BABY TODD'S CURE OF SORE EYES

Over Two Years of Awful Suffering—Eyes Stuck Together and Would Bleed When Washed Open in the Morning—Every Lash Fell Out.

ANOTHER WONDERFUL CURE BY CUTICURA

"I feel it my duty to tell of two most wonderful cures of sore eyes by Cuticura Ointment. My little son had an attack of measles which left the eyes in a shockingly bad state. The lids became inflamed and sore and every lash fell out. For two years and ten months I tried many eye ointments and lotions, besides following every advice given me, but nothing seemed to do them any good. They would be stuck in the morning, and I had to bathe them in warm milk and water, which was a very trying duty, as the eyelids would always bleed, causing the child untold suffering. I had heard a lot about Cuticura Ointment, so I thought I would try it, and from the first application I have had cause to be thankful. Before I had used one box of Ointment the lashes showed signs of growing and at the end of a few months he had a crop of lashes of which any person might be proud. I recommended Cuticura to a Mrs. Phillips for her child, who also had sore eyes, and her little one was cured with less than one box. I have advised dozens of people to use Cuticura Ointment, often stopping them in the street, as I did Mrs. Phillips, who was a total stranger to me. I have written to relatives in England and Ireland telling them of its wonderful virtues. I am sending you this testimonial of my own free will, in the hope that others may be benefited as we have been. (Signed) Mrs. C. Todd, Old South Head Road, Waverley, Sydney, N.S.W." Reference, Messrs. R. Towns & Co., Sydney.

Contains Elastic ... as follows: ... 36 yards each of Narrow ... of good quality. The usual ... \$1.40 card.

Weeve's Food For Infants, Invalids, And The Aged.

GOLD MEDAL, WOMAN'S EXHIBITION, London, 1900.

DR. BARNARDO says: "We have already used Weeve's Food in two of our Homes for the Cripple and Village Home, and I have no hesitation in saying it has proved very satisfactory."

RUSSIAN IMPERIAL NURSERY. Wholesale Agents—THE LYMAN BROS. & Co., Ltd., Toronto and Montreal.

Where Men Get Hurt

APPLICATION TO PARLIAMENT.

NOTICE IS HEREBY GIVEN THAT the Upper Canada Religious Tract & Book Society, incorporated by Stat. Chap. 18, Vict. c. 280 as amended by Stat. Chap. 18, Vict. c. 129, will apply to the Legislative Assembly of the Province of Ontario, at the present Session, for an Act enabling the Society to carry on work for the benefit of sailors of the Society, and in particular to the work of such purpose to use the funds provided by the Society, and to employ persons in promoting the material and moral welfare of sailors residing at sea, and in carrying on the work of such purpose to the benefit of such sailors, and in particular to the work of such purpose to the benefit of such sailors, and in particular to the work of such purpose to the benefit of such sailors.

BROADBIRM'S Letter From Greater New York.

PAY FEARFUL PRICE FOR KNOWLEDGE OBTAINED BY THE HUMAN RACE.

American Feelings for Japan Not Weakening—Battle of the Equitable Life Insurance Company.

Special Correspondence Letter, No. 1,457. New York, April 26.—Easter is here! Easter Sunday morning broke like a benediction. Spring bonnets and spring trousseaus came to the front and Bridget looked very much finer than her mistress, when arrayed in all her finery of the season. Take her as she stood and she would have been an advertisement for everything that is good from the fancy milliner to the latest Parisian modiste. She would have been a feature on the front of an automobile. There were no wry faces or black looks; how could there be when everything around us was bursting forth with beauty, and all the trees and shrubs putting on their best holiday attire. It was the realization of the promise that will never die, reminding us of life's joy and gladness, though death may be an acknowledged fact for the passing hour. Even after a long and dreary winter with fearful storms and suffering untold, in the trees, the flowers and the grass, we are reminded that there is something beyond death for the opening buds that are bursting forth in beauty, are typical of Him, who on the Easter morning, nearly two thousand years ago, passed the gates of death and ascending the everlasting happiness, is sending this message to the children of men, "I am resurrected and the life." Although we cannot fail to realize that mighty nations are shaken as a reed is shaken by the wind and that opposing millions are striving against each other, let us hope for a higher and a better life.

AN EXCELLENT FOOD, admirably adapted to the wants of Infants.

Sir CHAS. A. CAMERON, C.B., M.D., Professor of Childbirth, R.C.S.I., &c., President of the Royal College of Surgeons, Ireland.

