COMMERCIAL MATTERS.

What Is Going On in the Business World—The Markets.

A Nashville, Tenn., despatch reports the first cutting of wheat on a scale of 97 acres.

The failures in Canada for the past week were 18, as against 27, same week in 1904.

The last year's market makes the statement that \$4,000,000 is in sight to be expended in that town.

It is stated that the United States Steel company is buying options on property to erect a \$10,000,000 steel plant near Sandwhich, Ont.

The Montreal Cotton company is one of the few Canadian industrial stocks that are on a good, sound dividend-paying basis.

The last sales of the Canadian Pacific Railway company, for May, were 58,095 shares, of an aggregate value of \$2,227,709.

The C.P.R. crop report, just issued, sold 77,089 acres of a value of \$52,528.

The C.P.R. crop report, just issued, can be summarized in one word—excellent. There is not a point on the whole of the C.P.R. system through which the wheat raising country from which complaints are made.

Work is progressing rapidly on the new Grand Trunk railway company's elevator at Windmill Point, Montreal, and it is expected that the structure will be completed and ready for operation by the end of the present summer.

It is stated on authority of a director of the American Steel Foundries company that the company has closed a contract for 20,000 car bolsters, to be delivered to the Baltimore & Ohio Railroad. The contract, it is said, involves something over \$600,000.

The Cheese Markets.

Montreal—Receipts, 15,989 boxes. Market easy, at 9c. For finest Ontario, and 10c for Quebec.

Madoc—Offerings, 960 boxes. All sold at 9c.

Windsor—Offerings, 1,540 boxes. No sales at board price, 9c.

Pictou—Offerings, 1,800 boxes. Sales, 1,100 boxes at 9c.

Napawan—Offerings, 1,971 boxes, of which 425 were colored. Sales, 1,000 white and 210 colored, at 9-3/4c.

A report from New York says: Country prices for cheese are easier and receipts here are increasing. Dealers are in want of cheese, but are disposed to operate cautiously and a hysterical movement is still in small lots and large cheese continue in small proportion to the aggregate offerings.

Queries For Alderman Walkem?

Was not your son, through grace of liberals, lately given a position in the government service, to which liberals have the first right?

Is not your brother, chancellor of the diocese, absent because of illness, and not his position being preserved for him, in accordance with that good spirit which dominates human feeling?

Were you not seconder of a resolution to dismiss the medical health officer, a liberal, because he was ill, though his work has been well performed by a medical friend?

Was not your reason political, to secure patronage for a conservative? Upon reflection what do you think of your attitude?

What The Cows Did.

Last Thursday the caretaker of the Collegiate Institute planted twenty-five dollars' worth of flowers in the institute grounds. This morning cows ripped up every plant, and now the owners of the bovines will be called upon to pay damages.

Montreal Methodist Conference.

Rev. A. B. Johnston, Aylmer, was appointed official conference reporter for the Christian Guardian. Rev. G. A. Sykes, was elected statistical secretary; Rev. C. D. Bahlywin, clerical assistant secretary, and James Akardice, lay assistant secretary.

When Rev. Dr. Antill, was introduced to the Hamilton Methodist conference, he said he had perhaps been a member of more conferences than any member present. He felt sure of a hearty welcome from his Hamilton brethren.

Over the Dumping of Mud Into Canadian Waters—To Pay Succession Duties Rather Than Stand a Suit.

Special to the Whig. Windsor, Ont., June 3.—It is not unlikely that there may be correspondence between Canadian and United States governments over the alleged action of contractors, dredging the new channel in Lake St. Clair, in dumping the mud into Canadian waters, where, it is claimed, by means of boats running between Windsor and Detroit and Wallaseburg, it is making the route very dangerous. The Canadian government may have to dredge a new channel for their coastwise traffic.

Attorney White, of this city, says that the Yawkey estate, Detroit, has decided to pay succession duties in order to avoid contest with the Ontario government. A check for \$4,225 will be sent to the provincial treasurer at once. The Yawkey estate, in Ontario, amounts to about eighty-three thousand dollars. By itself, this amount would be exempt from Ontario succession duties, but as the Ontario and Michigan estates together amount to over two million dollars, the Ontario government claims that the Ontario portion of the estate is liable for the usual five per cent. tax.

