At ten o'clock, Sunday evening, the German imperial yacht, Hohenzollern, drops anchor near the Polar Star. Emperor William, accompanied by Prince Albert of Schewelsin-Holstein, and attended by his suite, was rowed to the Polar Star. His majesty was received at the head of the ladder by the czar and Grand Duke Michael Alexandrovitch. Cordial greetings having been exchanged, the emperor reviewed the guard of honor and the yacht's crew. The two suites were then escorted, after which their majesties retired to the deck saloon at 11 p.m. The czar and grand duke accompanied the kaiser aboard the Hohenzollern, whence the former returned to the Polar Star at 1:30 p.m.

From well-informed quarters it is learned that the kaiser, at his meeting with the czar, was willing to express his views on an absolute monarch's proper relations with the socialist interest, expressing himself as a sovereign ruler by divine right to the only other emperor whose authority is similarly derived. In the matter of external policy the kaiser's purpose was to dissuade Russia from abandoning definitely her policy of expansion in the extreme Orient, and especially to discourage her from turning to Asia Minor and the Persian gulf.

Monarchs Sail Home. London, July 25.—Taking a different route from that which he was expected to take, the kaiser, accompanied on board the Hohenzollern, arrived, today, at Bjorkoek, northwest of Kronstadt. The Hohenzollern continued her journey to Wisby, Sweden, 115 miles south of Stockholm. The czar, on board the Polar Star, returned to St. Petersburg last evening.

Kaiser's Latest Dread. Paris, July 25.—The Matin's St. Petersburg correspondent says: "After having been in fear of an Anglo-French alliance, the kaiser now dreads a possible alliance between Japan and Russia. He is, therefore, anxious to propose to the czar that they should meet. Friends of peace here fear that the czar may return to Russia encouraged to continue hostilities by the words of Emperor William. The latter, on the other hand, is believed to be very anxious regarding the progress of the revolutionary movement in Russia."

Due To The Czar. Berlin, July 25.—The correspondent is in a position to repeat, authoritatively, that the meeting between the kaiser and the czar is due to the initiative of the czar. An inspired statement as to the meeting is made here. It says that the kaiser is willing to advise the czar upon any question of internal or external policy which the czar might desire. He will not take the initiative in the discussion. It is taken for granted that the kaiser recommended reforms and peace as the basis for a re-organization of the country, which is regarded as essential to the interests of Germany.

The Japanese evacuated the positions without fighting, and the Russians occupied them. "But," adds the Russian commander, "the Japanese retired to a fortified position west of the Yalung-tse Valley, which covered their further movements, and we experienced great difficulty in surmounting the obstacles before the fortifications that our detachment eventually retreated in a northerly direction."

Their Imperial Majesties Meet And Part. KAISER AND CZAR MEET ON PLATFORM OF THEIR DIVINE RIGHT.

Friends of Peace Fear the Chat Will Hinder Their Desires—Kaiser Nervous on Several Points—Details of Meeting.

St. Petersburg, July 25.—The official version of the meeting of the emperors, of the Swedish coast, is contained in the following publication from Court Minister Fredericks, sent from Bjorkoek:

"At ten o'clock, Sunday evening, the German imperial yacht, Hohenzollern, drops anchor near the Polar Star. Emperor William, accompanied by Prince Albert of Schewelsin-Holstein, and attended by his suite, was rowed to the Polar Star. LOSES MIND ON TRAIN.

Change From Cool Climate of North Gives Her Insanity. Elwood, Ind., July 25.—Returning home from the cooler climate of British Columbia, Mrs. Lulu Bortoff, of this city, wife of the assistant secretary of the Tin Workers' Gold Mining company, at Revictoria, B.C., lost her mind on the train before reaching Chicago, on account of excessive heat, and is now at the home of her parents here in a pitiable condition, being unable to recognize her little children, besides two years and six months, who accompanied her on the long journey.

Railroad officials at Chicago, ascertained the woman's condition, and two of the Pennsylvania's special officers accompanied her to this city. Her husband has been summoned, as she is expected to die.

TO LOOK OVER Condition Of Fisheries In Georgian Bay. WILL NOT REFUSE TO PAY THE STEEL BOUNTY TO AMERICANS.

A British Team to Attend the Rifle Association's Meeting in 1906—Anxious to Have the St. John Valley Route Adopted for the G. T. P.

Ottawa, July 25.—The government has appointed a commissioner to investigate the Georgian Bay fisheries. It will comprise Prof. Prince, chairman; John Birnie, Collingwood, and James Noble, Little Current, as members.

There is no truth in the report that the dominion government will refuse to pay the bounty on steel from works established in Canada with American capital.

It is the intention of the London Scottish, otherwise the 7th Middlesex Regiment, to send a team to Canada to compete in the Dominion Rifle Association meeting in 1906.

The New Brunswick delegation that is here to see the government with a view of getting the transcontinental route to the St. John valley route on its way to Montreal will have their interview with the government to-day.

The mounted police department has received a telegram stating that the police patrol that is opening up an overland route between Edmonton and the Yukon has reached St. John. They expect to get as far as Fort Graham this winter, and will reach Lake Teatin next year.

J. B. Spencer, agricultural editor of the Weekly Star, has been selected by the Hon. Sydney Fisher, minister of agriculture, to fill the position of assistant to the live stock commissioner at Ottawa. The position has been vacant since the resignation of A. P. Kitchin, B.S.A., last autumn. Mr. Spencer is well qualified for the office.

