ONG ago we realized that the baking and roasting qualities of the oven of a range are of greatest importance to the range user. We brought our knowledge, gained by years of experience, to bear on this one point. The result was the Imperial Oxford Diffusive Oven Flue. With this exclusive feature, the Imperial Oxford stands to-day the most perfect baking and roasting range on the market.

After getting this most important feature of a range to such a point of perfection we naturally did not neglect any other improvement which could add to the working of the range. These improvements were incorporated in the

because they added to the life of the range, simplified its operation or economized fur Of these improvements the draw-out oven rack is one which will instantly appeal to the cook. The handle of this rack is outside the range-always cool enough to hold with the bare hand. By pulling this handle forward anything roasting in the oven may be drawn out onto the oven shelf to be basted, without touching the hot pan or reaching into the oven. The same applies to the testing of bread, cake or pies. We would like you to see the Imperial Oxford Range. If your dealer doesn't handle it, write us for illustrated literature

Scalp One Mass of Sores, Hair and Eye-Brows Fell Out - Agony for Eight Long Years - Doctors Were Unable to Help Her.

SPEEDILY CURED BY CUTICURA

"I had suffered terrible agony and pain for eight long years from a ter-rible eczema on the scalp and face. The best doctors were unable to help me, and I had spent a lot of money for many remedies without receiving any benefit. My scalp was covered with scabs, my face was like a piece of raw beef, my eyebrows and lashes sere falling out, and sometimes I felt as if I was burning up from the ter-rible itching and pain. I then began treating myself at home, and now my head and face are clear and I am entirely well. I first bathed my face with Cuticura Soap, then applied Cuticura Ointment to the afflicted parts, and took Cuticura Resolvent for the blood. I was greatly relieved after the first application, and continued use of Cuticura soon made a complete cure. -Miss Mary F. Fay, Westboro, Mass."
