During the last year Prof. Francis Von Buhl has been teaching voice culture at the M.A. College. In the early part of the winter he gave a Recital at the College Chapel. At this, the naturalness and ease of his voice production commanded the attention of the audience. He has supplemented his French and Italian songs with very pleasing ones. Mr. Von Buhl has supplemented marked, natural ability with serious and conscientious study. The result is his technique is accurate and masterful, while his interpretation is public, broad and sympathetic.

As a teacher, Mr. Von Buhl is very much liked by his pupils, who give him great praise and consider they have made excellent progress under his instruction.

### LITTLE HOPE

### That Conference Will End in Agreement.

### RESTS WITH RUSSIANS

### SAY MEMBERS OF JAPANESE MISSION.

De Witte Thinks End is Near

—Kaneko Says Japan Wants Peace With Justice, Russia Peace With Honor—The Two Impossible.

Social to the Whig.

Portsmouth, N.H., Aug. 26.—There is little reason to believe that the Portsmouth conference will result in a peace agreement. Everything indicates that the end is a matter of a few days at most. Nothing has developed to afford promise of a harmonious outcome. M. De Witte makes no secret of his conviction that the end is near at hand. Members of the

EMPERESS HARUKO, OF JAPAN.

Who like her royal husband and son, writes her expressions of national thought and views, is immensely popular with her subjects.

Japanese mission are not so outspoken, but they give the impression that they have nothing further to offer. They contend their last proposal, involving the sale to Russia of part of Saghalien Island, was intended to be conciliatory, and not in the nature of an ultimatum, and that it is now for Russia to make the next move.

But Russia has nothing more to say. Her position remains the same as it was Wednesday, when M. De Witte virtually rejected the Japanese proposal for a trade off with regard to Saghalien. "The next formal meeting will be final," was the emphatic declaration made by the Russian authority. The conference may end today, but it probably will go over until next week. Both M. De Witte and Baron Komura refused to meet yesterday, but the contents of the substance of these have not been made public. It is understood that the Russians heard again from President Roosevelt, just evening, and that the president would be reached on the basis of the proposal made by Baron Komura and Mr. Takahira, with reference to Saghalien Island.

### With Justice Or Honor.

Oyster Bay, N.Y., Aug. 26.—Baron Kaneko, Japanese ministerial agent, yesterday made another of his numerous visits here, and had an hour's conference with the president upon the peace negotiations. In spite of his repeated assurances, Baron Kaneko left no doubt in the minds of his interviewers that he authoritatively told the president that Japan's stand upon the point of the \$500,000,000, demanded from Russia, was practically an ultimatum, that the president communicated to Baron Kaneko, somewhat, conveyed the idea to the president, that Japan had made all the concessions she could in the interests of peace, and that heretofore any concessions made must come from the Russians. It is believed that consequent upon Baron Kaneko's visit a long message from the president to the Russians is being codified, at the executive offices, for immediate transmission to the embassy.

"Japan," said Baron Kaneko, "wants peace with justice; Russia wants peace with honor. The two are impossible."

### Roosevelt Has Failed.

London, Aug. 26.—The correspondent of the Times, at St. Petersburg, says that from the best information that is little doubt that President Roosevelt's efforts for peace have failed. An important meeting of the board of directors of the board of directors, in connection with the peace conference, was held yesterday afternoon, and at the conclusion Count Lamdorff declared the situation had undergone no change. Russia, he said, still refuses to consider indemnity in any shape, manner, or form.

### The Czar Patriotic.

St. Petersburg, Aug. 26.—The emperor presided at a special council at Peterhoff yesterday afternoon. It is understood that he is preparing a patriotic declaration setting forth that Russia has done everything, conformable with its imperial position,

in the present peace conference. The declaration will introduce a detailed statement of the proceedings at Portsmouth on the questions already discussed.

### Japan Sticks to Indemnity.

### REVOLTING FACTS.

Revealed by Examination of East Side Bakeries.

Social to the Whig.

Aug. 26.—An official examination of the small bread bakeries in the spacial sections of the East Side, has revealed many revolting facts. It is shown that these evil conditions are not so much the fault of the bakers themselves, but to the criminal indifference of the owners of the buildings in which the bakeries are situated. Many of them are twelve feet below the level of the street, and can be reached only by means of narrow and steep stairways. Light and air are almost shut out. The terrible conditions existing in these bakeries were the principal cause of the recent epidemic of typhoid fever.

The action taken steps to bring about an improvement in the existing conditions.

### KILL FRENCH MISSIONARIES.

Lamas Attack Roman Catholic Establishment.

Vancouver, B.C., Aug. 26.—Word has been received by the Empress of China of an outrage in Yunnan province, showing the revival of fanatical antagonism to Christian civilization.

Official notices reaching Pekin state that a mob of 1,000 Buddhist lamas had a pre-arranged arrangement to drive the Christians out of their province, attacked the various French Roman Catholic establishments on the coast of Szechwan, specking one church and killing many priests; the number being variously stated at between eighteen and twenty-one, with others wounded.

The French minister at Pekin has made protest to the Chinese minister, demanding effectual punishment.

