NEWS FOR THE KINGSTON GARRISON.

Royal Canadian Engineers to Go Into Camp at Point Levis-Headquarters of No. 1 Com-Transferred to Kingston.

A militia order just issued contains the following: Paragraph 823 and amendments thereto published in general orders Nos. 55 and 115, 1905, are ed : A candidate to be eligible for first appointment to the permanent force eighteen and twenty-five, on the first day of June, current year. A British subject by birth or naturalization. Certified by a medical board to be fit have had it in their minds to a diploma of graduation or a certifi-Royal Military College, and recommended for appointment by the commandant, or he must have attended two annual trainings of a corps of mand, and have obtained an officers' least six months; or he must have the last week of August. served for at least two years in the field in South Africa, with one of the such period as a comm 20 per cent off Lace Curtains, these and be recommended by the commandwere imported direct from European ing officer under whom he served as fitted for appointment to the permanent force, and have passed such liter-

lightly used, which we ary examination as may be prescribed. Applicants for commissions in the permanent force, not qualified as above may be attached for duty to a unit of the permanent force for the purpose of obtaining an officers' long-Sale Opens Tuesday, August 2nd | course certificate. In no case, however er, will such applicant be attached for a longer period than eighteen months. Appointments to the Army Service Corps, Army Medical Corps, Ordnance Store Corps and Pay Department will be specially considered by the minister

> All first appointments in the anent engineers and permanent artil lery, and every alternate commission in the permanent cavalry, mounted in fantry and infantry, will be offered the first instance to graduates of the Royal Military College.

nually, should vacancies exist, to the graduating class, viz.; Every one in the Canadian permanent infan try, and each alternate year; (a) One in the permanent field artillery; (b) one in the permanent cavalry of mounted infantry and one manent garrison artillery.

There are hundreds of young men belonging to local militia corps who are keen for rifle shooting, but wh cannot indulge in that useful tice because of the non-existence of a rifle range. Many of these young men are Bisley possibilities, who would bring fame to Canada honor to themselves if permitted to develop their shooting ability on the range. In past years, before Barrie field range was closed, Kingston sent many good shots to Bisley, but the old city has been unrepresented Canadian teams for the past six or eight years, simply because of the ability of promising rifle shots practice, Kingston is one of most important military centres Canada, and it looks very much like of soldering except the one great es- Dinghy race, for a flag. sential—shooting—because a soldier on the battlefield is valuable only active poly poly novelty race, fair astronomy the battlefield is valuable only active poly novelty race, fair astronomy two years in England. They late to attempt it when war is de- tion.

In reply to a criticism of a member of 14th Regiment, which appeared in Whig Thursday evening, regarding the deferred pay, an officer of that corps says the men have not any ground for partment forwards the pay, the men will receive all that is due them. It may not be out of place here make a note of explanation for the benefit of the rank and file of the regiment. It is not generally known
