Superfluous Hair

Removed by the New Principle,
De Miracle

It is better than electricity, because it does
not burn or produce a new growth. Better than
sugar, because it does not burn, scar or par-
alyze the skin under the skin. Better than
caustics, because it is not poisonous; there-
fore it will not cause blood poisoning, or pro-
duce any disease, which is so common with depil-
atories, nor does it break off the hair, thereby
hindering its growth.

BROADBIRM'S

Letter From Greater New
York.

THE POLICE FORCE
OF METROPOLIS GETS A FINE
SEND-OFF.

Equitable Life Still in Trouble—
Cortelyou the Man for the
Presidency—The Nan Patterson
Trial.

Special Correspondence Letter, 1450.

New York, May 12.—The absorbing
feature of the week just past eclipsing
all others, civil or criminal, has been
the romantic close of the third trial
for murder, of Nan Patterson. The in-
terest manifested was not confined to
the Greater New York; it reached
every portion of our state from Cham-
paign to Montauk and from Bar
Harbor to the Mexican gulf; now that
the battle is over we can sit
down and ask ourselves, why is this
so? A very brief statement of the
facts might cover the whole ground;
Caesar Young, a race-course gambler,
not of particularly respectable char-
acter, abandoned a good wife and
child, and it is said, laid out on a
woman of questionable character, the
sum of \$50,000. The woman's ques-
tion was young and pretty and not
over-stocked morally; any man who
could furnish her with money to grat-
ify her desires would have done just
as well as Caesar Young, the man
whom she is said to have murdered.
The crime was committed in open day.

ONE BOX OF
DOAN'S KIDNEY
PILLS
CURED DROPSY.

Dropsy is not a disease in itself, as
many people believe, but is an evidence
of very severe kidney trouble. Dropsy is
caused by watery particles oozing through
the walls of the arteries when they are
dilated by unusual pressure, which can
only be caused by obstructions in the
kidneys. The symptoms of Dropsy are
puffiness under the eyes, swelling of
the feet and ankles, urine changed in
character and appearance, smothering
feeling from exertion or excitement. The
only rational method of treating this
disease is to reach the kidneys and restore
them to a healthy condition.

The most successful remedy for this
purpose is Doan's Kidney Pills. Read
what Miss Agnes Creelman, Upper Smith-
ville, N.S., says of them:—"I caught a
cold, which settled in my kidneys, and
turned to dropsy. My face, limbs, and
feet became bloated, and if I pressed my
finger on them it would make a white
impression that would last fully a minute
before the flesh regained its natural color.
I was advised to try Doan's Kidney Pills,
and found by their use that I was cured
in a very short time. I have never had
any trouble with it since.

Price 50 cents per box, or 3 for \$1.50.

A LONG PASTORATE.

Dr. MacArthur, Thirty-Five Years
in One Charge.

Special to the Whig. The Rev. Dr.
R. S. MacArthur, one of the most
eminent clergymen of the metropolis,
will, to-morrow, complete thirty-five
years as pastor of Calvary Baptist
church. The church will observe the
anniversary by special exercises that
will extend over three days. Dr. Mac-
Arthur's pastorate is unusual in that
it is his first and only one. It is fur-
ther notable in that there are only
two pastors in New York who were
in their pulpits when Dr. MacArthur
came to the city in 1870. They are
the Rev. Dr. Morgan Dix, of Trinity
parish, and the Rev. Dr. George U.
Wagner, of Christ Lutheran church.

Getting New Banking Business.

Philadelphia Record.
The old-fashioned idea that it would
be contrary to the ethics of banking
for a conservative financial institu-
tion to make a public bid for new
business through newspaper advertis-
ing has been pretty effectively ex-
ploded. Bank advertising is almost
as common now as the advice of a
very advertising and equally effective.
The experience of the Commercial
State Bank of Grand Island, Neb.,
is typical. By four years of dignified
publicity it has won a volume of
deposits equal to that which it took
a competitor twenty years to accu-
mulate. It is as easy to influence peo-
ple in the disposition of their sav-
ings as it is to guide them in their
spending.

Don't Cough Away
Your Lungs

That Catarrh Will Soon be Dead-
ly Consumption Unless You
Use "Cattarrhose" At Once.