### This Time Sailed For At Halifax.

### MANY YACHTS IN IT

### A GIFT FROM THE KING OF ENGLAND.

The New York Yacht Club Will Have Boat in the Contest and Will Likely Win the Trophy—The Races Begon To-day.

Social to the Whig.

Halifax, N.S., Aug. 26.—The fleet keels of the Canadian and Eastern Yacht Clubs are assembled in Halifax harbor to attend the annual yacht races for the Prince of Wales' cup, the most coveted trophy ever contested for in any of the British colonies. The yachts of the N.Y.C.C. and of the Eastern Yacht Club, which took part in the ocean race from Marblehead to Halifax, arrived here in good time and are now the guests of the Royal Nova Scotia Yacht Club. In view of the fact that there is probably not a yacht in Nova Scotia equal in speed to many of the American yachts just in from their ocean race, it was a highly unselfish and sportsmanlike act of the Royal Nova Scotia Yacht Club to extend an invitation to the American visitors to compete with the Nova Scotian and other Canadian yachts for the magnificent prize.

The trophy was originally presented to the Halifax Yacht Club when the present king, then the Prince of Wales, visited Halifax in 1860. It is a beautiful specimen of the silversmith's art, standing two feet high and of great artistic value. When the Halifax Club went out of existence in 1898, and the Royal Nova Scotia Yacht Club was formed, the latter received the trophy from the Halifax Yacht Club as a legacy. The trophy has never left the waters on which it was first sailed for. According to the conditions, the trophy can be kept by the winning yacht only nine months, when it must be returned to Halifax to be competed for again the following season.

Not to be outdone in courtesy by the Nova Scotian yachtmen, Laurence Minot has offered a trophy to be competed for by Canadian yachts at the same time, when the Prince of Wales' cup is sailed for. The trophy is a handsome silver cup, the decorations of which are symbols of the international character of the race and of the good feeling existing between the yachtmen of the two countries represented in the race.

The first race was sailed, to-day, after a course of twenty-five miles off Halifax harbor. Under the regulations of the Royal Nova Scotia Yacht Club, according to which the measurement of the yachts is determined by multiplying the load-water line by the sail area and dividing the result by 6,000, several of the American boats were barred from competing in the race. Nevertheless, both the N.Y.C.C. and the Eastern Y.C. were represented at the starting line, when the signal for the beginning of the race was given this morning.

This evening the visiting yachtmen from the United States will be the guests of the Royal Nova Scotia Yacht Club at a grand celebration at their clubhouse. On that occasion many government officials and prominent citizens will also be present to greet the American yachtmen. The American yachts will remain here for several days and in their honor a series of minor yacht races will be held, in all of which the American yachts will have the privilege of taking part. Special prizes will be offered for the various events. The visit of the Americans will conclude with a grand festival, on which occasion the Prince of Wales' cup and the other trophies will be presented to the respective winners.

### THE NEW COMMANDANT.

### ENGLAND'S RICHEST HEIRESS

Betrothal of Lady Mary Douglas Hamilton.

London, Aug. 26.—Society in London is trying hard to confirm the rumored betrothal of the greatest heiress in all England, Lady Mary Douglas Hamilton, to Capt. McNeill. The report gains credence daily, and needs but an official announcement to set the curious at rest.

As the only child of the twelfth Duke of Hamilton and Branton, she inherits everything that the law permitted him to bequeath to her, the present duke—a descendant of the Hamilton who figures in the story of Edmond—getting as his share sixteen titles and an empty palace.

Besides the Island of Arran, Lady Mary is the possessor of large estates in Suffolk and of a colossal fortune—the proceeds of the sale of the famous Hamilton collection, which took over a month to dispose of. Her mother—now the wife of Carnaby Forster—is a daughter of the Duchess of Devonshire. She is devoted to sports, which taste her daughter is said to share.

The Hamilton family is the most illustrious of Scotland. Of Norman extraction, they date their greatness from the days of King Robert Bruce; in fact they owe all their advancement to royal favor. The French dukedom of Chateaufort was bestowed on the second earl for giving his consent to the marriage of Mary Queen of Scots to the Dauphin.

### Will Travel Far To Wed.

Special to the Whig.

Philadelphia, Pa., Aug. 26.—Miss Myrtle Campbell, daughter of Mrs. John A. Campbell, of Pittsburgh, Pa., sailed, to-day, with a party of missionaries for Persia, to become the wife of the Rev. Norman Ewer, a missionary at Hamadan, Persia. Miss Campbell and the Rev. Mr. Ewer belonged to love one another when they were classmates at Geneva College, from which they graduated in 1898. Mr. Campbell has charge of a mission church in Hamadan, Persia, under the auspices of the Reformed Presbyterian church.

On the invitation of J. M. Walker, the choir of St. Andrew's church, Gananoque, enjoyed a delightful trip among the islands. A banquet was made at Alexandria Bay after which the party crossed to Rockport where luncheon was had.

Mrs. Charlotte Churchill, widow of Ezra Churchill, Gananoque, died at the home of her daughter, Mrs. Beebe, Watertown, N.Y. She was eighty-six years of age. The remains were brought to Gananoque for interment. Buy Beecham's Pills at Gibson's Red Cross drug store. Genuine are sold there.
