"BIG SHOW IN FALL"

BATTLE CRY AT MEETING OF HORTICULTURISTS.

Unanimous Determination to Hold Another Fruit and Flower Show—Words of Praise Spoken of Last Year's Show Encouraging.

"A big show this fall," was the battle-cry adopted at last night's meeting of the directors of the Horticultural Society. Everyone present was unanimous in the determination to hold another flower and fruit show in the autumn, and better than ever.

The fact that the society's receipts and its reserve fund of over \$100 was entirely wiped out by the depleted revenues of last year, for which bad weather was alone responsible, did not discourage the directors. Rather, it made them more determined than ever to go ahead, and put on a show that every citizen would be proud of.

The words of praise, spoken freely by everyone who saw the exhibit last fall, have greatly encouraged the directors. Under the presidency of President Kent, than whom there could not be a better executive officer, the work for the year will be carried out thoroughly and satisfactorily.

For these reasons, the motion of Mr. Water, that an exhibit be held some time in September, at a date to be fixed later, was passed without a dissenting voice. Membership tickets were ordered to be printed to sell at the giving the holder the choice of one ticket, admitting himself, whenever he chose, or of two tickets good for one admission. Children's entrance fee was fixed at 10c, and adults at 25c.

It was decided to hold a two-day show this year to be open, also, on the evening of the first day.

Secretary Guild read communications from outside points regarding the plan of distributing free seeds or plants to school children and offering prizes for their displays of results at the fall show. The scheme had been successful in other cities, but it required money to finance it. Owing to the state of its exchequer the local society regrettably laid the proposition over till another year.

The prize list was slightly revised last night, a number of new classes being added to the amateur list, and prizes in open classes made more uniform. Nearly \$500 is being offered in prizes for the flower, fruit and vegetable classes. M. E. Flanagan, an enterprising director, announced that for the best collection of sweet peas, he would donate a special prize of \$50, and a good show should be the logical result.

SALICYLATE OF SODA. Given by Quack Cause of Man's Death.

Special to the Whig. Montreal, April 18.—Coroner MacMahon, of this city, is investigating the death at Rigaud, Que., of Theodore Charrette, which is said to have been due to the alleged illegal practice of Mrs. Besnier, residing at Ste. Eugene across the Quebec border, in Ontario. Charrette, forty-three years old, was suffering from rheumatism, and after failing to secure relief from regular practitioners, resorted to the services of Mrs. Besnier, who had some reputation in the neighborhood. She is said to have prescribed salicylate of soda, and after taking it three days Charrette died. In small doses the remedy is safe, but in large doses is dangerous. Coroner MacMahon has named three Montreal doctors to hold an autopsy, and the inquest has been delayed until the result of their examination is known.

Dropped All Others. "I dropped all ailments but Nervine because I found Nervine the quickest to relieve pain," writes E. S. Benton, of St. John's. "If my children are crampy or sick, Nervine cures them. If a case of cramps or stomachache occurs, Nervine is ready. We use Nervine for neuralgia, rheumatism and all kinds of aches and pains; it's as good as any doctor." The great Canadian remedy for the past fifty years has been Dr. Peppin's Nervine—nothing better made.

Biscuit Bargains. 3 lbs. of lady fingers, 25c. 4 lb. ginger snaps, 25c. 3 lbs. of mixed cakes, 25c. 3 lbs. of lemon cookies, 25c. at Mullin's.

Miss Stratton, who has been trained nurse at the Deaf and Dumb Institution, Belleville, for the past year, has resigned her position here to accept a situation in the Butcherfield hospital, in Grand Rapids, Mich.

The manager of the band of the Sons of England, Deseronto, has written to the secretary of the Victoria day celebration committee, desiring to arrange for an excursion to the city on that day.

For electrical repairs, phone 94; best work in the city, Halliday Electric Co.

Bananas, 10c, 15c, 20c per dozen, at Carmoy's.

The Allan Line S. S. Sardinian, from Liverpool, arrived at Halifax this morning, bringing 150 second cabin and 125 steerage passengers.

The lockout at Limoges, France, is serious. Strikers are rioting, and troops are called out. One man was killed and many hurt.

A. J. Mason, formerly a hotel clerk in Toronto, committed suicide at San Francisco.

A Narrow Escape. On Sunday night the family of Frederick Clarke, master mechanic on the E. P. railway, who lives on lower Rideau street, had a narrow escape from being asphyxiated by coal gas. A lid had been left off the cooking stove, and the gas from a quantity of new coal, put on just before the family went to bed, filled the house. Mr. Clarke awakened during the night, and feeling that something was wrong, investigated, and found his children unconscious. He fortunately, was just in time to prevent fatal consequences.

The annual meeting of the Woman's Residence Association will be held at the residence, 174 Earl street, on Thursday, April 20th, at 3:30 p.m. All interested are invited to attend.

Mrs. W. Cunningham, piano tuner from Chickering. Orders received at McAuley's book store, Princess street.
