CHAS. D. M'FARLAND.

cFarland gathered in the British perican hotel last evening to bear stimony to the regret they felt at his departure from the city. But, while keenly feeling the loss created by his transfer to a larger sphere of ess, all united in wishing him every success and prosperity in his new field. It is seldom, indeed, that one hears of a government employee resigning to re-enter commercial life, and the fact that a company overbid services is an eloquent testimony to his ability. A little over a year ago Mr. McFarland entered the employment of the Canada Malting company, as manager of the local branch, but his worthiness was quickly recognized and he was promoted to the managership of the company's imng last evening took the nature of arewell, Mr. McFarland's ending figure, and to his progressiveness, as secretary, has been due the pulling out of the mire of the curling club, which has risen from low ebb to

### ALD. McCANN'S VISIT.

He Saw Things in Hamilton and London.

Alderman J. S. R. McCann has been in Hamilton, London, and Toronto propose to recognize professionalism and while away was observant and mation. A reporter asked him about A proposition has been advanced to his trip. He said: "While in Hamilton and London I made some quiries regarding the methods adopted to secure industries. Hamilton has been exceptionally successful in respect, due largely, to the excellent electrical power generated by the waters of the DeCew's Falls, thirty-five miles distant, which enables them to give power at a very low rate, Another factor is the indefatigable efforts of their most energetic assessment commissioner, Mr. Hall, who is assigned this important duty and who has compiled a book in pamphlet form setting forth the advantages of their city generally.

"It occurred to me that we might very profitably take a leaf from the Ambitious City's book, both with gard to advertising our "city and bringing in cheap power. If it will pay to bring power thirty-five miles their case, we should be able to power from the Mississippi profitably In every other respect Kingston can offer inducements to industries equal,

if not superior, to any place. and London are very active. BY BONDHOLDERS FOR THE STREET RAILWAY.

Offer Made to the City-Finance Committee Recommends No Action-The Railway Should First be Advertised For Sale. For the sum of \$125,000, the bond holders of the street railway will sel the road to the city. That was the offer made in a letter, from R. Vashor Rogers, trustee, to the civic finance committee, which met, yesterday after mon, at four o'clock, in the mayor's office. The letter is as follows :

"I exceedingly regret that owing the sittings of the high court, which begins to-day, it will be impossible present at the meeting that has been arranged for this afternoon, as pe your letter of Saturday. Meantime. however, I am authorized to say that tence ever imposed by Col. Denison. the bondholders offer the undertaking of the Kingston, Portsmouth and Ca-No motive was discovered for the taraqui Electric Railway company to dastardly deed, and it puzzles the the city of Kingston for 8125,000, the however, and they discovered that his desire, and power be supplied at the had here only. On Thursday, Friday

again in 1884 to another seven years Ald. Meek raised the point as to whether the city council was in favor After this he next turns up in Can- of buying the road at all. Ald. Bell be given to everyone calling for it. It

> Ald. Toye suggested that the city port upon the matter. Let him visit Guelph and study the conditions in that place where the street cars were run by the town.

Ald. Bell claimed that it would wise for the city to take over the road of Police Stark; "With a good system be made to pay, if bought for \$75,000, and if the Williamsville branch cut out and a reduced service given at certain periods of the year. He would advise the council to appoint a com mittee to look into the question of municipal ownership of street railways by visiting Guelph and St. Thomas. Ald. Meek said that the Guelph rail way connected with several

towns outside, which put it in ferent position from a railway operat ed only in a town. Ald, Bell imagined the bondholder would accept \$75,000 for the road offered that amount. However, ers, the committee recommend to council no action. This would bring the Ald. King claimed that the bondholders should have made it definit there, was a market for the road der the present conditions. They should put the road up at auction, so the city might find that out. It no offer was made, then it would be for the city to decide if concessions should be granted in order to get the road in operation again. Finally, the council might consider municipal ownership.

should do nothing till the bondholders had done what they should have done two or three weeks ago. Ald. Meek pointed out that the city had no information that would warrant it taking steps towards municipal ownership of the road.

Ald. Rigney held that the council

Ald. Hoag asked if it was not case of both parties wanting to see which way the cat would jump. A "Building operations in Hamilton conseence with the bondholders would

> Ald. Meek remarked that the people opinion, were desirous of that The motion of no action was carried unanimously, and the committee journed after a fifteen-minute session Had the bondholders been present more light could have been thrown upon the situation.
