## Did you ever have your range grates burn out?

If you did you will know what that means in common ranges - it means

plumbers, delay, muss and big bills -because common ranges are built that way. As range grates must some time burn out you are certain to have that kind of trouble if yours is a common range.

If you have the Pandora you won't have any trouble, because you can take out

the old grates and put in the new ones in ten minutes, and a ten cent piece for a screw-driver does it easier in the Pandora than a whole kit of plumbers' tools will do it in common ranges.

put in new Pandora grates.
