# HOSPITALS CROWDED

## MAJORITY OF PATIENTS WOMEN

**Mrs. Pinkham's Advice Saves Many From this Sad and Costly Experience.**

It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those snow white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhœa, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the trouble will make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Mrs. Robert Glenn, of 434 Marie St., Ottawa, Ont., writes:

Dear Mrs. Pinkham:—

"Lydia E. Pinkham's Vegetable Compound is so well and widely known that it does not need my recommendation, but I am pleased to add it to the many which you have in its favor. I suffered untold agonies from ovarian troubles for nearly three years, and the doctors told me that I must undergo an operation, but as I was unwilling to do this, I tried your Vegetable Compound and I am only too pleased that I did so, for it restored me to perfect health, saving me the pain of an operation and the immense bills attending the same. Pray accept my hearty thanks and best wishes."

Just as surely as Mrs. Glenn was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability and nervous prostration.

**Mrs. Pinkham invites all young women who are ill to write her for free advice. Address, Lynn, Mass.**

## DISTRICT MEETING.

**The Ministers in Session in Queen Street Church.**

The annual meeting of the Kingston District, Methodist church, was opened in Queen street church to-day. Rev. Dr. Antliff, chairman, presided. There were present the ministers from the different circuits and stations, nineteen in number. Rev. Hugh Cairns, as a visitor, was invited to associate with the chairman on the platform. Mr. Cairns expressed his pleasure and home feeling in being present. His remarks were felicitous and appropriate. On motion, Rev. E. Lawson Sharbot Lake, was appointed secretary. On the call of the roll one (Rev. John Philp) was absent through death; one (O. L. Kilborne), engaged in mission work in Japan. The examination of ministerial character being proceeded with, there were no objections.

Messrs. George O. Tredinnick and Benjamin E. Eyre were recommended to the conference to be employed under the chairman. Revs. Dr. Antliff and W. T. G. Brown were appointed to prepare an obituary for the conference regarding the late Dr. John Philp, M.A. Request was made to grant superannuation for one year to Rev. Job Roadhouse, who has done faithful work for forty-five years.

To-morrow the circuit reports will be presented and the meetings will be open to friends.

### Baseball On Tuesday.

National League.—At New York, 4; Chicago, 0. At Brooklyn, 7; Pittsburg, 9. At Philadelphia, 8; St. Louis, 11.

American League.—At St. Louis, 2; New York, 3.

Eastern League.—At Buffalo, 3; Newark, 1. At Montreal, 2; Jersey City, 8. At Rochester, 0; Baltimore, 2, (11 innings).

### Death Of Young Man.

The death occurred at the Hotel Dieu, on Wednesday morning, of Mackie M. Blake, from typhoid fever. He was formerly employed in William Wilson's livery and was aged nineteen. For the past few days he has been delirious. His parents live on Rideau street.

The inquest at Gananoque resulted in a verdict of still-born, in the case of the baby found buried in Ferncliffe. The parties concerned were not discovered.

# AN AWFUL CRIME

## WIFE MAKES BARGAIN FOR HUSBAND'S DEATH.

**In Jail for Murder, She is Accused by Associate Who Overheard Her Try to Hire Assassin—Attempts to Collect Insurance.**

Parkersburg, W. Va., May 17.—On May 3rd, at midnight, masked men entered the residence of Henry Blackshire at Brookville and shot him dead in the presence of his wife and son. Last night Mrs. Blackshire was in jail, as are also Robert McCloskey and Louis Hendricks, all charged with complicity in the murder.

The arrest of Mrs. Blackshire was brought about by the statement of Hendricks. He said he was at McCloskey's home several days before the murder and heard Mrs. Blackshire offer McCloskey money to kill her husband, and she said if he refused she would get some one else to do it. He says he told Mrs. Blackshire after the murder what he had heard, and that she offered to give him $100 as soon as she collected her husband's life insurance, if he would leave the town.

He and McCloskey left together the day following the murder and remained near Parkersburg until McCloskey returned to Brookville, on Sunday, to get his pay, and while there he was placed in jail.

During their absence, Mrs. Blackshire attempted to collect the insurance, amounting to $1,000. Public sentiment was so outraged over the reports of case, that she was threatened with lynching, but no attempt was made to carry the threat out.

McCloskey admitted being at the house at the time of the murder, and also says Mrs. Blackshire wanted her husband out of the way, but charges Hendricks with the murder.

