GOT 'EM THROUGH

WAITED LONG BUT HELD THE FORT.

And Not a Minute Too Soon the Last Alderman Arrived and the By-Laws Were Given a Complete Reading.

Oh, my! what a fight was there! The meeting of the city council called last yesterday afternoon, from 7 o'clock, was held all right, but there was mighty little to spare. At the appointed hour the mayor and a few of his associates were on hand all right, but their numbers were decidedly limited. The business was to pass by-laws for the laying of a number of artificial stone walks in different sections of the city. To this end a three-quarter vote of council was required. The thing looked impossible. There seemed no way out of the difficulty for the city engineer, on the advice of the city solicitor, had refused to proceed with the work unless it was sanctioned by the city council after the regular manner. The telephone was brought into requisition and for a considerable length of time the instruments were kept ringing while the foreign lawyer sat in the mayor's office discussing the chances of securing the necessary seven votes. Whether the elections were too far off to worry some of the barometer entered a least sufficient to cool their ardour for municipal business may never be known. Slowly but surely the telephone did its work, and as each member of the clan mustered, his appearance was greeted with prolonged applause. As the business was rather too important to be laid over for a year, for that's what the postponement of the passage of by-laws practically entailed, the aldermen were not wont to disperse. They sent forth messages east, west, north, to summon the fathers. But the president of the council was not to be tamed. Finally with the appearance of Ald. Toye fifteen members were on hand.

So very rosy did the prospects appear for the attendance of two more city fathers that an adjournment to the council chamber was made. The clerk called the roll and the following answered their names: Mayor McFarlane, Alds. Angrove, Bell, Givens, Meek, Hoag, Johnson, Kent, Mallon, McCann, Rigney, Ross, Sears, Toye, and Walkem. Scarcely had the result been registered when Ald. Abbott rushed in to answer what a physician might term a "hurry call." It was now fifteen minutes to five. They were sixteen and business proceeded in due and certain faith that ere the time arrived for the third reading of the by-law, the gallant few would be rescued from their dire extremity. For had not Ald. McKay promised to give his brothers a helping hand? This time they would put their trust in prayer. The clerk then proceeded to read the following communications: Mrs. Mary McDonald, asking that \$1 be struck off her dog tax. Patrick Corrigan, objecting to his dog tax. H. J. Oak, asking that \$4, income tax, wrongly charged to him be struck off. Thomas Fleming, agent of the Lake Straman's Union, and James O'Neil, president of the longshoremen, objecting to the Sailors' Song Harbour being exempt from taxation. C. H. Rust, city engineer, Toronto, asking that the mayor and city engineer attend the next annual meeting of the American Society of Municipal Improvement which is to be held in Montreal in September. J. P. McCutcheon and John Cunningham, trimmers of the electric light department, asking for an increase of pay. Mary C. Maxam, applying for remission of taxes on account of poverty. All these communications were referred to the finance committee excepting that from J. P. McCutcheon and John Cunningham which were turned over to the light, heat and power committee for consideration. Still no signs of a relief expedition but the garrison held grimly on to the last. The by-laws had received their second reading. Dall forbodings filled the air. Should Ald. McKay fail them in this their last extremity? Were he to side him should he not effect a rescue. It was Ald. Bell who exploded the mine. His resourceful energy as leader of the government forces had been displayed silently as in a cloud of night he issued forth and sought Janitor Ballantyne. With all speed he despatched him forthwith in his buggy to make a dash for freedom through the enemy's lines and secure a loan, or else their only hope of salvation. In the nick of time the door opened and in marched their dauntless comrade, a friend in need, and a friend indeed. Ald. McKay. What more need be said? It was then ten minutes past five, but the stronghold had been saved to the grateful or ungrateful (as the case may be) public. The by-laws went through with a victorious cheer and the sun-

shine after storm burst forth in all its glory. There was little more to be said or done. Ald. Hoag presented the report of the board of works and on the account of Mr. Angrove it was unanimously carried. The garrison had nobly fought and as nobly won! Victory rested with the defenders of public rights and they could now enjoy leave of absence with clear conscience of a duty nobly fulfilled.

KINGSTON CLUB NINE

Will Try for Sculls of Toronto Team.

Members of the Kingston Club in Ottawa have organized a nine with which they expect to bring home the sculls of a team from Toronto that they are to meet at Kingston on Monday. The players will likely be: Catcher, James Lafrenier; pitcher, Edward Davidson; 1st base, W. Driscoll; 2nd, after Easton; 3rd, Joseph Goyette; short-stop, J. M. C. A. tourists; 4th, W. Spooner; left field, W. Baird; right field, S. Potter. The "boys" have secured a uniform, but will not give out the exact details as to color, etc., yet. They have several practices, and intend to have several more at Cartier Square. The club members hold a meeting on Wednesday night to make final arrangements for the outing. They expect at least 600 will be on the train when it pulls out of Ottawa on Saturday.

The local agency of the Canadian Pacific railway received official notification, this morning, that the Kingston Club of Ottawa will leave at 8.15 a.m., and arrive here about one o'clock. Remains over Sunday and Monday, they will be back in Kingston on Monday. The weather is favorable over 600 excursionists are expected to take in the trip.

To Greet the Old Boys.

At a meeting of the members of the 14th Regimental band, held in the armories last night, a general committee comprising Messrs. Foden, McCall, and Bennett was appointed to arrange for the entertainment of the bandmen from the Governor-General's Foot Guards. This committee is the same old reliable one whose members have looked after the "Old Boys" for their comrades during the past fifteen years. As far as is now known the programme for the 14th Band during the reunion days is: Saturday noon—Meet the Ottawa "Old Boys" excursion. Saturday evening—Welcome the Toronto contingent. Sunday evening—Sacred concert in Macdonald Park. Monday evening—Band concert on Market Square.