Discouraged sufferers find blessed relief
and permanent cure in Cattarrho-
zone, which goes direct to the real
cause of the disease. By soothing
and healing the inflamed membranes,
relief comes instantly. Impossible for
anything to be more prompt or satis-
factory.

To prove to you that "Cattarrho-
zone" cures are permanent, the follow-
ing letters are given. Study them care-
fully for your case may be similar. To
these people Cattarrhose has brought
health. For you it will do likewise.

CONSUMPTION CURABLE.

Good Blood Makes the Lungs
Strong and Expels Disease.

The time to cure consumption is not
after the lungs are hopelessly involved
and the doctor has given you up.

Consumption cures upon weakness.
Strength is the only measure of safe-
ty. Do not let the blood become thin
and watery. That is an open invita-
tion to disease to take possession of
your system. Dr. Williams' Pink Pills
are the best tonic and strength build-
er known to medical science. The re-
cord of this medicine proves consis-
tently that taken when the symptoms
of consumption develop it builds up,
strengthens and invigorates the pa-
tient, restores home to the cough, and
disappears. Here is a bit of positive
proof, Miss Blanche Durand, St. Ed-
mond, Que., says: "While out boat-
ing in September, 1901, I got my feet
wet and took cold. I treated the cold
in the usual way, but the cough seem-
ed to cling to me. As several months
passed by and I was not getting bet-
ter, I went to a doctor in January,
1902, and he told me that my lungs
were affected and I was in consump-
tion. He prescribed a course of medi-
cine, but I had such confidence strongly
urged me to take Dr. Williams' Pink
Pills. I began taking the pills and
soon found they were helping me. The
cough grew less severe, my appetite
improved and my strength began to
return. I continued taking the pills
for about two months, when I found
my health fully restored, and I have
not since experienced any weakness. I
am a sure Dr. Williams' Pink Pills saved
my life."

Advantages of Dehorning.

Shippers Prefer Dehorned Animals
at Increased Cost.

The advantages accruing from de-
horning cattle and the interest that
exporters take in the matter is well
set forth in the following letter, which
a Toronto exporter received from
Shamberg & Son, the well-known New
York shippers, one of the largest
firms in the cattle business in the
United States:

"We are in receipt of yours, enclosing
clipping relative to dehorning of
cattle in Canada, which we note with
much interest, and you should have
the thanks of your community for
agitating this matter.

"At present Canadian markets of-
fer limited encouragement in our plac-
ing much reliance of being able to se-
cure at any one time enough finished
cattle to dehorned sort to allow
our depending on your market in the
purchase of our regular requirements.

"If you and other up-to-date com-
mission men will educate (as they
have in Chicago) cattle raisers and
feeders to exclusively grade and fatten
dehorned cattle of good quality, the
owners of same would get, when offered
for sale, the keen competition that
such sorts enjoy over horned animals.

"Accept our congratulations on hav-
ing started the dehorning campaign
for Canada, and if persistent assist-
ance from Canadian governmental in-
terests, the newspapers and agricul-
tural periodicals, agricultural inter-
ests and colleges, the stock yard and
commission firm interests, as also the
up-to-date raisers and feeders is ex-
tended, you will in a short time be
able to prove your sound arguments,
and then by getting the 'sleepy ones'
to follow, eventually secure receipts on
the market of a class and sort to
command regular export patronage,
to the mutual benefit of all inter-
ests."

If a man's wife is a
good baker, nothing

but the best flour is good enough for her. There can be
no greater extravagance than the use of inferior flour.

Winchester Springs, Feb. 27th, 05.

"I read about Royal Household Flour which is puri-
fied by electricity. I also read about the woman paying
freight 25 miles before she would be without it. Royal
Household was not sold in our town, I was asking about
it and my grocer told me to wait a day or two and he
would get some, and I am glad I did so. My wife is a
good baker and made good bread out of other flours, but
what she has now made out of Royal Household is so far
ahead that I would be willing to pay freight fifty miles
instead of twenty-five, rather than go without it. There
is no flour 'just as good' as Royal Household."

(Signed) JOHN HENDERSON.

Now, is there a single woman in the whole country who, after reading what
Mr. Henderson says, will not at once send for the Royal Household recipes and give
Royal Household flour a trial. Mention this paper and address
