A Rocky Road.

at James McGarvey's.

1034 1031

A citizen, this morning, draw at tention to the condition of Clarence street, between Wellington and King streets. The road is simply one continuation of round heads which crop up anywhere from one-half to three or four or even more inches above level. It is certainly a "rocky road to Dublin," and has been in the present state for some time past, though this is not the first occasion its condition. A short time ago there to be a little pathway more level than the rest of the street and it proved the salvation of evclists. However, when the Bell Telephone company's excavations got under way that disappeared also. One citizen the city authorities do not propose along on crutches, and altogether was to put the block in some kind of dea pitiable sight. He was lookinglong-
