LACE CURTAINS, TAPESTRY CURTAINS, FURNITURE COVERINGS, TABLE COVERINGS—and many other things need at this time of the year.

R. McFaul,
Kingston Carpet Warehouse.

THE SPORT REVIEW BASEBALL IN THE CRICKET FIELD SATURDAY.

There Were Two Games and They Were Quite Interesting—The Latest Sporting Intelligence.

A double header filled the bill at the cricket field on Saturday afternoon. The first go was between the nine representing the R.C.F.A. and Emeralds, and composed of: Bernier, p.; Shipman, c.; Young, lb.; Appleby, 2b.; Quinn, c.f.; Ainsborough, r.f.; Smith, 3b.; Martin, l.f.; Lamb, s.s.; for the first named, and: Eves, 2b.; Lawless, l.f.; Carson, p.; Harrison, s.s.; Dehaney, lb.; Staley, c.f.; Robinson, 3b.; Cunningham, r.f.; McParland, s.s., for the Emeralds.

The R.C.F.A. boys were short a man, so Lamb was recruited to fill the gap. They played far better than on any previous occasion and are showing marked improvement. For the Emeralds, the game was a real test, owing to the fact that it was commenced at four o'clock. It was hot while it held, however. The final score was 7 to 5, in favor of the Emeralds. Umpire Nicholson gave perfect satisfaction behind the pitcher.

By the time the second match was called there was a goodly sized crowd lining the diamond and scattered over the hill and along Harris street. A fair sprinkling of ladies also graced the occasion. In this contest, both teams were even up to the sixth inning, the score being 5 to 5. In the seventh, however, the Artillerics got the lead from the locomotive works on the run, and made the total, 10 to 5. In the last innings they forced still another run across the plate. During the first part of the game it was the best of ball, and impossible to pick the winners, but, as the Black Watch always get over-confident or are unable to hold the pace or something or other, for they never play nearly as well during the last of the afternoon.

On the other hand the Artillerics work like a well-oiled machine. Nothing worries their battery and the field render the best of support. If they hold together, they bid fair to rival their forerunners, the Ponies. The teams were:

Black Watch—Woodhouse, c.; Smith, 2b.; Lamb, s.s.; Lawson, p.; Chapman, 3b.; Nicholson, l.f.; Welch, r.f.; Fitzgerald, lb.; Harvey, c.f.; Artillerics—Donoghue, r.f.; Cotman, s.s.; Powell, lb.; McCartney, 2b.; Stoakes, c. and s.s.; Turcott, 3b. and p.; Robb, p. and 3b.; B. Young, c.f.; B. Young, l.f.

Umpire—A.H. Rielly.

The feature of the game was the manner in which "Alfie" Pierce, Queen's ducky mascot, was caught asleep on third base several times during the game. Despite appearances our old friend must be advancing in years and needs more rest than of yore.

Baseball On Saturday.

National League.—At New York, 8; Pittsburgh, 7. At Brooklyn, 0; Chicago, 8. At Boston, 8; St. Louis, 11. At Philadelphia, 7; Cincinnati, 7.

American League.—At New York, 6; Cleveland, 8. At Boston, 2; St. Louis, 1. At Chicago, 2; Washington, 1. At Detroit, 5; Philadelphia, 2. Eastern League.—At Toronto, 4; Providence, 4. At Buffalo, 1; Jersey City, 9. At Montreal, 2; Newark, 1. At Rochester, 3; Baltimore, 2-5.

Sunday Games.

American league—At Chicago, 1; Washington, 3. At St. Louis, 2; Boston, 5.

Eastern league—At Montreal, 1; Baltimore, 13. At Newark, 4; Rochester, 1-3.

Game At Cape Vincent.

A picked team from Kingston went over to Cape Vincent, yesterday morning and played a game of ball with a nine from that town. Perhaps it would be better to say with a nine representing that town for most of the players came from Utica and Syracuse. The match took place in the afternoon and was one of the closest and best seen for some time. Ten innings were necessary to decide the game, the Canadians, securing the necessary run, and winning by a score of 5 to 4. The Kingstonians were an evenly balanced aggregation and played the game quietly and steadily from the drop of the hat. The boys arrived home again about half-past eight.

Alfie Steps Out.

