LIVING TOO HASTILY

CANADIAN WOMEN BREAKDOWN
Irregularities and Female Derange-
ments Result—Cured by Lydia E.
Pinkham's Vegetable Compound.

Owing to our mode and manner of
living, and the nervous haste of every
woman to accomplish just so much
each day, it is said that there is not

Miss Irene Haggood

one woman in twenty-five but what
suffers with some derangement of the
female organism, and this is the secret
of so many unhappy homes.

No woman can be amiable, light-
hearted and happy, a joy to her hus-
band and children, and perform the
duties incumbent upon her, when she is
suffering with backache, headache,
nervousness, sleeplessness, bearing-
down pains, displacement of the womb,
spinal weakness or ovarian troubles.

Irritability and snappy retorts take
the place of pleasantness, and all sun-
shine is driven out of the home, and
lives are wrecked by woman's great
enemy—womb trouble.

Read this letter:
Dear Mrs. Pinkham—
I suffered for four years with what the
doctors called inflammation of the fallopian
tubes, which is a most distressing female dis-
ease, undermining the constitution and sap-
ping the life force. If you had seen me
a year ago when I had begun taking Lydia E.
Pinkham's Vegetable Compound, and had
noticed the sunken eyes, sallow complexion
and general emaciated condition, and com-
pared that person with me as I am today,
robust, hearty and well, you would wonder
that I feel thankful to you and your won-
derful medicine which restored me to
life and health in five months. My friends
all marvel at the change it has made in me,
but none can appreciate it better than I
myself. —Miss Irene Haggood, 1025 Sandwich
St., Windsor, Ont.

At the first indication of ill health,
such as painful or irregular menstrua-
tion, secure at once a bottle of Lydia E.
Pinkham's Vegetable Compound and
begin its use.

GRAFT IN EGYPT.
With Hands Stuck Out to Be
Grafted.

Cairo, July 2.—The "graft" prob-
lem is proving more difficult for
Lord Cromer to solve than all the
other intricate and complex difficulties
of Egyptian administration put to-
gether.

The reformation of Egypt's finan-
cial system was a simple matter com-
pared to reforming Egyptian officials
and eradicating the constant ten-
dency, both high and low, to have
the "graft" grafted.

Bribing officials was the customary
method of doing business. The only
mistake one was in danger of making
was in not offering a large enough
bribe. In such a case the official
would mouth meaningless words of
"insulting his integrity," "reflecting on
his honor," and the like, but the
real insult lay in the smallness of the
offering.

Lord Cromer has determined to
drive out graft. He is meeting with
slight success, and is a constitutional
change must take place in the Egypt.
In his mind before the reform can be
effected to any great extent. Follow-
ing their leaders the beggars have be-
come so persistent in their demands
for backshesh that an appeal has been
issued to all consuls, signed by
Lord Cromer, and Mr. Riddle and
Comte de la Boulliniere, respectively,
the American and French consuls, re-
questing their countrymen to desist
from giving alms.

The police, too, have been incited to
take an interest, and the backshesh
nuisance during the past season was
considerably mitigated.

Major and Mrs. Panet came up the
Rideau, on Ottawa on Saturday,
and are now with the Hon. William
Harty's big household, at Channel
Grove. Mrs. Macarow and her little
son Philip are also there, and Mr.
Hugh Osler also is attached to the
party. Dr. Chamberlain, of Dundas,
was a Sunday visitor at the camp.

**Told in the
Twilight**

A very jolly picnic party went off
on a gasoline launch, on Saturday af-
ternoon, making a run down near
Gannanogue, and also up the lake.

The party, consisting of about
twenty, landed and had tea, and then
spent the rest of the evening wander-
ing about in their launch over "the
lake and river" in the moonlight.
Some strangers on board who had
their first taste of the delights of
sailing on our Kingston waters, in a
small boat, consider us all very much
to be envied.

The luncheon, the tea, the dinner,
have all given place to the im-
promptu picnic, to the sail on lake
and river, and to the steamer trips
down the Rideau and the St. Law-
rence. Perhaps it is the way that the
Kingston women revel in the out-of-
doors, through the summer, that gives
them that freshness that the gaieties
of winter and spring never seem able
to dim. For the last few weeks those
who could do so, have spent much
time on the water, and the simpler
life of the summer time is Kingston's
life just now.

To-morrow a contingent will go
down the Rideau to Mr. George Rich-
ardson's camp, six miles above New-
boro. In the party will be Miss Minnie
Gordon, Miss Howe, of Schenectady;
Miss Bessie Richardson, Mr. Huntley
Gordon, and Mr. Stanley Cunning-
ham. The big camp, which Mr. Rich-
ardson, with large-hearted hospitality
opens up every year for visitors
about the first of August, has this
year had its opening about a fort-
night earlier, specially in honor of
some of the people mentioned above.

