CRUISERS OUT.

French Ships Ordered To Be In Readiness.

ATTEMPT AT PEACE

AGAIN REPORTED IN HIGH RUSSIAN QUARTERS.

St. Petersburg Declares Complete Ignorance of Rojestvensky and His Moves—American Embassy Knows Nothing of it.

Special to the Whig.

London, April 25.—The Times correspondent at St. Petersburg, cables: Both the admiralty and the foreign office declare they have no news of Admiral Rojestvensky. The message from the foreign office asking the admiral to strictly observe the French rules of neutrality was communicated to the squadron through the admiralty's private channels, but no response has come to say whether the squadron has left Kamranh Bay. The foreign office distinctly denies having received or intimated the wish that Rojestvensky should leave French waters. The note handed by Count Lamsdorff did not even give the contents of the Japanese communication. France merely asked for information regarding the squadron's presence in French waters.

A possible explanation of the discrepancy between the French official intimation of Rojestvensky's departure, and the ignorance of the Russian government or the subject, is that the French authorities took the initiative in asking the visitors to leave, and that there was a slight delay in bringing the fact to the knowledge of Russia.

The Tokio correspondent of the Times cables: The Japanese press is gratified that France recognizes and undertakes to observe her neutral obligations, thereby terminating a situation exceedingly perilous. At the same time great regret is expressed for the tardiness of the French action, since Rojestvensky, thereby, was enabled to derive all the necessary advantages of French hospitality, and the delay of justice has shocked the sentiment of friendship Japan is sincerely desirous of entertaining towards France. The presence of a powerful Russian squadron in the far eastern arena is considered largely due to the assistance rendered by French disregard of neutrality.

Cruisers Sent Out.

Paris, April 25.—A telegram from Toulon says it is rumored that orders have been received to despatch French armored cruisers Kleber and Desiax to the far east, and to hold the third class cruisers Casard and Alger in readiness to put to sea.

Another Try For Peace.

St. Petersburg, April 25.—Mysterious rumors that another attempt at peace negotiations is impending, are circulating in high quarters, and the United States is directly mentioned as the intermediary. No intimation of such a move has reached the American embassy here.

A FASHIONABLE WEDDING.

Mother on Trial for Kidnapping Her Child.

Special to the Whig.

Montreal, April 25.—A fashionable wedding taking place this afternoon is that of Miss Florence Ellis, daughter of A. E. Ellis, Sherbrooke street, to her cousin, Capt. Ellis, of the 1st Cameronians, son of Charles Ellis, Wimborn, Dorset, England, at the church of St. John, the Evangelist. This evening Capt. and Mrs. Ellis leave for St. John, N.B., whence they sail Saturday for England. They will spend their honeymoon in Europe, sailing in January for India, where Capt. Ellis' regiment is stationed.

The United Hebrew Trades' Union, of Montreal, has called a meeting for Wednesday to protest against the action of the committee of the Baron de Hirsch Institute, in sending immigrants to take the places of the Sydney brick layers, who are on strike.

Mrs. Lorenz, to answer to a charge of kidnapping her child, before the New York courts, left for that city last night in custody of Detective Lawson. The fight for the child here lasted several months, the little one having unwillingly gone back with her father a couple of days ago. Lorenz had secured a divorce from his wife and the courts gave him the custody of the child. The mother brought the child here in defiance of the law, and will now have to go on trial for that offence.

Potential Markets.

Special to the Whig.

Toronto, April 25.—His excellency, the governor-general, and Lady Grey, arrived in Toronto at 7.30 o'clock, last night. Lord Grey, at the Toronto Club banquet, spoke of the potential markets across the Pacific, the way to which was kept open for Canadians by the British fleets towards which the dominion was not contributing a dollar.

Died On A Cross:

Trinidad, Colo., April 25.—On the cross, just as the Saviour died, centuries ago, a fanatical member of the Penitents is reported to have died Saturday at Torres, Las Animas county, Colorado. Several Trinidad people claim to have been among the eyewitnesses, but they agreed among themselves not to talk for publication, so the details are not yet known. According to the report current here, however, the victim was nailed to a cross of his own formation and died in agony that he did not seem to feel, wrought as he was to a delirium of religious fervor. The story of the crucifixion is vouched for by Henry D. Robinson, an automobile agent of this city, who saw a crowd of Mexicans, who had been eyewitnesses and were discussing the tragic scene. In the old days, so it is said, the carrying out of an actual crucifixion was not uncammon among the Penitents but it was supposed to have been abandoned long ago, although it is known that the practice of self-torture is still carried out among the members of the order during holy week.

Husband Hears Wife's Suicide.

Wheeling, W. Va., April 25.—"Goodbye; I cannot stand it any longer. I thank you for all you have done for me," cried Mrs. Charles J. Haberstick to her husband over the telephone. Before Haberstick could reply he heard a pistol shot and knew his wife had taken her life. He rushed home to find her dead on the floor. The woman's only child, a daughter of sixteen, was the sole witness of the tragedy. Intense suffering from catarrh in the head is supposed to have been the cause of the act.