After years of faithful service to what he calls his "Alma Mater," Alfie Pierce has finally decided to no longer remain with the college. This spring it was decided to appoint a gentleman at Queen's, and he stepped over the most of the duties which had occupied Alfie's attention during the summer. The trainer's services were retained, however, for the fall and winter to look after the football and hockey teams. In the meantime "Alf" went to work in the Locomotive Works and has become so enamored with his labor and pleased with its financial results that he has definitely announced his intention of remaining where he is. It will be hard for him to stick to his intentions when the sport begins. However, Alfie delivers his ultimatum with every scrap of good coming back to his first love. "Oh, more money where I am," is his answer when asked why he wishes to quit. If he really sticks to his intentions the faithful trainer will be sadly missed. For years he has been a picturesque figure about the university and is known

Value Of "Ozone."

The value of "Ozone" (it is really liquid oxygen) is well known to medical science. It kills the germs of internal disorders. If taken in concentrated form (and that means "Solution of Ozone, the coupon kind") it ensures a speedy cure for asthma, bronchitis, Bright's disease, kidney trouble, malaria and rheumatism. This stringent remedy needs with it a tonic laxative to secure the best results. Your druggist will give you sixteen ounces of "Solution of Ozone" for fifty cents, and if you insist on the coupon kind will guarantee a free package of "Celery King." The Public Drug Company, Bridgeburg, Ont.

Throughout the length and breadth of the province and in many places outside. Honest and true to the core, it will be with regret that all who have been identified with athletics at Queen's for the past couple of decades will hear of his departure.

HAD A FINE OUTING A PLEASANT TRIP AMONG THE ISLANDS.

Rochester People Had a Sail on Sunday on the Steamer America—They Were Shown the "Venice of America."

Yesterday the steamer America left Kingston at nine o'clock in the morning for Cayuga, arriving there in good time. During the afternoon she toured the islands, having on board almost her full complement. The occasion was one of the fortnightly excursions of the Rochester people on Sunday morning by the New York Central railroad authorities. The steamer left directly on the arrival of her passengers and followed, for a great part of the way, the route of the steamers Ramona and Visger. Steward Sparham had his hands full, looking after his department for directly the passengers came on board there was a rush for the dining-room. However, the officer was ready and too much praise cannot be given for the manner in which he looked after the wants of all. In about an hour and a half, with his band staff, he supplied over thirty Rochester and fifty Kingston passengers, too, having nothing but good words to say for the excellent delicacies placed before them.

The run about the famous rocks lasted till after five o'clock, the route being from Clayton past Round Island, T. I. Park to the Bay, then returning by the Canadian channel to Gananoque and crossing back to Clayton. The trip thus included every spot of interest about this portion of the river and presented many features new to even the oldest boaters who were familiar with the trip and still have some to say about the beauties of the American channel with its banks as well as the marvellous scenery of the Canadian side, unbroken by nature's ravages and largely unadorned by the hand of man.

The trip was most enjoyable throughout and immensely appreciated by the Americans, who glad to run from the heat and bustle of the city, spent the day among the cool breezes which waft here and there about the "Venice of America."

Capt. Allen, of the America, knows the river like a book and is anxious to show his passengers all the beauty of the islands to best advantage. It has been said of him that he could take a different route every day and still have some to recommend a rambler on the Folger boat under his care.

REGIOPOLIS COLLEGE.

Successful Ones at Recent Examinations.

The following students have been promoted to higher forms. A number have been promoted conditionally:

To Form V.—T. J. Connor, J. Doonan, P. J. Gillen, P. J. Kennedy, J. Maden, J. S. Quinn, S. E. Thompson.

To Form IV.—H. Cochrane, F. J. Daly, A. Des Roches, J. C. Doyle, J. Gratton, L. Kane, A. Lawler, J. Nicholson, E. O'Connor.

To Form III.—E. Davidson, J. G. Lovitt, E. J. McConnell, O. Maden, P. J. Moran, E. Mallen.

To Form II.—E. Beecher, W. Cummings, L. Cook, S. Daley, D. Dugan, J. E. Hark, G. H. Hark, H. Fahy, H. Fleming, M. Gratton, A. Gravelle, W. Gravelle, E. Hammond, J. Howes, A. Kane, D. Kennedy, E. Kerr, L. Kavanagh, V. Lawler, R. Murray, J. Manly, B. McAllister, M. McNeill, E. McNeill, L. Millan, G. Murphy, W. O'Donoghue, M. Sullivan, C. Tierney.

LETTERS TO THE EDITOR.

The Civic Authorities Not to be Congratulated.