Mr. and Mrs. Trevor Grant, are
here from Annapolis, for a visit with
Canon and Mrs. Grant.
Miss Edith Davies, who has been
a visitor at the Britannia Yacht Club
dance, Ottawa, on Saturday last,
on Thursday, for Hawkeston.
Mr. J. S. Going will sail for Eng-
land, from Montreal, to-morrow. He
will be gone about six weeks.

Mr. and Mrs. Francis Hill Macnee,
and their small daughter, will leave
on Thursday for Bay View, near Old
Orchard, on the Maine coast.
Miss Minnie Daley, of Kingston, was
a visitor at the Britannia Yacht Club
dance, Ottawa, on Saturday last.
Miss Etta Levesconte, who is at
present in Newport, will leave there
on the 25th, and will come to Mon-
treal, to stay with Dr. Buller, and
her first daughter, for a day or two.
Miss Adelaide Levesconte, of
Campbellford, will join her there, and
they will sail together for a trip of
three months in the old country.

Miss Etta Levesconte has been one of
the most successful graduates from the
Royal Victoria hospital, Montreal,
and has been compelled to leave this
country altogether, in order to get
a much-needed rest.
Mr. Kenneth Macpherson came up
yesterday, from Ottawa, and is stay-
ing with his sister, Mrs. K. N. Fen-
wick.

Mrs. Balliott is the guest of her
sister, Mrs. Albre.
Miss Mildred Macmorine will leave,
shortly, for Ancaster to visit Mrs.
Fred Ransom.
Mrs. Arthur Matheson, and her baby
will leave in August, for Pembroke,
where she and Mr. Matheson will take
up house-keeping.

Mrs. Felix Shaw returned the end of
last week from Perth.
Miss Katie Gordon goes down to-
morrow, to Mrs. Richardson's Rideau
camp.
Miss Katherineford, who has been with
Mrs. Kent, at "Somerset House," is
now staying with Mrs. Brownfield.
She will probably go to Tremont
Park on Saturday, to visit Mrs.
Drury.

Major and Mrs. Panet came up the
Rideau, on Ottawa on Saturday,
and are now with the Hon. William
Harty's big household, at Channel
Grove. Mrs. Macarow and her little
son Philip are also there, and Mr.
Hugh Osler also is attached to the
party. Dr. Chamberlain, of Dundas,
was a Sunday visitor at the camp.

Mrs. Leitch, of Montreal, is visit-
ing her son, Mr. David Laidlaw.
Mrs. Middleton, in Waterloo street,
London, gave a charming little tea on
Tuesday last for her guest, Mrs. Ed-
ward Brown, of Deseronto. Mrs.
Brown wore a very pretty and dainty
gown of pink muslin.

Mr. George Richardson, Jr., is
spending a few days in the city with
his parents.
Some of Mrs. Hague's family went
over to their cottage on Wolfe Island
to-day. Mrs. Hague herself, and the
rest of the family will be backwards
and forwards between the island and
their town home.

Mrs. Gates is now thinking of going
down to Quebec about the middle of
August, having in mind the naval
manoeuvres there at that time, and
the rest of the family will be back-
wards and forwards between the island and
their town home.
Major and Mrs. Bruce Carruthers
will leave to-morrow, for Lake Como,
on the New Jersey coast.
Miss Amelia Davis, of the K.G.H.,
will go home this week to Lyn, for
her holidays.
Mrs. Horn, Kingston, and Miss
Horn, Toronto, are visiting Mrs.
Orain, Argyle Avenue, Westmont.

and his wife, of Stirling, Dr. Malone
is going on to Hamilton to attend
the historic convention, and his wife
will stay with Mrs. Anthony Malone,
Homewood avenue, Toronto.
Miss Gertrude Carnovsky, Chatham,
is visiting Miss Rita Hiscook, Wil-
liam street.
Mrs. Hoskin, and Miss Hoskin, from
Malta, are visiting Mrs. Hoskin's sis-
ters, Mrs. Lawson and Mrs. F. El-
liott, Alfred street. They came out on
the Virginian.

Mrs. J. Baker Murphy, London,
formerly of Kingston, announces the
engagement of her daughter, Florence,
to Dr. William J. Holland, of Maple-
wood, Mass. The marriage will take
place on July 26th.

Sir Gilbert Parker, M.P., who is
coming on a visit to Canada, will
sail by the Virginian on August 3rd.
Mr. Albert Horton, chief of the
Hansard staff, Ottawa, and Miss Mar-
guerite Graham, member of the Cana-
dian Women's Press club, and a press
representative in the press gallery at
the capital, were married on Satur-
day.