## MUST BE PROMPT ACTION

**By City Council If the Cars Are to Be Got Running.**

"Would the bondholders consider a proposition from the city to run the street cars during the general assembly's stay in Kingston?" was asked Dr. R. V. Rogers, K.C., this morning.

"I cannot very well answer that question until the nature of the proposition is known," he replied. "To run the cars for only two weeks would be an expensive thing. In the first place it would cost about $200 to get them into condition to place on the line. If any proposition is to be made, it would have to be of such a nature that the bondholders would make some profit. You can see that to run the cars for merely two weeks when much expense would be involved in fitting them out would not be very satisfactory to the bondholders. Why could the city not give us power at the old rate to run during June, July and August, so that we would be reimbursed for our expenditure."

Dr. Rogers denied that any proposition had been made to the bondholders regarding the running of the cars on Victoria day. No definite offer had been made by anyone.

It is understood that it would take probably two weeks to put the motors of the closed cars in the open ones, and then the men would have to work night and day. If the cars are to be run for the general assembly, the city council must take prompt action regarding the question of power supply.

## APPLICATION GRANTED

**For Affiliation of Queen's to Cambridge University.**

The London Times of May 3rd, in its University Intelligence from Cambridge, says: "The council of the senate report that they have received from the registrar of the university of Queen's College, Kingston, Ont., an application for the affiliation of that university to the University of Cambridge. The council find that students cannot graduate in arts in the University of Queen's College unless they have been matriculated members of the university for at least three years. The courses leading to the degree of B.A. cover a wide range of subjects, but they are of a varied character, and few, if any, of the subjects are compulsory in all the courses. The council think that the privileges of application should be limited to graduates in arts who have passed in—(1) Latin, (2) either Greek or French or German, (3) mathematics in one or more of the examinations held by the University of Queen's College subsequent to matriculation, or in one or more of the examinations adopted by that university as entitling to exemption from such examinations. Subject to this condition, they are of opinion that the application should be granted."

## FORMER GOVERNOR SLAIN.

**His Successor Widely Known as a Tyrant.**

St. Petersburg, May. 17.—The shooting of Major-General Sokolovsky, governor-general of Ufa, yesterday, is the second crime of this nature which has occurred at Ufa within two years, his predecessor, General Bogdanovitch, having been assassinated on May 19th, 1903.

General Sokolovsky, who, as vice-governor of Orenburg and later as military governor of the same province, acquired a reputation as a stern and vigorous official, was appointed to restore order in the turbulent government of Ufa and adopted a repressive policy which long ago caused him to be marked for the same fate as Bogdanovitch.

Numerous revolutionary societies were broken up by General Sokolovsky and manifestations were not permitted under his administration.

The last acts of the governor-general were the dispersal of an anti-governmental club and the suppression of May day demonstrations with the arrest of many armed demonstrators.

Moth camphor balls, the strong kind. Sold at Gibson's Red Cross drug store.

James Swift went down to Montreal this afternoon.

## INCIDENTS OF THE DAY.

**Newsy Paragraphs Picked Up By Reporters On Their Rounds.**

F. L. Fralick, Madoc, was in town to-day.

Major Carpenter, R.C.R., London, was in the city to-day.

Fresh sweet pea seed, mixed, at Gibson's Red Cross drug store.

Trusses you can depend upon at all times. Dr. Chown's Drug Store.

A teachers' institute will be held at the Thousand Island Park this summer.

A baseball game is being arranged for next Saturday between the St. James and Y.M.C.A. teams.

Mr. and Mrs. F. M. Hugo, Watertown, N.Y., are in Kingston to attend the funeral of his aunt, Miss Marks.

The steamer Idler, owned by Capt. Visger, will again run excursions from Thousand Island points to Kingston this coming summer.

At Cape Vincent, N.Y., lightning struck a barn belonging to A. J. Humphrey badly damaging the building and killing two horses.

The local steamboat inspectors have not been given any orders by the marine department regarding the acceptance of United States' vessel certificates.

The music for "Babes in Toyland" is by Victor Herbert, a composer of great fame; see the vocal and instrumental hits from the opera at McDermott Bros.'

The members of the 14th bugle band are being supplied with a new service uniform with "shorts and puttees" in place of long trousers. They will turn out on Victoria day with the new uniforms.

"Fairy floating soap" for the bath, sold at Gibson's Red Cross drug store.

Joseph Kehoe, who for several months past has been in the employ of the Dominion Express company, has received notice of his appointment to the position of caretaker of the post office building. He will assume his duties to-morrow.

