WITH THE MILITARY.

NEED OF A RIFLE RANGE FOR KINGSTON.

Life Being Instilled Into the 47th
 Regiment—Command of King-
 ston Military District Has
 Developed Into One of Im-
 portance.
 There are many signs that some
 "life" has been instilled into the old
 47th Regiment. Lieut.-Col. Mabes
 seems determined to bring the regi-
 ment up to its former condition of
 efficiency, and is actively engaged
 looking after the details that so
 often escape the notice of command-
 ing officers. In the first place, he has
 decided that the Napanee band shall
 become the regimental musical organi-
 zation, and arrangements have been
 made for its performance. The band
 instruments belonging to the regiment
 (such as are serviceable) have been
 transferred from this city to Napanee.
 The bandmen will be fitted out with
 new uniforms and will go into camp
 fully equipped and up to strength.
 The enthusiasm displayed by Col. Ma-
 bes has affected the officers of the regi-
 ment, who are once more "backing
 up," determined to show themselves
 up-to-date. Every officer has ordered
 a new cap of the approved naval pat-
 tern, besides a blue serge for evening
 wear, and when they go into camp
 they will all be properly clothed. Re-
 ports from company headquarters are
 to the effect that the recruiting is pro-
 gressing satisfactorily, and that every
 unit will be up to strength. The shak-
 ing up has had a salutary effect, and
 the old regiment will appear before
 the people stronger and better drilled
 than ever. As young Col. Mabes un-
 dertakes his job, and the regi-
 ment is found to profit by his cease-
 less desire to have all matters cor-
 rectly attended to.

If Kingston is to longer remain
 without a rifle range, it will not be
 due to lack of effort on the part of
 Col. Buchanan, who, during his regime,
 exerted every influence to secure
 for Kingston a capable range. He re-
 cognized the need of such a place of
 training, and the handicap the local
 range, near Armstrong's point, had
 for so many years, and bent his ef-
 forts towards securing a suitable
 range. After a careful search of the
 outskirts of the city, he selected a
 place on the waterfront, west of
 Portsmouth, alongside Baker's point.
 The site is suitable in every way, is
 convenient (when the street cars are
 in operation) and perfectly safe. It is
 the long hope of every officer, non-
 com. and man of Kingston garrison
 that the militia department may see
 its way clear to acquire this site and
 fit it up as quickly as possible. Six or
 seven years have passed since the sol-
 diers of Kingston garrison and King-
 ston district have had an opportunity
 of enjoying target practice. It is ut-
 terly impossible to train soldiers to a
 state of efficiency under such condi-
 tions, and it is a wonder the officers
 long ere this have not rebelled at the
 apparent indifference of the militia
 department to the needs of Kingston.
 Col. Gordon cannot do anything more
 pleasing to the local garrison than to
 take up the work where Col. Buchanan
 left off, and secure the much-desired
 range. Then the whole garrison will
 rise up in their might and salute.

Ottawa is to have a company of the
 C.A.S.C., Major S. E. de la Ronde,
 chief of Ottawa police force, who is to
 command, being at present engaged
 in organizing the corps, which will
 have headquarters in the rooms of the
 Ottawa Amateur Athletic association,
 owing to the crowded condition of the
 drill hall. That No. 5 company will be
 one of the best of the C.A.S.C. is ac-
 cepted as a matter of fact, Major de la
 Ronde, as captain of "B" company, 3rd
 Regiment, always had the largest,
 and most efficient unit of the regi-
 ment, and its members captured more
 prizes for shooting, etc., than prob-
 ably those of any other single com-
 pany in Canada. Major de la Ronde
 has the happy faculty of being able to
 gather around him men of the very
 highest type, and into his new com-
 mand unit of this class will be drafted.
 His wide experience in camps as D.A.
 Q.M.G., S.O., etc., highly qualifies
 him for the command of a company
 of the Army Service Corps. It is ex-
 pected that No. 5 company will go
 into camp at Rockcliffe (Ottawa) in
 June and perform all the duties ex-
 pected of a unit of the C.A.S.C.,
 though the company is at present op-
 erating in the stage of organizing. But
 Major de la Ronde never undertakes any
 task without making a complete suc-
 cess of it.

The officers of the 47th Regiment
 possess a rare leikloon, trophy, souve-
 nir or whatever it may be called. It
 is the drum major's staff of the old
 "Reds"—the Royal Canadian
 Rifles. The staff is in splendid condi-
 tion, as sound as the day it was
 made. It is in Col. Mabes's keeping,
 and he will see to it that the staff is
 kept safe and passed on to his suc-
 ceesor. The late Sir George A. Kirkpat-
 rick, when an officer of the 47th Regi-
 ment, secured the staff at a sale of de-
 tails of the old Canadian Rifles, and
 presented it to the 47th Regiment, in
 whose possession it has remained ever
 since, a matter of about thirty-five
 years. The staff is made of massive
 silver, beautifully carved. Some of
 the band instruments used by the old
 Canadian rifles are owned by the 47th
 Regiment, and are still serviceable.
 They are made of metal much heavier
 than is put into instruments of to-
 day, while the workmanship is far
 superior.

