BAD MAMMALS

Were Made Mad By Port Arthur Horror.

IN CAGES ON DECK

WERE BEING TRANSPORTED TO ODESSA, RUSSIA.

Go Home Under British Flag—Victims Are Some of Those Long Confined in Hospitals Surrounded by Terrible Scenes of Saigne.

The Foo, May 25.—Forty-four lunatic Russian sailors and soldiers from Port Arthur, including a violent insane lieutenant, who was the Sebastopol during the siege, arrived here and were immediately transferred to the Russian improvised hospital ship Whampoa, under the British flag, for transportation direct to Odessa.

The party is accompanied by a former medical member of the staff, and other officers and attendants, exceeding in number the patients.

The condition of the insane men varies from a mild melancholy to the violent stage. The majority are suffering from hallucinations, rendering them in a condition that demands an attendant for each one.

The officers in charge state that many of these cases are the result of the long incarceration of sick men in hospitals during the terror of the siege.

Some cases are the result of scurvy, and the condition of others is due to the terrific nervous strain of continued bombardments and incessant service. All those afflicted are apparently physical wrecks.

The scene was extremely pathetic as the chattering imbeciles pouted the decks of the steamer and entered cages which enclosed the main hatches and surrounding deck space provided for their liberty and comfort during the passage through tropical zones.

COMMERCIAL MATTERS.

What is Going On in the Business World—The Markets.

It is said much replanting of coin will have to be done in Kansas, and many parts of Illinois and Iowa on account of the long continued wet, cold weather.

There are calculators who estimate that the Canadian Pacific's agricultural and mineral land ownership alone will reach far towards \$250,000,000.

Through energetic and persistent advertising, the National Biscuit Company is steadily increasing the demand for its well-known products. Factories have been erected exclusively for the manufacture of these specialties. Sales and net profits have increased each year since 1898. Last year's surplus, which in 1900 was about \$3,000,000, is now \$6,938,495.

According to the Petroleum Review the production of petroleum throughout the world during the past year was 28,577,500 tons, which is a record, and 8,000,000 tons in excess of the quantity produced during the previous year. Approximately the production of the various fields was as follows: America, 17,000,000 tons; Russia, 10,600,000 tons; Sumatra, Java, and Borneo, 2,600,000 tons; Galicia, 827,100 tons; Roumania, 490,000 tons, and India, 804,000 tons.

BIG FIRE IN LONDON.

\$50,000 Loss in That City's Factory District.

Special to the Whig, May 25.—Flames from the big frame box factory soon communicated to Bonsons' turning factory one door to south. By 3.30 Bonsons' place was beyond hope, and the fire involved next through streets threatening the London Tool company's factory, on Bathurst street. The brick section of the Dymen Baker factory followed, and the flames sweeping through and over the building to the northward, attacked the lumber piles between the G. T. R. and G. T. R. freight sheds were in imminent danger, but at 4.30 the building was reasonably safe.

Three cars on the M. C. R. track were almost totally destroyed. One was loaded with Deering implements, and the other two were filled with miscellaneous goods. Their total value is estimated at \$10,000. The loss to Bonsons will amount to \$50,000, stock and machinery included.

Tambling and James lose a shed containing over \$2,500 worth of sawn oak, a total loss of \$3,000. Mr. Dymen said: "There were a million feet of lumber in the yards, but most of the stock was insured. As to rebuilding, I can't say, I hardly think that the firm will rebuild, although we will carry on business the same as usual. The loss will total more than \$75,000."

The Dymen Baker company stand to lose \$50,000 building, lumber and machinery, both their planing mill, and box factory, mostly covered by insurance. The origin of the fire is supposed to have been a sky-rocker, which was seen to fall in the yards about midnight. At eight o'clock this morning, the fire was still burning fiercely in the lumber piles.

APPLICATION MADE

For Winding Up 20th Century Mining Company

Special to the Whig, May 25.—An application was made in Osgoode Hall, this morning, by Mrs. Elizabeth Selby, holder of 154 shares, for the winding up of the Twentieth Century Mining company, which was organized in 1901, with an authorized capital of \$2,000,000. The company has gold lands in Arizona, and copper properties in Arizona. About one-half of the shareholders are in the United States, and the applicant claims that these are suing the company for the return of the money they paid in, and that if they are successful, it will be to the prejudice of the Canadian shareholders. At present the company has \$30,000 in available cash.

STILL STEAMING NORTH.

But Still Fails to Meet Togo.

Special to the Whig, May 25.—Admiral Avellan, head of the Russian admiralty department, confirms previous dispatches, saying Vice-Admiral Rozhdestvensky steaming north to give battle to Admiral Togo. He considers it possible that news to the effect that the two fleets have met may be received any day. Admiral Avellan reaffirms the official denial of the reports that the Canadian has broken down, and has to be relieved.

FRONTENAC CHEESE BOARD.

Attendance of Salesmen Better—Price Was 91c.

Kingston, May 25.—The attendance of salesmen at today's session of the Frontenac cheese board was the largest of the season, though many present failed to register their holdings and sell in the open market. The offerings were 725 boxes, of which 410 were colored and 312 white.

Bidding was opened at 9c. by P. Alexander, but quickly jumped to 91c. by J. Gibson, who bid in the entire lot, securing only 315 boxes, the make of these factories: Cataragui, Glenval, Gilt Edge, Thousand Island, Silver Springs, St. Lawrence.

These factories had cheese on sale: Colored—Glenval, 20; Gilt Edge, 30; Elm Grove, 50; Gilt Edge, 30; Howe Island, 30; Pine Hill, 90; Thousand Island, 60.