Kingston, July 15.—(To the Editor): With one thanks are due them, gentlemen, who, no doubt at much inconvenience, met the international waterways commission last evening, our city authorities after being duly notified, can hardly be congratulated on their handling of such an important matter. This city's interests could not, I submit, be properly taken care of in ten minutes preparation. Yours truly, THOMAS DONNELLY.

Made A Good Record.

Among the candidates at the recent election of the Board of Education is little Alice Marshall, daughter of Prof. John Marshall of Queen's University. She took fourth on the list of candidates with 540 marks to her credit, a record for a female of her age, being two years younger than the three who passed ahead of her. She stood first of the pupils from Victoria school and certainly reflects great credit on her teachers.

The Officers Chosen.

The Laborers' Protective Union, No. 863, elected their officers for the following term, on Thursday night, July 13th, 1905: President, J. O. Saunders (re-elected); vice-president, George Acton, (re-elected); secretary, W. S. Shaffersham, (re-elected); recording secretary, William Gray, (re-elected); guide, Samuel Percy; guardian, Joseph Smith, (re-elected); auditors, Edward Groombridge, Joseph Smith, G. Given; trustees, William Gray, James Earl, John Hynes.

Caught A Maskinonge.

While fishing on Saturday afternoon, below Catarqui bridge, the Messrs. McCormick and Dr. and Mrs. Baker caught a maskinonge, weighing eighteen pounds. They had to secure the aid of a passing boatman in order to land the big fish.

Henry Cunningham, piano tuner from Chickering. Orders received at McAuley's book store. Princess street. Razor straps, pond ones, at Gibson's Red Cross Drug Store.

INCIDENTS OF THE DAY. Newly Paragaphed Picked Up By Reporters On Their Rounds.

To-day was another searching morning. The heavy rain early this morning was gladly heeded. The weather took a much-needed bath during the night. There were no cases to occupy the attention of the magistrate this morning. What has the city council industries' committee done about advertising Kingston?

The date of the firemen's field day at Prescott has been changed to August 16th.

The worst cases of headache can be cured, 4 powders for 10c. Gibson's Red Cross Drug Store.

It is proposed to make the bachelor street for men police uniforms of grey woolen stripes.

Capt. Arthur Sudds, since Island, has purchased a half interest in the schooner Laura D.

The atmosphere yesterday was a treat for many people who will insist on going to church.

When you have a five cent bit to spare after giving to church and charity, give it to the street Arabs.

In Montreal, a street sign on a street at night are used to advertise sporting and outing events.

Lever's Y-Z (Wise Head) disinfectant soap powder is a boon to any home. It disinfects and cleans at the same time.

As a summer resort, Kingston cannot be properly advertised till it has tourist hotel accommodation to offer.

The government will not pay for letter-carriers riding on street cars. The carriers will petition for the privilege.

Pratt's headache powders for neuralgia and headache, 4 powders in packet, 10c. Only at McLeod's drug store.

The steamyachts Wherow and Castanet brought a number of excursionists from river points to the city at noon to-day.

In less than two weeks, Kingston will be alive with the Old Boys. There'll be lots doing in the way of sport entertainment.

Once the street railway motormen and conductors were all uniformed. Does the new company intend to make its car enter the lobby?

The police were on duty at Swift's wharf again yesterday afternoon, keeping the sightseers from crowding beyond the foot of Johnston street.

The lower flat of the south-east wing of the old Hotel Dieu building on Hook street, is being fitted up as a store house for a commission firm.

It makes hard roads easy, perfumed horated talcum powder in your shoes, 10c. Gibson's Red Cross Drug Store.

The steamer Alder arrived here this morning on her Monday trip from Bay of Quinte points. She brought quite a number of people to the city.

The Oddfellows' Relief Association annual meeting opens here to-morrow afternoon, and will continue Wednesday. Fifty delegates will be present.

The city council will likely adjourn to-night for vacation, which extends for over two months. Special meetings may have to be called, however.

The board of education is not clamoring for holidays. It has virtually decided to meet again in August, besides having a special meeting in July.

A MARKED NEGLECT

Of Civic Committees Regarding the Larger Questions.

There is a very noticeable tendency on the part of civic committees to neglect the larger questions. In one committee in particular, hours are spent in wrangling over little bits of things that ought to be settled in a few minutes. There is no time left for the consideration of what should be beneficial to the city. A lack of initiative is a fault with most of the civic committees.

