Elaborate showing of Millinery

To day's showing of Millinery is of a character so varied as to appeal to the tastes of the most exacting. There are soft chiffon hats in many shades, beautifully shirred and tucked, jaunty little polos in variegated tints and coloring, and forget-me-not hats, large and small, of the most alluring description. The "Mother Goose"—the latest and most artistic development of the Charlotte Corday—is shown in white and fancy models, and altogether the exhibit is of the decidedly unusual. Every new idea Dame Fashion has to offer is exemplified, but without the extravagance of price affected by the stores of the larger cities.

DOMESTIC TRAGEDY.

Husband and Wife Found Dead in Field.

Blackpool, Eng., May 4.—The bodies of Robert Rushton Shaw, an Englishman, who formerly lived at Burnley and inherited a small fortune from his father, and his wife, Elizabeth, to whom he was married in Philadelphia about five years ago, were found in a field in the suburbs of this town early yesterday. Both had been shot and there was a revolver beside the bodies. It is believed to be a case of double suicide. It is stated that the couple intended to sail for the United States on a visit to Mrs. Shaw's mother in Philadelphia. They leave two children.

The tragedy unfolds a pitiful story. After five years of happy marriage, it is alleged, Shaw discovered a fortnight ago that his wife was involved in an intrigue two years before her marriage. According to the story, he taxed her with the offence and as a result of her admissions he told her to prepare immediately to sail for America, leaving their children at Blackpool. They started on Tuesday, seemingly reconciled; but Shaw's mother was suspicious and caused neighbors to follow them. Shots were heard and the bodies were discovered. Each was shot through the mouth, the woman having carefully removed her hat and placed it beside her husband's on the grass. A double ticket for New York by the steamer Majestic was found in Shaw's pocket.

CAN GET NO QUAIL

FROM UNITED STATES FOR WESTERN ONTARIO.

Deputation Asks to Have Provincial Dams on Trent Valley Waterways Transferred to Dominion Department—Would be Advantageous.

Special to the Whig.

Toronto, May 4.—A deputation from Peterboro, headed by Mayor Best, waited upon Hon. Dr. Reame, this morning, and urged that the provincial dams on the Trent Valley waterways be transferred to the Dominion Department. It was urged that the control by one department would be of great advantage to all directly or indirectly concerned. Consideration was promised.

Chief Game Warden Tinsley has not been successful in his efforts to secure from the United States 120 down quail for propagation in Western Ontario. In Tennessee and Kansas, where aviculture was first made, the express companies refused to take shipments, and the head of the game department, at Washington, said that owing to the severe winter, the demand from all quarters of the United States for quail was so great that requests from other countries could not be considered.

FRONTENAC CHEESE BOARD.

Price Too Small—No Sales Effected.

Kingston, May 4.—The second meeting of the season of the Frontenac Cheese Board was held today in the Whig Hall. There was an attendance of about thirty-five salesmen and eight buyers. President Cramer presided, and conducted business expeditiously. An account of \$3 for advertising an adjourned meeting, last fall, was ordered to be paid on motion of D. J. Mackinnon. These factories had cheese on sale:

White-Arigan, 30; Cataract, 30; Cold Springs, 70; Keenan & Son, 70; Morning Star, 31; Ontario, 30; Pine Hill, 104; Rose Hill, 61; Sunbury, 30; McGrath, 50; Collins Bay, 40.

Colored—Glenburnie, 70; Glenvale, 30.

There were 100 colored and 542 white on sale. The price offered, 94¢, was considered too low, and salesmen refused to part with their holdings; the majority looked for at least 10c.

These directors were appointed: Howe Island, P. Leavis; Pittsburg, D. McLean; Oro, John Hetherington; Wolfe Island, R. J. Spoor; Kingston, W. Blacklock; Loughboro, J. Keeley; Portland, J. Campbell; Stortington, C. Longwith; Hinchinbrook, G. Killins.

S. Greer, Wolfe Island, introduced the subject of loyalty to the board, nothing out of that it was damaging to the interests of the board for salesmen to dispose of cheese outside of regular meetings. W. J. Franklin remarked that better prices were paid on the street than on the board.