\$20,000 DEBENTURES

TO BE ISSUED FOR THE LIGHT PLANT.

To Pay Off Capital Expended in
 Improvements—The Alfred
 Street Gas Main to Be Ex-
 tended as Soon as Possible.
 At a special meeting of the light
 and power committee, held at the
 noon, were Alds. King (chairman),
 McCann, Angrove, Walkem, Givens and
 Toye.
 These tenders were received for en-
 gine repairs: Davis Dry Dock com-
 pany, \$638.45; George Wright, \$640.
 80; Kingston Foundry company, \$933.
 40. That of the Davis company being
 the lowest, was accepted.
 A tender was received from the
 Kingston Foundry company for cast-
 ing tenders for these and related
 at the meeting of the committee last
 Tuesday. On the following day, the
 foundry company's tender was handed
 to Mr. Campbell. There was some dis-
 cussion as to whether the tender
 should be received. The chairman said
 that the tender for pipe and casting
 was combined, but Mr. Hewitt had
 notified him that he thought the pipe
 could be secured cheaper in Montreal,
 and he had the Kingston Foundry com-
 pany, and he had intended to find out
 if former prices still held good. In
 view of this, he thought it would be
 well to re-open the question and not
 make the award passed last Tuesday.
 The tender of the Kingston Foundry
 was opened, but found to be higher
 than that of the Canada Foundry
 company, Toronto.
 On motion of Ald. Givens, it was de-
 cided to purchase sixty meters as re-
 ported necessary by Mr. Campbell.
 The chairman brought up the mat-
 ter of gas main extension, and raised
 the question as to whether the com-
 mittee could not proceed as the water-
 works department does, viz., lay
 mains where the applications of rate-
 payers result in the payment of
 eight per cent. of the outlay. The
 chairman said, provided for such pro-
 cedure in connection with lighting as
 well as waterworks plants. The city
 engineer proposed that as soon as the
 \$182,000 of debentures had been sanc-
 tioned by the legislature, an order
 should be made for authority to bor-
 row \$20,000 more by debentures in
 order to clear up the capital expendi-
 ture made by the company and the
 city since an arbitration award, and
 give a balance of \$5,000 for further
 extensions.
 Ald. Toye wanted to know how the
 money to remodel the present mains.
 The chairman replied that the city
 solicitor had stated that if the water-
 works department could not raise the
 necessary amount, the city engineer
 should bring an increased revenue, to
 a certain extent, the money could be
 borrowed as is done by the water-
 works.
 In reply to Ald. McCann, the chair-
 man said, that the \$20,000 could be
 borrowed on debentures with the au-
 thority of the lieutenant-governor,
 without submitting a by-law to the
 people. At present five per cent. is be-
 ing paid. If the debentures were is-
 sued, there would be a saving of one
 per cent.

Ald. Givens thought that the ap-
 plications from Alfred street residents
 warranted the extension of the mains
 on the west side of the street.
 The chairman replied that the city
 engineer had stated that the water-
 works department could not raise the
 necessary amount, the city engineer
 should bring an increased revenue, to
 a certain extent, the money could be
 borrowed as is done by the water-
 works.
 In reply to Ald. McCann, the chair-
 man said, that the \$20,000 could be
 borrowed on debentures with the au-
 thority of the lieutenant-governor,
 without submitting a by-law to the
 people. At present five per cent. is be-
 ing paid. If the debentures were is-
 sued, there would be a saving of one
 per cent.

TO OPEN UP STREET.

What is Now Proposed to Get a
 Thoroughfare.
 Agitation is again being revived for
 the opening of Sydenham street be-
 tween Brook and Princess streets,
 to make a continuous thoroughfare of
 that street. Property owners in that
 district as well as citizens in general
 have for many decades past, consid-
 ered such a work advisable, as it would
 result in a great convenience to many
 people. One of those interested estim-
 ates that the cost would be less than
 \$200,000, which is less than one-half
 the estimated cost of the project, when
 it was submitted and rejected, as it
 was by-law about twelve years ago. Since
 that time, property which occupies the
 fronts of the proposed street has de-
 creased in value for various reasons,
 and the right of way could be pur-
 chased at a much more reasonable
 figure. The proposal is to make the
 new street between Brook and Princess
 forty-four feet in width, twenty-two
 feet narrower than other portions of
 the street, thus necessitating the use
 of only one property facing on Prince-
 street. Something further will
 probably be heard of this matter
 within a short time.

The Nuisance Must Cease.

