NO FAITH IN PEACE

Felt in Japanese Army-Spoiling for Fight. Special to the Whig. London, Aug. 16.-A Times correspondent at Gen. Nogai's headquarters in Manchuria, wired under date August 13th, "The end of the rainy season is now imminent, and the Japanese army is impatient to move out of the position it has occupied since it settled down after the battle of Mukden. Here at the front there is no faith in the conclusion of peace, and if peace is arranged it will cause deep disappointment throughout the Japanese army. All the young officers are literally spoiling for a battle, while their seniors generally consider that the military progress has not yet been sufficient to justify the expectation that Russia will concede the terms of necessity required by Japan."

Japanese Marines Landed

Tokio, Aug. 16.-Admiral Kakoka reports that a detachment of his squadron attacked the Russian guarding Lamariela, a point in the Tartary Straits, August 14th. Marines were landed, and they were exposed to a sudden attack from Russians, who were hidden in a forest. The Japanese lost one killed and four wounded, but the Russians were finally dispersed.

Chasseurs Beat Off Japs.

Godoyard, Manchuria, Aug. 15.-Two Japanese boats were yesterday, on the morning of August 13th, capturing eighteen men, and the telegraph apparatus.

Will Take Kamshatka.

London, Aug. 16.-The Daily Telegraph's Tokio correspondent says that the occupation of Kamshatka will shortly be announced. The garrison there is only one battalion.

Quiet In Manchuria.

Portsmouth, N.H., Aug. 16.-It seems to be taken for granted among the attaches of both the Japanese and Russian missions that there will be no general battle in Manchuria while the peace negotiations are on. Oyama is known to be prepared to strike the moment they fail and there may be more or less skirmishing and outpost engagements while the troops are getting in position, but it is admitted on each side that either Oyama or Linevitch should deliberately bring on a general engagement which might cost 50,000 or 100,000 lives, his country being the loser.

Will Pay No Indemnity.

Paris, Aug. 16.-M. Witte has received final instructions relative to the extreme limit of the Russian concessions. The information received by the Temps, from its St. Petersburg correspondent, who says he learns in governmental circles that should Japan insist on the payment of an indemnity, the negotiations will be broken off. The decisive result, the correspondent says, is expected this week.

Russian Expectations.

St. Petersburg, Aug. 16.-Expectations are not affected by the progress made upon subordinate points in the peace conference at Portsmouth. Even the commercial world, which ardently hopes for peace, is asking when the delegates will reach the question of handing over Russian money and territory, and only those who think Japan may abate her claims on the success of the negotiations.

DYING OFFICER'S WILL

Leaves Property to Regiment He Was Proud Of. Paris, Aug. 16.-While suffering excruciating agony, Capt. Harly, of the 120th Regiment, who was fatally injured by a fall from his horse at Lunenburg, yesterday, used the last few minutes of his life to dictate a will, disposing of his property.

TO BUILD A TUNNEL

Two Concerns Have Amalgamated for Work. Windsor, Ont., Aug. 16.-The Canadian Tunnel company and the Michigan Tunnel company, the two companies chartered to build the tunnel under the Detroit river, met here and combined under the name of the Detroit River Tunnel company. The new company is capitalized at three million, a merely nominal one, as the work will cost not less than ten million dollars. It is believed that actual work on the tunnel can be started in October. The consolidation of the two companies was in accordance with the requirements of the Canadian charter.

ITALIANS BLOWN TO DEATH

At West Virginia Construction Camp. Special to the Whig. Elkins, W.Va., Aug. 16.-Nine Italians were blown to death, and their camp was reduced to atoms by a dynamite explosion, at the construction camp of Dunley Bros., about six miles from Durbin, yesterday. This is thought to be only another chapter in a feud between a gang of desperadoes and Italians.