ASHEAMED OF NEBOGATOFF.

Captive Bred as Coward for His Surrender.

St. Petersburg, June 3.—Feeling in the admiralty against Rear-Admiral Neboogatoff runs high, the majority of the naval authorities being of the opinion that the admiral's action in surrendering his warships should not be commended under the circumstances become fully known.

The majority say they could forgive anything but surrender and point to the precedent set in the case of the Russian warship Raphael, which in 1829 during the Russo-Turkish war, struck its colors to three Turkish ships which surrounded it.

Nicholas I. noted out a terrible punishment to the officers and crew of the Raphael, ordering that all of them be shot after their exchange and directing that if the ship ever be recaptured its infamous history be blotted out by the total destruction of the vessel.

The Raphael, strange to say, was recaptured thirty-four years later, at Singapore, during the Russo-Japanese war, and the admiral's surrendering his warships should not be commended under the circumstances become fully known.

Many naval men declare that the emperor should reserve the same fate for Admiral Neboogatoff.

While hope for the safety of the protected cruisers Oleg and Aurora has been generally abandoned, some of the naval authorities believe it possible that their commanders, realizing that the fleet had been practically destroyed and that Vladivostok harbor would only prove a death trap in the end, had their course altered by Nicolaioff, at the mouth of the Amur river, or by Petropavlovsk, in Kamchatka.

There is plenty of coal at both places to replenish the bunkers of the cruisers.

The ships could escape across the Pacific and either be interned in the United States or return by way of Cape Horn.

IT DID NOT PASS.

Michigan State Legislature Friendly to Canadians.

Special to the Whig. Detroit, Mich., June 3.—The Holmes bill, intended to prevent the granting of teachers' certificates to non-citizens of the United States or to those who have not declared their intention of becoming citizens, which was, of course, aimed particularly at Canadian applicants, was defeated in the state legislature, yesterday, by a vote of 39 to 31.

There were many absentees on account of the week-end sessions. Its opponents characterized the bill as "narrow" and also objected on the ground that many Canadian teachers come to Michigan well qualified to teach, but too young to obtain citizenship papers.

The legislature is evidently friendly to Canadians. A bill, introduced a short time ago, had a clause which required all licensed accountants in Michigan to be citizens of the United States, but it did not advance far until its framer found he would have to eliminate the citizenship feature to save the other clauses.

ROYJ IS RESTING WELL.

Officers Decline Parole—Shot Seven Sailors.

Special to the Whig. Tokyo, June 3.—Rear-Admiral Rojestvensky is resting well, with no dangerous symptoms, and his speedy recovery seems certain. The officers of the Russian battleship Orel have declined to accept parole. They have received an additional day further to consider the question.

Stories Of Mutiny.

St. Petersburg, June 3.—Stories of mutiny on board the Russian vessels continue to circulate but the admiralty will not admit that it has received any information tending to substantiate them. The officials admit, however, that some of the sailors mutinied off the coast of Madagascar, and that a number of them were shot by Admiral Rojestvensky.

Seize Sakhalin Island.

Tokio, June 3.—With the destruction of Russia's naval power interest is returning to military operations. Togo's victory tremendously alters the military situation and eliminates measures of defense against Russia's naval forces.

It is now suggested that Japan seize Sakhalin island at the mouth of the Amur. A foreign military observer said today:

"Togo's victory may drive Russia away from the Pacific coast of Asia. Japan now has a free hand in Russia's maritime provinces, and her offensive capabilities are unlimited.

"Nothing but a Russian victory, whose Russian force at Vladivostok, whose speedy isolation is possible. The Amur river is open to Japan, and Russia's defensive capability is now limited to the capacity of the Chinese Siberian railway."

Aurora And Oleg Lost.

