CAUSE OF FALLING HAIR. Dandruff, which is a Germ Disease—Kill the Germ. Falling hair is caused by dandruff, which is a germ disease. The germ in burrowing into the root of the hair, destroys the vitality of the hair, causing the hair to fall out, and dig up the cuticle in little scales, called dandruff or scurf. You can't stop the falling hair without curing the dandruff, and you can't cure the dandruff without killing the germ. "Destroy the cause, you remove the effect." Newbro's Herpicide is the only hair preparation that kills the dandruff germ. Herpicide is also a delightful hair dressing. Sold by leading druggists. ## WILL FIGHT THEM

### UNCLE SAM HAS ANOTHER ENEMY ON HAND.

President Castro of Venezuela Orders a \$2,500,000 Addition to His Fleet and Uses Immoderate Language to His Haughty Rival. New York, Aug. 21.—The Tribune says: Venezuela has placed orders in Europe for torpedo boats, guns and ammunition at the cost of about \$2,500,000, a larger amount than that little South American republic has ever expended at one time for war material. An American who has just returned from Venezuela is authority for the statement that President Castro recently declared he was going to fight the Yankees, which explains the unusually large orders for ships, arms and ammunition. It is reported that when the Venezuelan chief executive heard of the appointment by President Roosevelt of Judge W. J. Calhoun as special commissioner to investigate certain affairs at Caracas, his anger was great and language was immoderate. He announced that he would not permit the emissary of President Roosevelt to land in Venezuela.

## BLACK WATCH VS. EMERALDS

### A Victory for the Boys in Green.

Black Watch represented by Nicholson, H. Lumb, C. Braniff, H. Pierce, C. J. Matheson, P. Young, R. J. Chapman, S. J. Welch, S. A. McMillan, S. Emeralds—Fitzgerald, J. J. Campbell, B. J. Harrison, S. J. McFarland, C. J. Donoghue, H. Davidson, H. J. Turcotte, B. J. Anderson, G. J. Lawson, P. S. Scott, 15 to 11 in favor of the Emeralds. Just stop and look them over. Little mixed up, eh? But that didn't affect the ball game in the slightest. It was a good one, as the crowd of spectators present for the first time, only were the teams themselves mixed up, but the players were changed around during the game somewhat. Lawson was found playing against his old pals from Miss George's. In place was "Nipper" Matheson, who till the last innings. During that time he allowed five men to reach first on balls, struck eight out, allowed five hits, and pitched a man at the bat. In the ninth Welch took his place, and two singles and a double were gathered from his curves. Six runs crossed the plate, one man walked, and none struck out.

## NO ENGLISH COTTON STRIKE.

Employees Withdraw Reduction; Employees Withdraw Demands. London, Aug. 21.—The danger of a strike of the cotton operatives has been averted at the conference at Manchester. The masters withdrew the five per cent. reduction which was ordered at Bolton, and all the operatives withdrew their demand for an advance in pay. The masters are to pay a five per cent. bonus under specified conditions for three months and the wages now in effect are to be maintained until March 1st, 1907, when each side will be free to take whatever action it wishes in regard to wages. The colonial secretary of Gambia, British West Africa, reports officially that the attempt to increase the output of cotton is almost a failure. He fears that cotton growing in Gambia will prove to be impossible, partly owing to the sandy soil. The efforts of the government and the British Cotton Growing Association to foster the trade has resulted in a substantial loss. The people take little interest in the cultivation of cotton and prefer to keep for clothing making at home what little is grown instead of exporting it. They find that peanuts pay better and are more easily cultivated.

## APACHES ON RAMPAGE.

Stock Stolen From Settlers Who Are Organizing. Santa Fe, N.M., Aug. 21.—Word was received at the headquarters of the New Mexico Rangers yesterday that Apache Indians from Arizona are committing depredations in southwestern Socorro county, on the Mexican border. Much stock has been taken from settlers, who have organized and are now pursuing the Indians. The Indians are believed to be under the leadership of Apache Kid. A courier from the pursuers reports that the settlers surprised the Indians in their camp in Elk Mountains and scattered them, recovering some of the stolen animals. While the Indians were in camp that night the pursuers returned and stole several of their horses. Arrangements are making to send out rangers after the marauders.

The break in the organization of the Ontario Agricultural College for the coming term thus caused by Dr. Dandeno's declination will likely be temporarily filled.

Five shots took effect in the detective's body. He called from the train and was taken to Fordham hospital. A negro, Frank Morris, sixteen years old, of Cleveland, Ohio, is charged with the shooting.