Besides the Guards' band, of Ottawa, will give a concert in the armories Saturday evening.

They Cause Accidents.

A writer to the Whig says: The slopes made in the cement and asphalt walks, at lawns and gateways, are responsible for a great many accidents; sprained ankles are the result. The engineer, or accident insurance company, should look into the matter. The grouting outside the cement is better, or if it interferes with drainage, tile could be run through.

MARINE INTELLIGENCE.

The schooner Queen of the Lakes cleared with dispatch from Richardson's wharf, for Oswego.

Swift's Steamer Toronto, down; steamer Caspian, from Charlotte; steamer Rideau King, from Ottawa; steamer Hamilton, up.

Craig's Steamers Alexandria and Waterly, down, last night; government tug Shanly, from Ottawa; yacht Phaphamod, from Thousand Islands.

Shipping Wheat Back.

The present Canadian wheat situation is puzzling all the wise heads in the business. In Winnipeg cash wheat is selling at from \$1.13 to \$1.13 1/2 per bushel, but it is claimed that there is very little changing hands at the figure, and that the price, which is about thirteen cents above the export basis, is purely speculative.

For the first time in Canada's history it is a paying project to ship wheat from Kingston back to Fort William, and this is actually being done, the steamer Plummer now being on her way back with a cargo amounting to considerably upward of 100,000 bushels.

THOROUGHLY DREDGED.

Anglin's Bay is Now a Fine Ship Harbor.

The dredge Nipissing has completed the work of dredging Anglin's Bay, where it has been operating for the past year. The bay has been dredged from shore to shore, and the former shallow places have been made four feet deep. Steamers and other vessels can now move about there with perfect ease.

The despoiling of the bay is a great thing for the Davis Dry Dock company, the Rathbun company, the M. T. company, and Anglin & Co. The old G. T. R. railway pier, which used to carry the old swing bridge, has been removed. The K. & P. railway company will build coal wharves on the inner side of the track so that two vessels can be unloaded at the same time.

A great improvement has certainly been made in the bay, which constitutes quite a harbor for Kingston. The dredge Nipissing is still engaged here, and will do some work around Garden Island and Wolfe Island.

Ontario Diocese.

The Bishop of Ontario has appointed Rev. W. Archibald, of Leamington, to the parish of Rodin, to begin duty October 1st, when Rev. H. R. Trompou, dean, now in charge temporarily, will return to college for a year.

The Rev. J. M. C. A. tourists, of Leamington, will give a handsome subscription, \$100, to the Archbishop Lewis memorial fund, from Archbishop Harding, Qu'Appelle, \$5.

The Street Railway Engine.

The street railway engine and generators will not be here from St. Louis till the end of the week, but this will be plenty of time, as the foundation for them, in the building where they are to be erected, will not be ready till Friday anyway. Mr. Campbell, under whose supervision the work is being done, expects that the engine will be in operation by the middle of August.

Lovers of Good Music.

Mr. Allen calls attention of good music loving people to a splendid concert grand piano (Heintzman) to be sold at his auction sale on Wednesday July 28th, at 111 William street. This fine instrument is not only a beautiful piece of furniture, but for durability, splendor and sweetness of tone, cannot be surpassed; was gold medalist at Queen's jubilee, and when bought was valued at \$650. To-day it is like new.

LAKE ONTARIO PARK

GOOD VAUDEVILLE THERE THIS WEEK.

Large Crowd in Attendance Last Evening—Scotch Comedians, Juggler and Singing and Dancing Girl on the Programme.

Lake Ontario Park presented an animated scene last evening. There was a large crowd of pleasure seekers, who had a merry time. The pavilion was filled and gave the new company for the week an enthusiastic reception. The company is one of the best that has appeared there for some years. Each performer is an adept in his line and gave the utmost satisfaction. Roberts and Ralston, the eccentric Scotch comedians, kept the crowd in laughter by their singing and dancing. Their burlesque boxing was one of merriment and laughter. Their boxing act is new. Delmo, the juggler, is original in his line. His feats are interesting and bewildering, and are performed with dexterity and swiftness which are really amazing. He was loudly applauded. Misses Lee and Wagner by their charming personality won the favor of the audience. Their singing and dancing was very fine and they were repeatedly called. They sang with much ability, several pretty songs: "Auntie Time," "Josie," and "Take a Car." Miss Wagner performed some interesting acrobatic feats, assisted by Miss Lee, in a manner to win the approbation of the audience. They are winsome singers and dancers. Their company will gain in popularity during the week closes. Miss McElade played some fine piano selections which were much admired.

PUT \$1,000 ON PLATE.

Bathurst Street Methodists Do Not Cease Activity.

The congregation of Bathurst Street Methodist church, on Sunday, asked to place \$1,000 on the collection plate towards the \$2,000 necessary to pay off the indebtedness on the lot to the south of the church and pay for the renovation and redecoration of the edifice. The ladies of the church have guaranteed to raise \$1,000, and with this assurance the congregation responded to the call and pledged the additional \$1,000. During the past few Sundays there has been a noticeable increase in the attendance at the church, and the preaching of Rev. Ebenezer Crumley, D.D., the new pastor, is drawing Methodists from all parts of the city. A large attendance of students is expected when the college building opens, and already two professors from Victoria College have joined the congregation.