The marriage of Miss Frances Grant,
youngest daughter of Mr. Paul Grant,
of Cardinal, to Mr. Howard Phillips,
of Port Huron, Michigan, formerly of
Cornwall, Ontario, will take place on
July 26th, in St. Paul's church, Car-
dinal.

Announcement has been made in
London, of the engagement of Mrs.
Arch. Marjoribanks, formerly Miss. Les-
lie Brown, of Nashville, Tenn., to
Douglas Hogg, a member of the Eng-
lish bar, Mrs. Marjoribanks, the
widow of Archibald Marjoribanks,
third son of the late Lord Tweed-
mouth and brother of Lady Aberdeen.

Thought He Lost It.
Quite a sensation was created in the
neighborhood of the Grand Trunk
railway's city ticket office about noon
to-day. A stranger after having spent
last evening in Kingston, was depart-
ing on the last train. On looking for
money wherewith to pay for his ticket
he found he had lost his pocketbook.
As that little treasure contained in the
neighborhood of \$2,000, things were
lively for a time. The police were
at once communicated with as it was
thought the stranger had been
"conched for his wad." However, by
the time the officer of the law arrived
the missing wallet had been found in
another pocket where it was mislaid.

Sending Lantern Slides.
The civic industries committee is
arranging to send lantern slides with
Kingston views to the Municipal
Journal, Toronto, which asked for a
number to be used in an illustrated
lecture to be given before the Union
of Canadian municipalities to be held
in Toronto shortly. Ald. Walker has
the matter in hand. Here is at last a
chance for the industries' committee
to advertise Kingston at small ex-
pense.

Used Magistrate's Skiff.
Last evening's paper contained an
account of the brutal attack by a
midnight robber on Mrs. Fanny Har-
nolds and her daughter Ida, at their
summer home on Island Park. The
assailant rowed to that place from
Thousand Island Park and by a
strange coincidence it happened to
be the skiff of Magistrate Farrell, of
this city, who has a cottage at that
park, that he temporarily confiscated
for the occasion.

Sammy Disciplined.
Pittsburg, Penn., July 18.—The will
of the late Jacob S. Brewer, the
candy merchant, was filed here, and
his only son, Samuel S., who some
time ago offended his father by marry-
ing Nellie Paris, a poor dancing girl,
has been practically disinherited, be-
ing cut off with the income of \$20,000
for life. An only sister enjoys the
bulk of the estate.

The Company Is Busy.
The Watertown Engine company, of
Watertown, N.Y., has lately received
some very large orders, necessitating
running over-time and are now tak-
ing on all the machinists, moulders,
pattern-makers and helpers they can
get. The great demand for their
four-valve high speed engine has
largely increased their business.

How to Avoid Catching Cold.
Allow yourself to "run down" and
catch cold from the first germ that
comes your way. Wade's Iron Tonic
Pills make you cold proof by giving
you rich healthy blood, the kind that
kills all disease germs. In boxes 25c.
at Wade's Drug Store. Money back if
not satisfactory.

Stolen At Camp.
During the recent camp at Barrie-
field, eleven blankets were stolen from
the 47th Regiment. It is said that the
authorities know the right of that
number have been sold already for five
dollars. Unless the missing articles are
returned at once there promises to be
trouble for the guilty parties.

Fashionable Clothing To-Order.
Prevost's Brock street, has always
had the reputation of making the
finest clothing to order. For material,
style and workmanship, he cannot be
beaten. A large variety of goods to
choose from at rock-bottom prices.
A first class fit guaranteed. Give him
a trial.

ODDFELLOW'S RELIEF

**THE ANNUAL SESSION BEING
HELD HERE**

Fifty Representatives Are in At-
tendance from All Over Can-
ada—Thirty Years Since the
Association Was Formed.

The Oddfellows' Relief Association
met in annual session here this after-
noon and will continue till Wednesday
evening. There are fifty representatives
in attendance:
W. H. Cole, Brockville.
Joseph Oliver, W. S. Johnston, J.
B. King, John Donogh, J. T. Horn-
brook, Toronto.
W. A. Dennis, Galt.
J. J. Reid, D. J. Dickson, C. J.
Williams, T. J. Potter, of Montreal.
A. Philips, Huntington.
E. G. Butterworth, George Bell, Ot-
tawa.
R. K. Cowan, London.
O. L. Lewis, Chatham.
E. C. Garbutt, Picton.
L. B. Cooper, L. C. Pascoe, Belle-
ville.
C. E. Brodie, Quebec.
J. R. McDonald, Sherbrooke, Que.
C. B. Allen, St. John, N.B.
J. D. McKean, Westville.
A. McCannell, H. B. Rose, John-
ston Douglas, Winnipeg, Man.
Henry White, Port Hope.
F. S. Evanson, Prescott.
T. J. Naylor, Deseronto.
C. R. Cotton, Gannanogue.
F. S. Seest, Napane.
S. Law, Guelph.
A. B. McBride, Waterloo.
J. E. Farwell, Whitby.
C. W. Postlethwaite, Merrickville.
Leonard Ferguson, St. Thomas.
Dr. Whitaker, Axminster.
T. H. Mallory, Malloryton.
W. H. Hoyle, M.P.P., Cannington.
W. J. Manahan, Brockville.
D. D. Sloan, J. A. Denison, King-
ston.
W. D. Spence, St. Mary's.
A. M. Jacobi, Ottawa.
W. H. Allen, Carleton Place.
S. M. Thomson, Brantford.