At the meeting of the 14th officers, held last evening, it was decided to have the annual church parade next Sunday morning to St. George's cathedral, where the regiment's chaplain, Canon Starr, will preach. In regard to the Victoria day parade it was decided that if Col. Gordon, D.O.C., orders a parade of other local corps in the morning, the 14th will also turn out.

## MAY CHECK RACE SUICIDE.

**Birth Insurance Is The Latest Proposal.**

Worcester, Mass., May 17.—Alice G. Norton, wife of William T. Norton, is the first woman in America to take out a "birth insurance" policy. She approves the plan highly, and thinks, for one thing, that it discourages race suicide. Under this policy the company pays not less than $50 to a mother at the birth of a child. The money is to pay doctors' and nurses' bills, buy delicacies and baby clothes and defray other innumerable expenses incident to a visit from the "stork."

Mrs. Norton is already the mother of two children. Her husband is private secretary to the Rev. Dr. Barnes. They have a happy home, and both husband and wife agree in approving of birth insurance. She advocates insurance particularly for American families on account of the rule that no policy can be paid unless eighteen months have elapsed since the birth of a previous child.

Mrs. Norton was formerly a professional nurse.

"In all my nursing experiences," she says, "it has been the mother who has been called upon to save at this time. The father has been glad to have his baby, but his feelings seem to have been that the mother could have given it to him without expense. In many cases the father has cited cases where his mother or his aunt, or a woman he used to know, washed and dressed her baby the third or fifth day. He would not want his wife to do it, for he thinks too much of her; but babies are 'an awful expense.'

"All this should not be, but it is a fact, and insurance, by putting motherhood on a paying basis, will do much toward lifting the burden of expense from the minds of prospective mothers, who avail themselves of its benefits.

"Personally I can say that the payments of even $50 when babies come are very welcome. That is the smallest one can get, while it is possible, if one is paying assessments long enough to receive as high as $500."

## GHOST OF LIVING MAN.

**Sir Gilbert Parker Met Spirit in House.**

London, May 17.—Sir Gilbert Parker saw a ghost in the House of Commons, and recently told the society of psychical research about it. He said:

"I wished to speak, but missed being called. As I swung around to resume my seat I was attracted by seeing Rasch out of his place. I knew he had been ill, so I nodded my head and said, 'I hope you are better.' He made no sign or reply. His face was remarkably pallid and he sat hunched up. His expression was steely, and his appearance grim and almost resentful. I thought for a moment and then turned to him again, but he had disappeared. I was puzzled and went in search of him. I expected to overtake him in the lobby, but he was not there. No one of the whips or doorkeepers had seen him. I inquired about him all over the house and in every corner, but no one had seen Sir Carne. Then I heard that Sir Henry Meysey-Thompson had also been inquiring for Rasch, but without result."

The story has an unconventional ending, for Rasch, who was undoubtedly ill at home at the time, instead of dying began to mend soon, and is now quite recovered.

## Proposal As To Yacht Races.

The Royal Canadian Yacht Club, of Toronto, has asked the opinion of the Kingston club, regarding its proposal to have a series of L. Y. R. A. races at Cobourg and Charlotte early in August, about the time the Canada cup races take place at the latter place. The local club has not expressed an opinion yet.

# SMALL-POX ON BOARD

## DOMINION LINER KENSINGTON IN QUARANTINE.

**Three Steamers, With Immigrants Arrive at Quebec—Forty Will be Deported on Account of Incurable Disease.**

Special to the Whig.

Quebec, May 17.—It is semi-officially stated that four cases of small-pox have been discovered among second-class passengers on board the S.S. Kensington, of the Dominion line, from Liverpool, which has been delayed at quarantine since Monday.

Three steamers, with immigrants on board, arrived in port this morning, Sicilian, of the Allan line, from Glasgow, with seventeen first-class cabin passengers, 218 second-class, and 183 intermediate.

SS. Athenian, of the Donaldson line, from Glasgow, with 420 immigrants, of which forty will be deported on account of incurable diseases, and twenty will be sent to hospital.

SS. Montezuma, of the C.P.R. line, from Antwerp, with 720 immigrants.

## Will Not Carry Passengers.

Montreal, May 17.—The Dominion Steamship company state that owing to the case of small-pox on board the steamer Kensington, she will not take passengers from Montreal to Liverpool, on her next departure from this port. The passengers who engaged berths on her will be sent to Portland, and given accommodation on the Vancouver. The Kensington is now at Quebec, one of her second cabin passengers having been stricken with small-pox during the trip out.