At a board of works meeting recently held by Ald. Rigney, referred to the condition of the roads and the need of something being done to improve them. The suggestion was a good one, but the likelihood is that the matter will not be heard of again this year. The light and power committee has so far failed to report upon the proposed by-law to raise funds to extend the works. The year end will be in sight before the question is considered and left over to another committee which may likewise "leave" the city property committee seems to be the only one which has had nerve and initiative ability. It unhesitatingly recommends to the council that the east wing of the city buildings be improved and shows that the city will profit by the expenditure of the \$3,000 required.

BISHOP OF ONTARIO.

Preached at St. George's Cathedral.

The Bishop of Ontario preached in St. George's cathedral on Sunday morning from the text: "I am the way, the truth and the life." The eager enquiry of St. Thomas as to the way to the Father, brought benefit not only to himself, but to all succeeding generations. Men often walked with God in unfettered freedom, but sin entered, and with it the estrangement of the creature from the Creator. Since the fall mankind had been feeling after God, if he might find Him," seeking the way back by any rough path. The incarnate Son of God was the answer to man's longing. He came to be the way back to the Father. Through Him alone mankind has access by one Spirit unto the Father."

Desecration Of The Sabbath.

Allusion was made at St. Paul's church by Archdeacon Carey, in the course of his sermon at the evening service, on Sunday, to the fact that five excursion boats had left the city that afternoon to the desecration of the Lord's day. A strong protest was entered by the preacher against the laxity of recognition extended to the divine command. "Remember the Sabbath day, to keep it holy," and an earnest warning addressed to all such as presumed to ignore the directions by which the Creator, in His infinite wisdom, had seen fit to safeguard the moral and physical welfare of mankind.

The Sure Catarh Treatment.

It isn't a snuff nor a wash, neither is it a stomach sickening medicine—it's just antiseptic, balsamic vapor—its name is "Catarhose." For last-ing cure "Catarhose" is the one remedy.

Quality Of Butter Improving.

J. W. Mitchell, superintendent of the Eastern Dairy School, reports there is a decided improvement in the quality of butter made in Eastern Ontario. The output is very much larger, one creamery more than doubling its output of last year. The average creamery states it is turning out about 1,000 pounds a week. He reports many improvements in buildings and equipment.

"Three Swallows."

Sir John Power and Son's "Three Swallows" Irish Whiskey, famous for over a century. Of higher standard of purity. Distillers to His Majesty the King.

Ten New Yorkers arrived yesterday afternoon on the steamer Kingston, and proceeded to Battera to spend a week fishing. They journeyed out in a large waggon with a canvas cover.

A SERIOUS OFFENCE CHARGED AGAINST A PROMINENT CITIZEN.

Alleged to Have Enticed a Ten-Year-Old Child into An Hotel Bedroom—Given a Midnight Hearing—Trial Called for To-Day.

Gananoque, July 17.—A serious offence is alleged to have been committed by a prominent citizen of Gananoque upon one of the sweetest little children in the town, in the person of a ten-year-old daughter of another well-known business man.

The man who committed the assault is a barrister by profession, and had been drinking heavily for the past few days. About four o'clock, Saturday afternoon, he was drinking at the bar of the Victoria hotel. When he left the bar, it is said, he walked through the office and into the main corridor. Then he noticed the child, upon whom he is alleged to have attempted the outrage, she being at the head of the stairs, among a street car in one of the guests.

Approaching the little girl he enticed her into a room adjoining and closed the door. Struggling from the drunken man, she escaped; threw open the door, and screaming for dear life, dashed downstairs, two and three steps at a leap, out of the house, and into the arms of her mother, who was leisurely approaching the hotel. The mother, learning the facts, was almost shocked into insensibility. She immediately communicated the facts to her husband, and together they sought the chief of police and magistrate, the latter issuing at once a summons for the appearance of the offender.

The man was served and was given a midnight hearing, but was in such an advanced state of intoxication that an adjournment had to be made. Being such a prominent citizen, an member of the school board, etc., and so well-known and highly thought of up to the moment, the magistrate left him with the night constable and his car until he could be taken to an official hearing at ten o'clock, Monday morning.

A crowd gathered near the scene of the crime, Saturday night, but before it developed into a violent company, Chief of Police Ryan, who had dispelled any idea other than that the law must take its course.

The accused is a member of the same church of which the little girl is a scholar in the Sunday school. He formerly taught in the public school, which the child now attends. The case will be tried by the magistrate behind closed doors.

CASE ADJUDICATED.

The lawyer's physicians presented to the magistrate this morning a certificate that the alleged offender was too ill to have his case heard. It was adjourned until Wednesday afternoon.