Verona Verities. Verona, April 25.—Sidney Emmons has moved his shop and dwelling near Joseph Storms' and is engaged in boat building; he has a fine skill in repairing completion. Frank Walker has just completed his contract with M. Simmons & Co., millers, and placed in their mill yard 103 cords of hard wood, the largest wood contract of any firm selling wood in this county this year. Kingston, South Veronians have rented the farm of W. D. Perry's, and with her family, intends moving to Pieton. J. McCullough has rented his farm to the Davy Bros. Mr. Robinson, engaged here in keeping store for the last six months, is leaving Kingston, to-day, with his effects; ill-health is the cause of him giving up business. U. Steadman, Camden East, will resume business in the old stand again; his numerous friends will be glad to see him. A. Snider has sold his village dwelling to J. Dyer.

Perth Road News. Perth Road, April 27.—The Sunday evening service was more than usually attractive. A large congregation was present. The altar was handsomely decked with Easter lilies and special Easter music was rendered by the choir. Our school which is under the management of Miss Minnie Gummer, has closed for the Easter holidays. There is rumors of several weddings in the near future. Our cheese factory has commenced its season's operations with a good supply of milk. Laroy McCrimmon has engaged for the season on the schooner Annandale. Miss Bertha Sears has returned home after visiting her sister, Mrs. H. J. Powell, Portsmouth, Visitors: Eddie Campbell, Boston, Mass., is visiting friends here. A. McCrimmon, James Traverser, at Roy McCrinnon's, Point Vallies and family, Newboro, at S. Babcock's, Visitors: Ritchie spent Sunday at Leland.

\$100—Reward—\$100!

The readers of this paper will be pleased to learn that there is at least one disease which science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is a constitutional cure, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of this medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials to Dr. J. C. HENNEY & CO., Toledo, O. Sold by all Druggists. 75c. Take Hall's Family Pills for constipation.

The Japanese are experts at ruses of all descriptions. A very unusual one was resorted to in the recent battle of Mukden. A score of Russian infantrymen approached a spot where a great number of Japanese had apparently been. They pointed significantly at the motionless figures as evidence of the slaughter their troops had inflicted on the enemy. But suddenly the tables were turned. The supposed corpses jumped up and water, and poured in a murderous fire on the Russians, only one of the latter escaping to tell the tale. The sketch is taken from a Russian illustration of the incident.

A NEW IDEA. Tonic Treatment for Indigestion—New Strength for the Stomach from New Rich Red Blood.

The Tonic Treatment that is the latest and only scientific cure for indigestion. All the leading doctors of Europe and America are using it with sensational success. No more purgatives, no more long diet lists, saying "Thou shalt not eat this or that. No more of all this—nothing, in fact, but plenty of new, pure, rich red blood to tone the liver and give the stomach strength for its work. That is the Tonic Treatment for indigestion. The Tonic Treatment is based on the new idea that drugs which digest the food for the stomach, really weaken its powers through disuse. The digestive organs can never do their work properly until they are strong enough to do it for themselves. The only thing that can give the stomach and the liver new strength is good blood—and the only thing that can actually make new blood is Dr. Williams' Pink Pills for Pale People. They have long been known as the greatest blood building tonic in the world, and all the highest, medical authorities agree that the one scientific cure for indigestion is the Tonic Treatment. The remarkable success of the treatment has been proved in every corner of the Dominion. One of the latest witnesses is Joseph Rochette, St. Jerome, Que., who says: "I simply hated the thought of food. Of course I had to myself to eat, but afterwards I always suffered from dull, heavy pains in the stomach. I seemed to be bilious as well and this caused severe headaches, which further aggravated my unfortunate position. I grew pale, lost weight, and the trouble seemed to be undermining my whole constitution. I tried several remedies, but without success; a doctor whom I consulted advised absolute rest, but this was out of the question as I had been used to my work. Fortunately for me, one of my friends advised me to use Dr. Williams' Pink Pills, and I decided to do so. After taking the pills for several weeks, there was a decided improvement in my condition. My appetite improved, my digestion better, but my general health was not improved in every way. New blood seemed to be coursing through my veins, bringing new health and strength every day. I took eight boxes of Dr. Williams' Pink Pills, and those who see me now would never know I had been unwell day in my life. I owe my splendid health to these pills, and strongly advise every dyspeptic or weak person to lose no time in taking them. Mr. Rochette's statement is a strong tribute to the Tonic Treatment. Dr. Williams' Pink Pills cured him because they actually made new rich blood for him. These pills go right down to the root of the trouble in the blood and cure that. The new blood they make carries healing health and strength to every part of the body. That is the Tonic Treatment, and the highest medical authority now recommends this treatment for all the common ailments such as anaemia, headaches, backaches, nervousness, dyspepsia and general weakness. These are all caused by bad blood and therefore are all cured by Dr. Williams' Pink Pills. You can get these pills from any medicine dealer or by mail at 50c. a box, or six boxes for \$2.50 by writing to the Dr. Williams' Medicine Co., Brockville, Ont.

THINGS THEATRICAL.

THE CALIFORNIA UNIVERSITY WANTS BEN GREET.