## STANDS TO SLEEP.

**Keeps Up the Practice of Twenty Years.**

Cleveland, O., May 17.—For twenty years Mary Dickerson, a servant in the family of Mrs. B. H. Smoot, has slept at night leaning against a wall while standing on her feet. Her case has just come to the knowledge of the local physician and has created much interest.

Mrs. Dickerson is seventy-nine years old, a small woman, but exceedingly strong and wiry for one of her years. She informed the physicians that for more than fifty years she was addicted to the use of morphine, but cured herself of that habit through becoming converted at a religious revival.

"It's this way," she said. "When I took the dope I had the most terrible dreams. The more morphine I took the worse the dreams got. I found that when I took the dope and went to bed I would dream of falling into hell's fire or going through the worst tortures. I just couldn't stand it, and I'd have to get up and take more dope. I couldn't afford that.

"I had just money enough to buy a little of the stuff at a time and couldn't afford to take it day and night. So I started to sleep in a chair. That was better, but the dreams still came and so I started to sleep standing up. Then I had no bad dreams, and I've kept it up ever since. I couldn't sleep in bed now if I wanted to."

## GAYNOR AND GREENE

**Judgment on Friday In Their Appeal.**

Special to the Whig.

Montreal, May 17.—The court of king's bench appeals will, it is announced, render judgment on Friday morning, and among them will be appeal of Gaynor and Greene from the decision of Judge Davidson in the superior court in dismissing the objections raised by the lawyers for the prisoners respecting the jurisdiction of Judge Lafontaine, extradition commissioner, in the case. This judgment will have an important bearing on the course of Judge Lafontaine, who will in a few days be in a position to render judgment as to whether the two accused are to be extradited or not.

## A MORRISBURG FIRE.

**Little River Town Contains An Incendiary.**

Special to the Whig.

Morrisburg, Ont., May 17.—The Bradfield brick tenement, at the foot of Lock street, which was partly destroyed by fire, last fall, was burned to the ground early this morning. The fire was undoubtedly incendiary, the fire bug was considerate, choosing a night that was calm and wet. Had the conditions of wind and weather been different, the fire might have assumed large proportions. As it occurred in a thickly-built part of the town the firemen confined their efforts to saving the nearby buildings, which they succeeded in doing.

## EDMONTON THE WICKED.

**Rev. C. Huestis Denounces Social Life of Capital.**

Edmonton, N.W.T., May 17.—On Sunday evening Rev. C. Huestis, Methodist minister, made a most outspoken attack on social life here, claiming that the hotels were only dives and poker dens, violating the license law every day. He also accused prominent society people, including leading ladies, of drunkenness, and of attending revels of a most disorderly character. The sermon created quite a sensation.

## Death of Mrs. F. Reynolds.

The death occurred at the General Hospital, on Tuesday morning, of Mrs. Frances Reynolds, Victoria street, wife of an employee at the Kingston foundry. Mrs. Reynolds had been ill for about eight weeks, but had only been in the hospital for eleven days. Her death was the result of tubercular causes. Mrs. Reynolds came here from Smith's Falls, was in her fortieth year, and leaves her husband and five children, the eldest only twelve, to mourn the loss of a good mother. Her fight for life was a brave one, and all that medical and nursing skill could do was done to aid her. A brother, William Blair, came from Smith's Falls to-day, to attend the funeral.

W. G. Craig has been elected vice-president of the Wholesale Grocers Association.

## PRODUCE AND PRICES.

**Prices At Present Prevailing in The City.**

Kingston, May 16.—Below will be found the prices at present prevailing on Kingston market:

Grain.—Wheat, Manitoba, No. 1, Northern, 99c.; No. 2, Northern, 95c.; No. 3, Northern, 90c.; white winter, 83c.; Canadian spring, 90c.; soft white, 85c.; buckwheat, 52c.; corn, 56c. to 60c.; peas, 75c.; barley, 45c.; oats, 40c.; rye, 70c.

