No furnace drudgery in the Bison

The most exasperating mystery a man can have is a cranky furnace. The dirt and soot, the ash sifting and draft worry of many heaters, make life a burden With the new "Bison" hot water heater, there are no worries. Its drafts are so e a child can understand them, th shaking down apparatus is operated with the slightest effort, shaking down and ing in one operation. It is a clean, uple, economical heater, perfectly safe, as it burns its own gas no matter how the drafts are set. Write to H. R. Ives Co., Limited, Montreal, for an interesting ooklet which fully describes it.

approved of the work in which the central organization was engaged. The very evident care with which its medical selections were made, and the evince of which was afforded by the history of the association. The scrvice of the Independent Oddfellow, as the official medium of communication between the association and its members was very favorably considered

The committee on statistics observed: 1. That the number of deaths by accident was smaller than in previous years. 2. That while the death rate several years, and the average age

members 46.87; average age of new and economical management, or as

membership. The securities held by the association showed a gain in the year has been examined and checked in the rica, with her remaining passengers, of over \$40,000, these securities being passengers of the entire committee, and continued on down appears the isassociation showed a gain in the year has been examined and checked in the rica, with her p of over \$40,000, these securities being presence of the entire committee, and safety of the investments which re-

zed the association at its annual meeting, by resolution, to transfer to was called into requisition and under the credit of the reserve fund all or its powerful rays all the pretty and mortuary benefit fund after full proadjusted claims. Recess was then taken and during it the party ceeded by the steamyacht Wherenow pital, where under the trees, Caterer Bassam provided a cold lunch. The air was cool there, and the party lingered for about an hour, then returning to the city for business.

The Afternoon Session. election as a director of the board. and that he had been connected with the association since its inception. Mr. Oberndorffer feelingly referred to the fact that in attendance was Col. Gordon, now officer commanding of Eastern Ontario, who had been first secretary of the association, from 1874 to 1882. Col. Gordon was present at the outing to Rockwood grounds, and enjoyed the remembran ces of his former connection with the

The auditors, John Nicolle and G. Ettinger, were re-appointed. At this stage the grand master from Ontario, E. B. Butterworth, of Ottawa, visited the meeting and received

a very hearty welcome. J. J. Reid, of Montreal, offered another amendment to the constitution The various officers' reports were and it was adopted by unanimous consent. According to it, the constiupon a proposition previously sub- off the cars and went home. Those mitted in writing and of which at who were present had a good evening's least sixty days' notice has been given amusement. The Bradfords were direct or through the agencies. If good form, and kept the audience unanimous consent has been given at good humor by their singing and the meeting, the amendment may be dancing. The Irish comedian Hennes the directors, and to the effect that submitted and acted upon without sey, did good work with his singing notice, provided that a two thirds and comic sayings. His dancing was majority of the members present will much admired. The Leftows, in feats, vote for its adoption.

J. Farewell, of Whitby, gave no- deservedly applauded.

Joseph Oliver, of Toronto, secondand he hoped that the record of the

progress which had been made in the Col. Cole, of Prockville, endorsed Provinces, 11.15; Manitoba and North- fect upon the members of the associacordial relations exisiting between the sundry disturbances reported in some joint missionary work was heartily remarkable expression from Abb Lanment of the North-West Territories, been called into consultation by the upbuilding of Oddfellowship in who had given some consideration to that direction. The zeal and energy of its affairs. Mr. Landis said that the sented the cleanest record of any association which had come under his observation and such a remark certainhad been tendered. The speaker, as will be power galore. one who knew something of securities by reason of his business, said he had personally examined the bonds and debentures of the association

The resolution was further endorsed nelly, and by the secretary-treasurer take. Wholesale Druggists Toledo, O. and the superintendent of agencies.