White—Cataragui, 65; Hinchbrook, 37; Morning Star, 25; St. Lawrence, 35; Silver Springs, 30; Glendower, 25; Collins Bay, 75; Cold Springs, 70.

The buyers in attendance were: D. J. Mackinnon, L. W. Murphy, F. J. Alexander, R. Thompson, M. Everetts, J. Gibson.

A short discussion took place upon the old theme—the failure of salesmen to board their holdings. Mr. Mackinnon was of opinion that the evil would not be overcome until such time as patrons of factories could be directly addressed and the fact pointed out to them that they were losing money by not having the excess of the factory they patronize sold in open competition on the board.

Last week Kingston paid the same price as Brockville, which is slightly better than the Brockville rate, freight rates considered.

A PRETTY WEDDING.

Miss S. A. Clarkson and J. M. Ward, Married.

The marriage of Miss S. A. Clarkson, Beadle, Yorkshire, Eng., to J. W. Ward, Leeds, Yorkshire, Eng., was solemnized in St. George's cathedral on Tuesday, 23rd inst. The ceremony was performed by Canon Starr. The bride looked charming in a costume of cream de sole trimmed with old valenciennes lace, and veil attached with orange blossoms and carried a beautiful bouquet of white flowers. The bride was attended by Miss Barclay. Little Miss May Gibson, as flower girl, looked very dainty in white organdie frock. The groom presented the bride with a handsome gold chain, and locked and gave the bride a gold brooch. J. Gott attended the groom. After the ceremony the bridal party and invited guests, numbering about forty, retired to the home of J. Gibson, Earl street, where a sumptuous repast was served, after which the remainder of the evening was spent in speeches and music, which lasted until the early hours of the morning. Mr. and Mrs. J. W. Ward will be en pension with Mrs. J. Gibson, Earl street.

Among the wedding presents was a solid silver tea service from Mrs. Ward's late employer in the old land.

THE SESSION ENDED

SPEECH FROM LIEUTENANT GOVERNOR.

Visit of Earl and Countess Grey Appreciated—Desirable Extension of Time for Land Grants—Provincial Interests Will be Safeguarded.

Special to the Whig, Toronto, May 25.—After a sitting lasting two months and three days, the first session of a provincial legislature, held under a conservative administration for thirty years, was pronounced by the lieutenant-governor, at three o'clock, this afternoon. In all 134 acts were assented to by the lieutenant-governor, to-day. Hon. Mr. Clerk drove up to the Parliament Buildings, escorted by a body-guard of 100 men of the Royal Grenadiers. The galleries of the house were filled with interested spectators of the proceedings, which were short, the lieutenant-governor simply entering the chamber reading the lieutenant-governor's message, and the members of their duties. Mr. Speaker and gentlemen of the legislative assembly:

In relieving you from the labors of session, I thank you for the attention you have given to your public duties as well as for the beneficial legislation I have just sanctioned. Since the opening of the session the provincial government has been honored by two visits from your excellencies the governor-general and the Countess Grey. The evident interest taken by both their excellencies in all that touches the prosperity and well-being of the province and its people has been highly appreciated, and the grace and charm of her excellency have endeared her to us all.

Public approval will, no doubt, be given to the act amending previous legislation in the interests of our veterans. The extension of the time in which claims may be made was very desirable, and this gives good ground for confidence that the other provisions of the act will bring about good results.

It has given me much pleasure to assent to the act respecting the University of Toronto. The passing of this act is the second great event in the history of our provincial universities. The situation had become indeed acute, and the effect of the act will, undoubtedly, be to place the finances of the university on a sound, stable and permanent footing, relieving all anxiety as to its future, and by means of it we will be able to do our manifest duty towards the youth of the country, and to hold our own in an educational sense among the other communities on this continent.

I have noticed with satisfaction the interest you have displayed with reference to the possibilities which the future may have in store with regard to electric power, as well as the determination on your part that the interests of the province in this important question shall be carefully safeguarded.

I observe with pleasure the various amendments you have made to the statute law, the municipal, and the succession duties' act, all of which itself will be found to be beneficial.

The activity in business circles, together with the increasing wants of our people, are shown by the growing volume of private legislation. Some of this legislation is of the most important character, and bears evidence of having received that careful supervision which, always desirable, has become, for several seasons, very necessary.

I thank you for the liberal appropriation you have made for the public service, the supplies granted by you will be expended with economy and in the public interest. In closing the session I desire again to commend your zeal in the public service, and to join with you in expressing the hope that God's blessing will continue to rest upon our country and on our people.

Death of A Clergyman.

On Wednesday died at Ottawa, Rev. J. J. Christie, aged seventy-four years. He was a native of Scotland, and sought a home early in life in Newfoundland. He entered into mercantile life and advanced to the service of the Bank of Montreal, at Peterboro and in Kingston, as accountant. In this latter city he entered the church life earnestly, and studied for holy orders. Ordained priest in 1874, he served successively at Wolfe Island, Amherst Island, Metcalfe, Madoc, Bearbrook, under the original diocese of Ontario, and at North Gower and Hintonburg, under the bishop of Ottawa. He was of sterling character, and loyal to his church as well as faithful to duty. His widow was formerly Mrs. Rothwell, of Amherst Island. The executive committee of Ontario passed a resolution of regret and condolence and appointed a delegation to attend the funeral from Kingston station on Thursday afternoon, composed of Archdeacon Cary and Memorine, the lay secretary and treasurer.