### Eggs.

Wholesale—Fresh, 11c. to 12c.
Retail—Fresh, 12c. to 14c

## A PAINFUL OPERATION

**Performed on a Little Child at Newburgh.**

Newburgh, May 16.—The fine weather has put the roads in excellent condition for wheeling. Rev. J. F. Mears will attend the district meeting of the Methodist church in Napanee this week. Mr. and Mrs. G. E. Deroche, Desoronto, spent Wednesday with Mrs. S. Shorey, G. F. Ruttan, Napanee, was in the village yesterday. George Barighan, Napanee, was in the village, yesterday, putting a new fence around his property on Main street. Miss Eva Shorey, Tamworth P.S. staff, spent Sunday at her home here. Dr. Vrooman, Napanee, and Dr. Beeman performed a successful operation on the little daughter of Clancy Moore. The little one is only a year and half old, but stood the ordeal well, and is doing nicely. The operation was made necessary by the effects of a severe attack of pneumonia. Miss Ella Smith, Thomsonville, spent Sunday and Monday with Mrs. J. R. Sharpe. J. R. Sharpe spent Sunday with his mother in Belleville. Owing to the absence of the organist, Miss Thomson, who is ill, Mrs. Mears presided at the organ in the Methodist church Sunday evening. Rev. J. R. Mears' lecture on "Boys" on Thursday evening proved very interesting. Vocal music was contributed by Mrs. Sharpe and Misses Nesbitt and Briscoe, and F. G. Millar contributed one of his popular violin solos. W. E. Patterson returned from Queen's University, Saturday.

A team from the village defeated the high school team on Thursday evening in a game of baseball, by a score of 12 to 9. Prof. and Mrs. Matheson, Kingston, are visiting her father, James Davy. An event which will interest "burghers" is the marriage of Dr. Edward McCulloch to Miss Powell, Toronto, which took place last evening in Victoria University chapel. Dr. McCullough was one of the flying wings of the famous N.H.S. Invincible football team that never was beaten, and has many friends here who extend heartiest congratulations. Miss Geneva Burdette, who spent the last few months in St. Louis, returned home last week, accompanied by her sister, Mrs. Pomeroy, and family. Court of revision will be held here on May 25th. The B. of Q. railway company have issued an attractive pamphlet containing information for travellers and sportsmen. Among the cuts is an excellent photo of Newburgh station, one of the finest buildings on the road. Dr. Beeman is having the ground at the West side of his residence levelled for a tennis court. From the present outlook, it is not likely that the Methodist Sunday school will run an excursion this year. Gypsies have pitched their tents in the village.

### Spain's King Is Nineteen.

Special to the Whig.

Madrid, May 17.—Madrid is in gala dress, to-day, in honor of the nineteenth birthday of King Alfonso, who was born May 17th, 1886. At present the youthful ruler is absorbed in preparations for his forthcoming visit to France and England. It will be his first trip outside his own domain and he is naturally looking forward to it with keen enthusiasm.

Wash greasy dishes, pots or pans with Lever's Dry Soap, a powder. It will remove the grease with the greatest ease.

Lever Brothers Limited, Toronto

NERVOUS DEBILITY CURED

Excesses and indiscretions are the cause of more sorrow and suffering than all other diseases combined. We see the victims of vicious habits on every hand; the sallow, pimpled face, dark circled eyes, stooping form, stunted development, bashful, melancholic countenance and timid bearing proclaim to all the world his folly and tend to blight his existence. Our treatment positively cures all weaknesses by overcoming and removing the effects of former indiscretions and excesses. It stops all losses and drains and quickly restores the patient to what nature intended—a healthy and happy man with physical, mental and nerve powers complete.

For over 25 years Drs. K. & K. have treated with the greatest success all diseases of men and women.

If you have any secret disease that is a worry and a menace to your health consult old established physicians who do not have to experiment on you.

We guarantee to cure Nervous Debility, Blood Diseases, Stricture, Varicocele, Kidney and Bladder Diseases. Consultation Free. If unable to call, write for a Question Blank for Home Treatment.

## FALSE THEORIES.

**Lead to Worthless or Harmful Remedies.**

Stimulating the scalp may allay the itching of the dandruff, but that does not cure the scalp. The disease won't yield to quinine or capsicum nor alcohol, because it is caused by a germ or parasite. To cure dandruff the germ must be destroyed. Until recently there was no hair preparation, or dandruff cure, or hair restorer on the market that would kill that insidious germ that dries up the scalp in little scales called dandruff, and absorbs the vitality of the hair, causing falling hair, and finally baldness. Newbro's Herpicide is the only really scientific preparation to cure dandruff, prevent falling hair and baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit Mich. G. W. Mahood, special agent.

Home Dyeing

"Maypole!" At last. Here's a cake of soap that dyes—not a powder that makes mess and trouble all over the house. Maypole yields brilliant colors that cannot fade. It dyes to any shade. At last home dyeing is made pleasant, sure, safe.

Made in England but sold everywhere.

Maypole Soap Dyes.

10c. for Colors—15c. for Black.