The proprietor of a second-hand
 store at the corner of Barrie and
 Princess streets has complained to the
 police that he is being constantly an-
 noyed by a crowd of boys and young
 men, who congregate around that
 corner. The police have decided to put
 a stop to such conduct and the ring-
 leaders of the troublers will probably
 find themselves ranged in a row be-
 fore Police Magistrate Farrell some
 time in the near future.

NAPANEE CHEESE BOARD

Officers Elected at the Annual
 Meeting Friday.
 Napanee, May 6.—The concert, on
 Thursday, under the auspices of the
 golf club, was a most successful
 success. The opera house was well
 filled with patrons of the popular club
 and a concert of a very high order
 was presented by local talent, with
 one exception, a lady violinist from
 Toronto, assisting.
 Mrs. A. McNeill and Mrs. J. P. Han-
 ley, entertained a large number of
 friends in the Oddfellows' hall last
 evening, to progressive euchre. The
 evening was a most enjoyable one.
 N. U. Caton, who's returned from
 the North-West, Saturday, is slowly
 recovering, and stood the journey
 home fairly well.
 The members of the Napanee cheese
 board met Friday afternoon. The fol-
 lowing are the officers: M. Corrigan,
 president; E. Long, vice-president; W.
 R. Gordanier, secretary-treasurer; A.
 Hewitt, marker; auditors, A. Alex-
 ander and James Fraser. The auditors
 report \$15.99 in the treasury's hands.
 The next regular meeting will be next
 Friday.

 Get Discharge.
 Freed News.
 Fred Woodcock, who deserted from
 the barracks at Kingston some time
 ago and who has recently been in the
 employ of the Namith Co., of Toron-

 going back to Kingston some time
 this week to again enter the barracks.
 Commissioner Coombs of the Salva-
 tion Army intends to make applica-
 tion for his discharge from the bar-
 racks after which Woodcock will
 go to India in the interests of the
 Salvation Army.
 Woodcock was formerly a member of
 "B" Battery, but deserted about eight-
 teen months ago, and nothing had
 been heard of him since. He also de-
 serted on a former occasion, but later
 came back and gave himself up to the
 authorities. His career, while in the
 battery, was somewhat of a lively
 character and his former comrades are
 interested in his new career.

Presented With A Hat.

Capt. James Dix, of the steamer
 Turcot Crown, was presented with a
 new hat for taking the first boat of
 the season into Port William.
 The presentation was accompanied by an
 address, signed by Harry Barkness,
 mayor of the city. The city council
 and board of trade of Port William.
 In the course of the address, the hope
 was expressed that Capt. Dix and his
 good ship would have a prosperous
 season, and further, that the popular
 captain would long be spared to
 earn fresh honors.

AVERY LIVE CHURCH

ANNUAL MEETING OF UNION STREET BAPTIST.

Everything is in a Flourishing
 Condition—Offering to Mis-
 sions—Bible School's Work-
 The Officers Re-Elected.
 The annual business meeting of the
 Union Street Baptist church was held
 on Wednesday evening, Rev. J. B.
 Grimshaw presiding. Most encourag-
 ing reports for the year just closed
 were read by the secretaries of the
 various organizations of the church.
 It was found that the church had
 raised for all purposes \$1,099.70. Of
 this amount \$90 was given to mis-
 sions at home and abroad. The Wes-
 man's Mission Circle, in addition to
 the \$35.55 they raised for missions,
 placed matting on the church floor
 at a cost of \$85. The prayer-meeting
 room was carpeted, as a gift by T.
 F. Harrison. The circle also sent a
 bale of clothing to a French mission
 in Ottawa. The Bible school has an
 enrollment of 144 and is well equip-
 ped with teachers and officers, with
 R. Newbury at the head as superin-
 tendent. The average attendance for
 the year was 105, and it is found that
 two-thirds of the church members at-
 tend the Bible school. This branch
 has raised \$116.54 and has given \$25
 of this to the various outside mis-
 sions. They have also undertaken to
 place a new organ in the church and
 have already paid \$60 towards its
 purchase. The church has adopted
 the plan of systematic giving to mis-
 sions.
 The same officers are re-appointed
 throughout: Deacons, James Leslie,
 C. D. Hermitson, R. Filtz; treasurer,
 G. D. Hermitson; clerk, H. Newbury;
 deaconesses, Mrs. R. Woodcock, Mrs.
 G. Geary; finance committee, James
 Leslie, C. D. Hermitson, J. A. Limage
 and R. Filtz; organist, Miss D. Wil-
 liamson.
 Twelve have been added to the
 membership by baptism and several
 more have been received for baptism.
 The prayer meetings and young peo-
 ple's meetings have been well attend-
 ed and marked by a spirit of earnest
 devotion. The year has been one of
 harmony and great blessing, and as
 a token of appreciation of the efforts
 of the pastor and the good-will exist-
 ing between him and his people, the
 church voted that an increase of \$50
 be added to his salary.
