IMPORTANT SCIENTIFIC DISCOVERY. A Clinical Preparation That Positively Kills the Dandruff Germ. A most important discovery has been made after a year's patient laboratory work aimed in a certain direction. It is Newbro's Herpicide, a preparation that prevents falling hair, and speedily and permanently eradicates dandruff. These evils are caused by a germ or parasite that burrows into the scalp, throwing up dandruff, and it seeks to sap the life of the hair at the root. There's no baldness without falling or thin hair, no thin hair without dandruff, and no dandruff if the germ is destroyed. Newbro's Herpicide is the only preparation that will do the work. "Destroy the cause, you will remove the effect." Sold by leading druggists. Send 10¢ in stamps for sample to the Herpicide Co., Beersville, Mich. G. W. Mahood, special agent.