COLONY LINK.

Between Canada And Newfoundland.

HAS LET CONTRACT

STEAMSHIP SERVICE STARTING AT CARDIGAN BAY.

Alum in Bread—Bulletin on Subject to be Issued by the Government—To Have a Line to Connect With the Grand Trunk.

Ottawa, April 25.—The government has arranged for a second steamship connection between Canada and Newfoundland. A contract has been entered into with R. G. Leslie, Halifax, to put a steamer on a route which starts at Cardigan Bay, Prince Edward Island, and taking in Pictou and Cape Breton ports, including Sydney, extends to Placentia Bay, Newfoundland. The subsidy consideration is $8,000. The service will be inaugurated with the beginning of navigation. The only regular steamship connection with Newfoundland at present is that furnished by the vessels of the Newfoundland railway plying to Sydney.

The inland revenue department will shortly issue a bulletin in which attention will be drawn to the presence of alum in bread that is offered for sale in many places. In the old country the use of alum is forbidden by law, on the ground that it is injurious to the health.

Ottawa will have direct connection with the Grand Trunk Pacific, through the construction of a line 235 miles long to strike the main line of the transcontinental road at or near Lake Abitibi.

Salvation Army's New Plan.

Special to the Whig.

Montreal, Que., April 25.—A dispatch from London says: The first floating labor bureau ever established is on board the steamship Vancouver, which sails from Liverpool to-day for Canada. The vessel has been chartered by the Salvation Army. It sails under the army flag, and carries more than 1,000 workless Londoners to the dominion. On board also are members of the army's Canadian contingent—labor experts full qualified to advise British emigrants as to the conditions of work and chances of remunerative employment. The emigrants are chiefly of the better class, including unemployed clerks and artisans and unskilled laborers and domestic servants.

Looking For The Russians.

New York, April 25.—A Shanghai despatch to the Herald, dated Monday, says: "The northern waters of the sea of Japan are illuminated every night by the searchlight of Japanese torpedo boats, whose object is to prevent the passage of Russian battleships. The Japanese fleet is now probably to the south of Formosa. Thick weather prevails and it is thought the Baltic fleet may slip northward far to the east of Formosa.

THE JEWS IN RUSSIA

Threatened With Another Outbreak on May 6th.

Special to the Whig.

Odessa, April 25.—There is evidence at hand that another slaughter of Jews is planned for the Russian Easter festival, beginning May 6th. Circulars are being openly distributed, signed by the nationalist committee at Odessa, Kieff, Kishineff, and a dozen other places: "We have been negligent long enough in the duty of extermination," says the circular. "Let it be remembered in the approaching holy season. Russians, make an end of the Jews. The fall of France and of Poland was due to the Jews, and the Jews are now plotting to make an end of Russia. But that day shall never come." The following "warning" has appeared in the Odessa Official Gazette: "It is high time that you stop your lies and calumnies. Those that are sending deputations to the authorities, praying for protection against alleged future attacks, must instantly desist from such disloyal practices, and they are admonished that they might emply their time better by advising their children and friends not to engage in strikes and other acts of public disorder. Whosoever in future dares open his mouth about projected excesses and preparations for attacks upon the Jews will be subject to heavy fine, imprisonment, and corporal punishment." Notwithstanding these veiled threats by the authorities, it is stated that 100,000 Jews are arming, and prepared to defend themselves and their women, who in former riots were victims of unspeakable brutalities of the mob, and are also arming themselves with flasks of vitriol.

TWO BROTHERS MISSING.

Thought to Have Been Swept Over Niagara Falls.

Special to the Whig.

Niagara Falls, Ont., April 25.—Thomas and John Knapp, brothers, aged thirty-five and thirty-nine years, respectively, of Chippewa, Ont., have been missing since last Saturday afternoon, and it is believed that they have been swept over the Horseshoe Falls to death. The Knapp brothers did considerable fishing on the river above the falls. Pieces of their boat have been picked up on the lower river, and in Chippewa their friends feel there is no doubt but what the two brothers lost their lives in the Niagara torrent.

People who were along the upper river Saturday, about five o'clock, state that they heard cries coming from the river, but were unable to locate the source from which they emanated. Now it is thought it was the Knapps who sounded the alarm when realizing they were caught in the deadly current that leads to the cataract.

Special to the Whig.

Rossenu, Ont., April 25.—A sad drowning accident happened at Turtle Lake, near here, by which Samuel Huffman lost his life. He took his canoe out for the first trip this spring, in the face of a heavy wind. His son entreated him not to go, and his wife refused to accompany him. Mr. Huffman went for some distance along the shore in safety, but in attempting to turn back the canoe upset and before assistance could reach him he went to the bottom. The body was found in ten feet of water. Huffman was about fifty years old and leaves a large family.