J. M. Greer did not agree with this statement, saying that the same price prevailed on the curb as on the board.

John Martin regretted that salesmen did not confine their efforts to the board; selling on the street was injurious to both board and salesmen. If sales were confined to the board, buyers would soon realize that they must run too prices.

President Cramer followed in the same strain, and cautioned salesmen against selling on the curb; that was one way to help injure the board. He hoped the practice would be discontinued.

The board accepted the report of the special committee appointed to secure the best price for the cheese. The committee recommended the Whig Hall as a place of meeting.

Queer State Of Affairs.

Sault Ste. Marie, Ont., May 4.—The city council of the Michigan Soo is in a deadlock over city appointments. The democratic members last night came to this side, and say they will remain away until they are given a share in the patronage of the city. The saloons are running without licenses. These saloons have asked the council to legalize the sale of liquor licenses, and say if necessary, they will go to the state legislature, asking to declare the mayor and other half of the council a quorum.

MARRIED IN LOS ANGELES.

Bride and Groom Are Both Canadians.

Dainty in its appointments was the wedding of Miss A. Amelia Bell and William Cranston which took place on Wednesday, April 26th, at the home of the bride's uncle, Edward Fraser, West Washington street, Los Angeles. Rev. Robert P. Howell, Union avenue Methodist church officiating.

The parlor was effectively decorated with white carnations, smilax and ferns, while the color scheme of the dining-room and hall was red, interspersed with greenery. One of the features of the decoration was the bride's table, which was a creation of beauty, consisting of etables and flowers centred by the attractive wedding cake.

The bride was charmingly attired in white organdie made with bertha and yoke of lace. Her hair was tastefully dressed with orange blossoms and white satin bows, and she carried a shower bouquet of white roses. Ulysses Baynton presided at the piano, and while rendering Mendelssohn's wedding march, the bride entered the parlor on the arm of her uncle, through an aisle of white satin ribbon, formed by four little flower girls, Misses Vivian Howell, Mary Corbin, Eunice Arenz, and Bessie Leming. These were dressed in white, and carried baskets of flowers, from which they scattered rose petals. Immediately following the flower girls, and preceding the bride, came little Miss Dorothy Park, bearing the ring in a lily. The bride and groom met under three floral bells hanging from the archway, where the nuptial knot was tied. They were unattended.

Over forty guests witnessed the ceremony and partook of the wedding supper. The bride received beautiful gifts of cut glass and silverware from her friends in Los Angeles and her uncle's presents were most numerous, useful and costly.

Mrs. Cranston will receive at the home of her uncle until her own home is completed on 20th street. The bride and groom are both well-known in social and educational life here, the bride having taught school in Addington for four years. She is the daughter of A. P. Bell, Desmond, and the groom's father was the late Lewis Cranston, Newburgh.

CURIOUS CUSTOM.

Smoking at Gravesides in Irish Cemetery.

Chicago News.

A very curious old custom is associated with interments in the cemetery of Labruick, Connemara, Ireland. A box of pipes—short clay—was brought with each coffin, and a pipe with tobacco served out to the mourners. The pipes are smoked in silence after the earth has been filled in and a mound of stones raised above the grass; the ashes are solemnly knocked out on the top and the pipes broken or left behind. The origin of this custom is unknown, but it is thought to be emblematic of "ashes to ashes, dust to dust." Empty black bottles are also to be found scattered about the site.

Henry Cunningham, piano tuner from Chickering. Orders received at McAuley's book store, Princess street.

To Make Pure

Biscuit, cake, rolls, muffins, dumplings, etc., a pure leavening agent is indispensable.

While the Royal Baking Powder is reported absolutely pure and healthful, the official reports show most other baking powders, as well as the cream of tartar of the market depended upon by many housekeepers for raising biscuit and cake, to contain either alum, ammonia or sulphuric acid.

The Government Analyst of Ontario says:

"As a result of my investigation, I find the Royal Baking Powder far superior to the others. It is pure, contains none but wholesome ingredients, and is of greatest strength."
