THE SPORT REVIEW

GETTING READY FOR CANADA'S CUP RACES.

Sale of Baseball Fans—Quality- ing Round of Golfers—The Ordeal That "Bill" O'Hara Has to Undergo is Disgusting Him.

Catcher Warner has been signed by Detroit. At Brantford the home team beat Woodstock by 2 to 1.

Ed. Grant and Cy Ferry have been released by Cleveland. Tim Hart has been appointed an American league umpire.

Shrubbs will make an endeavor, he says, to break all previous records at those distances.

He has definitely entered for the one, two and five mile events at the Caledonian sports.

Skip Doherty, of the Toronto Canadas, was the unconquerable king of the green on the last day of the St. Catharines bowling tournament.

Alfred Shrubbs, the champion long distance runner of the world, will sail by the Allan liner Victorian next week, and is due in Montreal on August 30th.

Edward Geers, at sixty years of age, the dean of the grand circuit driving brigade, had a close call at Kenilworth Park, Buffalo, this afternoon.

The Rochester Yacht Club has appointed Frank T. Christy as scrutineer on board the Temeraire during the races, and the Royal Canadian Yacht Club named James McMurray, of Toronto, Ont., as scrutineer on the Iroquois.

Trainer "Jimmy" Rice arrived yesterday in Toronto from Ottawa and took charge of Eddie Duran, whom he will train for his race on the bay with Tom Sullivan. Duran is in prime condition, and Rice expects to have him as fit as a fiddle.

While the Canadian yachtsmen are not expressing their opinion of the sailing qualities of either yacht, they are said to be ready to back their boat for any amount of money, but up to date not a wager has been recorded. No Canadian boat that has ever appeared in these waters is considered so highly as the Temeraire.

At the Atlantic A.C. Hackaway Beach, Artie Edmunds, the clever Canadian 125 pound boxer and wrestler from Toronto, defeated Harry Haffner, one of the best lightweight in New York, winning by a clean knockout in the second round, after a terrific battle. There were some Canadians at the ringside, among them were Edmonds' decisive victory.

The Saratoga stewards have announced that they have held an investigation in the Athlon race, both as to the running of the horse and as to the ownership, but have failed to find any evidence that would warrant their taking any action. This probably ends what promised to be the sensation of the year, for if there is no evidence now it is not probable any will be found.

The report that the directors of the Toronto Baseball Club are negotiating with Edward Barry, etc., regarding the re-organizing and management of that club, is without foundation. However, the Toronto club is after a new manager, but Barrow is not the man infinitely above Barrow in baseball circles will assume the management of the Toronto base- ball team.

The challenger Temeraire was put on the way yesterday afternoon at Miller's wharf for her final polishing up in preparations for the coming races. The boat is in excellent condition, and will only remain on the way until tomorrow afternoon, when she will take her place, and receive her last scraping before the races. The Temeraire and Iroquois will be measured Friday, and both will then take their final racing spins.

T. W. Burgess started yesterday morning from the coast guard station at Lydden, four miles north-west of Dover, in another attempt to swim across the English channel. After being six hours in the water, he was about twelve miles out and was going strong. Burgess got within four miles of the French coast when the strong current commenced to carry him back, compelling him to give up the attempt. He left the water at 8:45 p.m.

The preliminary conference of the judges of the races for the Canada's Cup was held to-day. The committee is made up of Charles Van Voorthuis, as representative of the Rochester Yacht Club; E. H. Ambrose, representing the Royal Canadian Yacht Club, and W. B. Stephens, of New York, a well-known yachtsman and critic, who was picked by the representatives of each club. Owing to the inability of Mr. Ambrose, to be present last night the first conference of the judges was not held.

John Seigle, the hard-hitting centre-fielder, of the Wilkesbarre Club of the New York State League, and William Hinchman, who jumped the team, and is now playing with Williamsport, of the tri-State League, were sold to Cincinnati for \$3,500. Hinchman is reserved by Wilkesbarre, and is understood to be willing to play with one of the big league teams. Seigle is also a clever pitcher, and won every one of the games he pitched for Wilkesbarre this season. The deal was made for Cincinnati by former catcher Jack Grim.

An ordeal that "Bill" O'Hara, the Toronto boy with Wilkesbarre, is compelled to undergo at the conclusion of about every game has become quite distasteful to the modest young outfielder. O'Hara has been fortunate enough to break up several games by his hitting, and this, along with his superb fielding, has made him a great favorite among the youth of this old town. The result is that at the close of each game he is surrounded by a mob of youngsters, who cheer him to the echo and follow in his wake until he has landed on a car and is moving too fast for them.

"MEATS THAT SATISFY"

Tastiest of Morning Dishes is Laing's Breakfast Bacon

Cured with white sugar—and smoked with hickory wood—that give the sweet, nutty flavor. Broiled to a crisp, appetizing brown, it is a whole breakfast in itself.

Or if you prefer HAM, you will find LAING'S HAMS uncommonly delicious. We also put up Boned and B. Ciled Hams, ready to serve.

Send us your grocer's name if he cannot supply you with Laing's Ham, Bacon, Corned Beef and Canned Meats.

Thoroughly Satisfactory

is the way every woman who has used the Imperial Oxford expresses her opinion. The unanimous verdict of over forty thousand Canadian homes is that the

IMPERIAL OXFORD RANGE

has the most perfect oven and is the most promptly obedient, most economical and most satisfactory range.

There is a constructional reason for each of the many good points found exclusively in this range. For instance the splendid oven, which perhaps more than any other one feature has made the Imperial Oxford such a favorite, is the result of our Patent Diffusive Oven Flue. No other range has it.

Everything that sixty years of experience in range building could teach has been brought to perfection in the Imperial Oxford Range. The weight is there. It has the most perfect arrangement of draft dampers and flues. It has an accurate oven thermometer. It has our patent draw-out Duplex Grate. It has everything that can contribute to range perfection.

SEE IT. If your dealer cannot show it, write us direct and we will send you full particulars and the name of the nearest dealer who can.

People who prefer a Steel Plate Range will find the Oxford Chamber as perfect in every way as such a range can be made.
