
is a striking demonstration of what can be accomplished in wholesale tailoring by a combination of artist specialists.
When buying clothing look for the label with the man climbing the ladder.
Sold by Leading Clothiers Throughout Canada.

PROGRESS BRAND CLOTHING is sold in Kingston by C. Livingston & Bro. only.

There'll Be Merry Doings
Among the Carpets and Draperies during the next few weeks. House-cleaning time and your mind on these matters. For a modest and medium grade article, a cleaner and prettier lot would be hard to find.

Buy your carpet from us and no charge for making.
..Crumley Bros..

When You Put Paint On
You want it to stay on. It may happen to be out of reach so that it cannot be examined every day. The kind we sell you is the stay-on kind. It looks well, too.

30 shades to choose from
MCKELVEY & BIRCH