### ENTERTAINED KINGSTON OLD BOYS AT CLIFFSIDE.

Q.O.R. Band Played, Rev. E. Crummy "Reminiscend" and All Enjoyed the Afternoon Immensely—Honor for Alexander Muir. Toronto Mail and Empire. Lieut.-Col. Pellatt on Saturday afternoon entertained the Kingston Old Boys' Association at his beautiful summer residence, "Cliffside." The band of the Q. O. R. furnished music, and the host was induced to recall some of the incidents of his visit to England with the coronation contingent. Rev. Eber Crummy, another Kingston old boy, had interesting reminiscences, having spent several years as a missionary in Japan. Col. Pellatt greeted the guests near the entrance to the grounds, and Mrs. Pellatt received at the house. The rainstorms limited the opportunities for a full enjoyment of the parklike gardens, but between the showers a number strolled down the grassy slopes and admired the view of Scarborough Heights and Lake Ontario, as well as of the famous Wolfe guns. The many ladies and gentlemen present almost filled the large manor, in which an informal banquet was served. The Q. O. R. band of thirty pieces added to the cordiality of the welcome. As the band played "The Maple Leaf," in honor of Alexander Muir, one of the chief of the Kingston Old Boys present, Col. Pellatt spoke of the enthusiasm with which Canada's national anthem was received at the time of the coronation. Everywhere in England that he took the band they played "The Maple Leaf," and the applause for it was universal. Among the guests were J. B. McKay, president; G. W. Gaden, chairman of committee; Robert Marshall, secretary; R. J. Stevenson; John McLeod, F. Dunlop, E. W. Sullivan, W. Marshall, H. Claxton, E. M. Creighton, Dr. Ralph Hooper, Mr. Kemp, Mr. Boyd, James Campbell, J. McLeod, K. J. Meade, J. Bonner, W. Hiseock, John Draper, Rev. Dr. Galbraith, G. Blackford, T. Gellan, Chas. Whitehead, J. J. Macellain, W. H. Rand, C. Bass, J. B. Mitchell. Letters of regret at inability to be present were read by the secretary from C. B. Hosmer of the C. P. R. directorate, Montreal; Justice Britton, Rev. Dr. Potts, and Rev. Dr. Briggs.

Hammer, at Westport, came home Saturday. Master John Hammer came down with him and will spend the remainder of his holidays here. Ambrose Canley came home from Lansdowne, where he spent holidays with his sister, Mrs. John Lecher. Owing to the inclement weather, the social in aid of the Roman Catholic church here, to have taken place on the 15th, was postponed until the following evening. The articles canvassed on were drawn for the same evening and were won by N. Ryan, Smith's Falls, who got a cornu copia, and William Moorehouse, Lombardy, who won a fancy pipe. The social was a decided success. Tiffany's orchestra, Ottawa, furnished music for dancing. Miss Iva Brown is spending week in Merrickville. Miss Lucille Duffield is visiting friends in Perth. Miss Margaret O'Meara, professional nurse, Toronto, who has spent the past two months at her home here, left to-day for that city to resume her professional duties there. ## Seized Launches.

The Brockville customs officers have seized several gasoline launches, it being claimed that they were not carrying lights according to law. One of these was a boat purchased on the other side over a year ago, upon which the duty has not yet been paid, but the owner was under the impression that he carried a permit. This the customs officers could not locate, and the boat was seized. The other two were taken in charge yesterday, and cannot be used by their owners until word is received from the department at Ottawa as to what disposition will be made of them.

## TELEPHONE TALKS.

TO TELEPHONE USERS AND THE GENERAL PUBLIC.

We wish at this stage to digress from the strict line of comment on the work of the Parliamentary Special Committee, to refer to an important matter which is apropos to the subject of our last "Talk." We refer to the advantage to this Company and to the commercial life of Canada, in the exchange of connections with the local and long distance systems of the United States.

Telephone conversations are carried on almost continuously, night and day, between the entire system of the Bell Telephone Co. of Canada and the long distance lines and exchanges of the American Telegraph & Telephone Company, and its affiliated Companies, placing half the continent at the elbow of every subscriber. The traffic is as free from complications as if it were one Company.

Equipment of the highest efficiency, practically standardized in all Offices and subscribers' stations, is an absolute essential to service over an extended area. Lack of such a standard is the fatal weakness of local systems operated as they are under separate administrations and with divided and often clashing interests.

No other Company operating in Canada, in competition with the Bell Telephone Co. of Canada, has the advantage of this connection. Without the same standard of equipment and appliances, such an exchange of service could not be operated satisfactorily, even if the connection could be obtained.

The Bell Telephone Co. of Canada, entirely free, as has been shown, in its financial affairs and in its internal administration, possesses an asset of inestimable value to itself and patrons in its business relations with the American Telegraph & Telephone Co. of the United States.