Before leaving for the west after the house closed, the members for the territories had a conference with Sir Wilfrid Laurier in reference to the formal inauguration of the new province of Alberta and Saskatchewan. It is understood that they extracted from the premier a promise to be present in person. Several other members of the cabinet will attend, including, as a matter of course, the new minister of the interior, Hon. Frank Oliver. The Saskatchewan people have decided on Labor Day, September 4th, as the day of celebration. The ceremonies at Edmonton will in all probability take place on September 1st.

Dr. Mills, of the railway committee, who has been ill for some time, is said to be improving rapidly. It is expected that he will be able to accompany the other commissioners on their western tour in the month of September. The commissioners have decided to hold a session of three or four days in Ottawa before leaving for the west.

Sir Wilfrid Laurier will go to his Arthursville home at the beginning of next month, where he will take a rest of a few weeks.

TO BE THOROUGHLY SIFTED. Department Has Procured Some Sensational Information. Washington, July 25.—The Post says there is no doubt that the district attorney hopes to secure the indictment, through the grand jury investigation into the cotton report scandal, of two or three more persons, at least one of whom "is now or was formerly an official of the department of agriculture" and who has had an experience with the investigation conducted by the department of justice has brought to light a great mass of information, some of which is far more sensational than anything that has so far been made public. It is proposed to summon before the grand jury every official and employee who could possibly know anything about the cotton leaks.

A STRIKE ORDERED. As a Demonstration Against the Government. Warsaw, July 25.—The socialists have ordered a general strike to be inaugurated, on Monday, as a demonstration against the government on account of the convention, last week, of Oksepej, the man who attempted to assassinate Baron Von Molken, the chief justice of Warsaw, on March 24th. It is feared that the day named for the strike will be marked by rioting which will be accompanied by bloodshed.

DEPENDS ON JAPAN. Peace is Assured if Terms Are Reasonable. St. Petersburg, July 25.—Count Cassini, formerly Russian ambassador at Washington, expresses the opinion, according to the Herald's Paris correspondent, that all now depends upon the Japanese and that if their demands at the coming peace conference are reasonable peace is assured.

An Englishman Drowned. Bathwell, Man., July 25.—A young Englishman, named Millington, while bathing in the Boyne river, yesterday, near here, got beyond his depth, and being unable to swim, he was drowned.

FALL INTO TAN PIT

Proves Great Boon for This Sufferer. Cologne, July 25.—Johann Simon, a tanner of Ulm, has been cured of a rheumatic complaint of several years' standing as a result of falling into a tan pit. Simon remained in the pit for more than half an hour before he was rescued. He then found himself completely cured of his pernicious illness, with a feeling of rejuvenation permeating his limbs.

The work of tanning at Ulm being carried out by an electrical process, the local medical faculty attributes the strange cure to the combined effects of electricity and tannic acid in expelling the uric acid from the man's body. Simon's tanning yard has attracted hosts of visitors, and already eighty-five rheumatic subjects have plunged into his pits, paying fees from five shillings to £2 each.

ATE SMALL CHILDREN. Band of Gypsies Arrested for Cannibalism. Vienna, July 25.—The Pest Hirlap states that a band of twenty gypsies has been arrested at Jasterbery, Hungary, on a charge of cannibalism. Some of the prisoners have confessed that eighteen children have been eaten. Several times recently members of the band have been charged with stealing children who disappeared from the neighborhood of the gypsy encampment but the charge was always dropped, as no trace of the children could be found. The police now state that they have found the remains of a cannibal feast in one of the gypsy vans.

REFUNDED MONEY. Which Was Deposited in Seizure Case. Walkerville, Ont., July 25.—The customs department at Ottawa, has refunded \$380, of the \$400, which Captain Ruelle, Detroit, deposited when the tug Lorman was seized here, some time ago, for alleged smuggling of the telegraph cable, designed to be used in connection with the floating pool room which had been fitted up on the steamer Badger State.

Balfour Holds Safe Majority. London, July 25.—It is estimated that had a division taken place in the House of Commons, yesterday, the government would have had a majority of from ninety to one hundred. Several conservatives made their first appearance in the house for this year. The occasion of the large attendance was Premier Balfour's anticipated statement to the commons. Mr. Balfour declared that such incidents as his defeat of Thursday had never been regarded as ground for resignation or dissolution and announced that the government did not propose either to resign or dissolve parliament because of Thursday's occurrences.

The opposition, for tactical reasons, decided to abstain from a division when the government moved an adjournment.

A Serpent As A Bedfellow. Altona, Pa., July 25.—Samuel Stycers, Woodward, has had an experience with a rattlesnake that is close to the record for nerve-racking escapades. His little son was ill and was confined to a bed on the first floor. The front door was left open day and night for fresh air. When Stycers entered the sick room he heard a peculiar noise. Investigation revealed a rattlesnake coiled up on the sick boy's bed. Presuming it was a cobra, Stycers the reptile upon the porch, where the dog was quick to grab it, and shake the life out of it. The reptile measured five feet in length and had twelve rattles.

Gallant Rector. Danbury, Conn., July 25.—Rev. G. W. Davenport, rector of St. James' Episcopal church, jumped from a boat into twenty-five feet of water and after a desperate struggle rescued Orlando Brown, son of Dr. D. C. Brown, from drowning. Young Brown and a party of boys of the church were camping at Taunton lake when the lad fell from a boat.

Lowered A Record. Detroit, Mich., July 25.—Walter Direct, at Grosse Point track, won the \$5,000 Chamber of Commerce stake for 224 class horses and lowered the record for the stake from 2:04 1/2 to 2:02 1/2. The stake was the feature event of the opening day.