The Oddfellows' Relief Association
was established by a few Oddfellows in
Kingston in 1875, and is thus thirty
years old. In 1875, it had 354 mem-
bers; to-day it has over 17,000. The re-
venue in 1875 was \$952; in 1904 it was
\$291,827.00. In 1897 a amount paid
in death benefits was \$178,500.00. To-
day the association has a surplus of
\$350,000 over and above liabilities, the
bulk of it being invested in municipal
bonds. The association has a surplus of
\$21,501,250 in insurance on the exist-
ence of its existence the association
has paid out nearly a million and a
half dollars in death claims. The
Oddfellows' Relief Association, has
thus accomplished its work.

At noon to-morrow, the association
representatives will take a trip down
the river on the steamyacht Wherowen
on which lunch will be served. They
will return later in the afternoon and
resume business.

The executive officers of the associa-
tion are all of Kingston, viz.: R. F.
Elliott, P.G., president; Thomas Don-
ogh, P.G., vice-president; R. Meek,
P.G., secretary; Thomas H. Mack-
sby, P.G.R., superintendent of agencies.

HEARING A CASE
In Which Attempt is Made to
Collect Damages.

Below is the docket heard by Judge
Madden of Napane, in the division
court. His honor mounted the bench
this morning, at the court house, and
at the time of adjournment, half-past
twelve, was still taking evidence in
the case of J. B. Cooke vs. the corpora-
tion of the city of Kingston and
Leighton. The action is one to
recover \$300 owing to the damages sus-
tained when a team belonging to
Mr. Guess ran into the plaintiff's cut-
ter, on March 5th last. The mishap
occurred in front of Melquham's liv-
ing. The runaway, however, started
further up Prince of Wales street, and
the city's liability enters the case through
the non-removal of snow from beside
the double track between Clergy and
Barrie streets. It may be brought out
in evidence that the banks of snow
were what caused the mishap. It was
to get his leg over the pole of the rig,
and thus incite his partner to run
away. Thus there is a chance of neg-
ligence being proven against the city,
and the case will be a long one.

L. Whiting is conducting the case for
Cooke while the solicitor, D. M. Mel-
nyre, is looking after the city's in-
terests. Seven witnesses will be called on
each side.

A New Gauge Required.
Since the steamer America collided
with the wharf at the foot of Brock
street several weeks ago, there has
been no water gauge, and it was
smashed and carried away by the
collision. Harbor master McCannion
has asked the city engineer to have
a new one replaced that carried away
as he deems it to continue his monthly
readings of the gauge. These readings
are reported regularly to the en-
gineer's office, in which there is a
record of the rise and fall of the
harbor water for years past.

Bishop's "Long Odds."
The Bishop of Norwich recently re-
marked at a meeting that Great Brit-
ain had a greater influence over the
heathen and other nations of
Europe put together. In carrying out
her ideas of civilization she picked
the best countries in the world, and
France and Germany, in efforts at col-
onial expansion, had difficulty in find-
ing any valuable part of the globe
not appropriated by Britain. The one
flag seen everywhere was the Union
Jack. If he were a betting man and
saw a ship on the horizon, he would
lay pretty long odds that it was float-
ing the British flag.

Age Adds To Its Popularity.
Fifty years ago Putnam's Corn Ex-
tractor was introduced. Its sale has
been enormous. Why? Because, its
only painful remedy for corns, warts
and bunions. Doubtless, you've proved
this yourself.

Trusses, "a perfect fit guaranteed."
No charge for fitting. Dr. Chown's
drug store.

Canada Flakes

Nearly 1/3 more

Hats, Children's Hats, In fact everything that belongs
to summer must go All marked for quick selling.

**No Soot
in the "Bison"
Hot Water Heater**

Soot is a non-conductor of
heat.
If soot coats the surface of a
hot water heater, half the heat
from the fire is lost, half the
coal is wasted.

That is why some furnaces do
not heat well, their flat surfaces
and sections collect soot.
In the "Bison" hot water
heater, there are no flat surfaces
—there is no non-conducting
blanket of soot—you get all the
heat in the coal direct on the
water surfaces and you get it
quickly.