St. Petersburg, June 3.—In order to relieve the suspense of thousands of families Russia has appealed to France to secure through the French minister at Tokyo, the most complete list possible of the Russian officers and the men who perished or were saved. The fate of hundreds will probably never be established.

The admiralty has practically given up all hope that the Russian protected cruiser Aurora and Oleg might limp into port. Both these vessels are now believed to have foundered.

Russian Hulls Easy Targets.

London, June 3.—The correspondent of the Daily Mail, cabling to the Admiralty, says that the Russian battle ships between the Japanese and Russian fleets, say:

"Owing to the heavy seas in the early part of the engagement the Russian hulls were disclosed below the waterline, presenting a target and enabling the Japanese guns to usurp the functions of torpedoes.

"The commander of the torpedo boat destroyer Murasame, in Admiral Katoka's command, describes his attack on the battleship Kazas Souvarov, says he discharged two torpedoes against her from a distance of 100 yards.

"All the Russian survivors confess that the Japanese formation was never broken and that their shooting was magnificent."

To Rear A Great White Light.

Tokio, June 3.—In response to thousands of suggestions the government has decided to erect an enormous light on Okinawa Island, as a monument to commemorate Admiral Togo's victory. It is planned to have the light show for eighty miles, covering almost the entire scene of battle. The light will be provided by popular subscription.

Declared For Peace.

Washington, June 3.—The president has struck a blow for peace in the far east. In a conference at the White House yesterday with Count Cassini, the Russian ambassador, the president expressed the earnest hope that Russia would forthwith conclude peace with Japan. Prolongation of the war, he believes, will not result in victory for the Russian army and can only serve to increase Japan's demands and render more difficult the drafting of a treaty of peace which the czar as well as the mikado can sign.

The president spoke, he said, as a friend of Russia no less than of Japan, and on behalf not only of the Washington government but in the interest of humanity.

Until his words have reached Tsaritcha, and have been communicated to Emperor Nicholas, in the friendly spirit in which they were uttered, their effect cannot be estimated.

SAYS IT'S A MISTAKE.

Buffalo Man Denies Charges Laid by Father Fallon.

Buffalo, June 3.—Henry W. Bart, former president of the German American bank, charged by Father Fallon, formerly of Kingston, with misappropriation of funds of the late Anastasia Sandrock estate, returned to Buffalo to face the charge. Both Mr. Bart and Father Fallon are executors of the Sandrock estate. Mr. Bart, classed as "A malicious and outrageous attack," upon him, the action being started during his absence by executor Father Fallon to get an accounting.

"I've never been crooked in my life, and I don't propose to start it now," said Mr. Bart in a statement to the press. "Father Fallon has been misinformed in regard to this matter. The charges are false. I am prepared to go before the surrogate court and give the correct figures. I guess it would be found that I have acted on the square in this entire matter. My will all come out in the surrogate court."

DANGER OVER, WOMEN FAINT.

Theaters in Flames During Matinee Performance.

Pittsburg, Pa., June 3.—One of the most spectacular fires that have visited Pittsburg in recent years broke out in the Avenue Theatre, yesterday, and before it was subdued had completely destroyed the Grand Opera House adjoining. No panic resulted, and no lives were lost. The loss will reach \$30,000, fully insured. The fire is believed to have been caused by cross-wires.

The house was about half filled, but through systematic work by the employees the audience was gotten out without the semblance of a panic. The majority in attendance did not know there was a fire until they reached the street. Then several women fainted.

DECISION AS PRESIDENT.

Entire Estate Must Pay Succession Duties.

Special to the Whig. Toronto, June 3.—A judgment that may create a precedent as deciding the claim of a beneficiary to any estate from exemption from succession duties, was decided by Justice Teeszel, to-day. The late Lancelot Balfour, formerly manager of the Crown Bank, left an estate of \$60,000, and willed that his sister, Sarah Balfour, should have the interest on \$15,000 during her lifetime. The woman claimed that she could not be compelled to pay succession duties on this, but that the duties should come out of the residue of the estate. Justice Teeszel refused to allow this claim, and held that the duties should be paid by the entire estate.