Mantel Made Money in Shakespearean Plays—How An Actor May Attract An Audience

Margaret Anglin has scored a genuine hit in San Francisco with "Zara." More plays are written for Maude Adams than for any other actress save Bernhardt. "Business is Business" will be produced in London by Beerholm Tree, who has secured the English rights. Scenery has been ordered for the Southern-Mantons revival of "The Merchant of Venice," to take place next season. De Wolf Hopper will be the all-summer attraction at the Garrick theatre of Chicago, where he will be seen in a new opera. It is very probable that next season Lillian Russell will be seen in a musical version of "The Taming of the Shrew," entitled "Katherine." "Alice Sit By The Fire," is the title to Miss Ellen Terry's latest London production at the Duke of York theatre, which occurred Wednesday of last week. Wilton Laskave's revival of "Trilby" will be made with many members of the original cast including Virginia Harmed, Burr McIntosh and Ignacio Martinetti. Mary Manning joins Bernhardt in believing that women like acting because it appeals to their vanity. But also, she adds, because it pays better than any other calling open to them. Shakespeare didn't spell ruin for Robert B. Mantel during his engagement, February and March, at the Alvin theatre, Pittsburgh, Pa. The reports are reported to be as follows: Richard III., \$8,575.25; Othello, \$11,054.05 and Hamlet, \$10,322.40. Ben Greet's players gave a performance of "Hamlet" on the "Parsifal" order in Chicago recently. The first act began with an extended lecture on the conclusion at three o'clock, and at the conclusion at eight o'clock, there was an intermission until eight o'clock in the evening when the balance of the play was offered. An effort is being made, it is said, by the faculty of the University of California to secure the services of Ben Greet, as a professor in that institution. His stage productions, as President Wheeler explains, would have the same relation to his lectures on the drama that laboratory work has to his advanced students now at the university, and so he has been offered the chair of Dramatic Literature. Mr. Greet's decision has not been announced. On April 24th, in Denver, Chauncey O'Leary began an extended tour of the important western and Pacific Coast cities, including Salt Lake City, Colorado Springs, Sacramento, Stockton, San Jose, Oakland, San Francisco, Portland, Oregon, Tacoma, Seattle, Spokane, Annapolis, Helena, Butte, and Duluth. "A Romance of Athlone," and "Terence," are to be used during the tour. Mr. O'Leary will have the assistance of a strong company of New York actors and actresses. Madame Bernhardt will arrive in New York late in October, and will begin her New York engagement, probably at the Lyric Theatre, November 1st. After two weeks there she will visit Chicago, St. Louis and other western cities, and then return to Paris. All the appearances will be in standard plays, and will include "Carmilla," "Frou Frou" and "Article 47," as well as two new plays. The organization which includes many noted players who have long supported Madame Bernhardt, and others will be recruited in Paris. New York Globe: Four of the six plays that Mansfield is acting here are poor and the other two are excellent. The two others, "Richard III." is not Shakespeare when he is most interesting, while outside the scenes for Shylock little of "Merchant of Venice" remains in Mansfield's version. For two weeks he has filled a large theatre nightly. These audiences have been notably intelligent. Their applause has been quick, long and sincere. By every sign it is Mansfield's acting that has attracted them, and the sense of a man who has a personality—pleasant or unpleasant—behind it. A special performance has been given in England of a new play named "The Dryad," by Justin Huntly McCarthy. Following his usual custom, Mr. McCarthy has utilized the same plot both for a drama and for a novel. He has laid his scene in Greece, at the beginning of the fourteenth century, when French dukes reigned in Athens in great splendor, and with an amazing display of chivalry. His heroine is Dryad, the last link between the living world and the old heathen divinities, a beautiful girl, whom Olympian Jove has conferred the gift of immortality. The play treats of the love of this immortal girl for a mortal youth and the adventures into which her passion leads her, until, triumphing over self, she wins redemption from her birth-right at the hands of the gods.

Some elegant West of England Worsted to go with frock coats. \$3.50 to \$7.50. Only one Fit-Reform Wardrobe in this city—E. P. Jenkins, - Kingston.

PAINT! PAINT! When looking for Ready-mixed Paint ask for the ISLAND CITY. It is the most durable and economical paint made. One gallon will cover 400 square feet—one coat; and is guaranteed to give satisfaction. ...Elliott Bros...

Church's ALABASTINE is a SANITARY WALL-COATING. It is porous, and permits the free passage of air. Kalsomine, under whatever name or claim, is only temporary—rubs off on everything that comes in contact with it. Wall-paper with mouldy paste on the back, and arsenical poisoning matter in the finish and coloring on the face is unsanitary. Besides kalsomine, wall-paper and paint obstruct wall respiration. The walls of hospitals are never papered—the reason is obvious. Information about how to make home healthy as well as beautiful is desirable. Write us. Our reply will be a positive benefit to you. Address The Alabastine Co. Limited, Paris, Ont.
