"Oplfer per Orbem Dicor." Wailing About The Offices.

THE WHIG-72nd YEAR

Kingston, Ontario, at \$6 per year Editions at 2:30 and 4 o'clock.

The World, which is the expression party on the office question. Early in the life of the new government heutenant-governor declared, says the World, that he would consent to emoval of officials only when the der-in-council was accompanied by affidavits, "showing that the

out documentary evidence of his partizan-hip. The papers were held until demanded had been produced. There were, according to the World. members of the government who Stomach Gramps. "Mr. Whitney was anxious to as little friction as possible."

attacks are often sudden and incipient rebellion. Mr. Whitney does sometimes fatal. The principal seat is in the stomach and bowels, producing severe twisting, cramping pain, and often accompanied by make the might as well be killed iting. If you are troubled in (in going to the country) as to com this way, there is only one remedy mit suicide." The World complains to cure you, and that one is Dr. that the citizenship of a man may Fowler's Extract of Wild Straw- generally admitted but not proven, berry. It has a record of cures ex- and that this accounts for the failure tending over 60 years and we have to clean out the offices.

yet to hear of it failing to either There is another difficulty. It is that Prof. Harcourt, of the Outario Agri-Extract of Wild Strawberry and they com, pletely cured me. I would not be without more irksome and trying. The talk Mr. Whitney pronounces the World's one evening last week, having passed heart-aches of the office- seekers, and offices, as "a glaring untruth." Mr. why not make a scapegoat of the man Maclean ought to be ashamed of him- Veteran Identifies Inscription on who cannot escape the silence even to repudiate a lie.

Experiment In England.

The labour element in Canada will is now being tried in England, of tablishing farm colonies, and of putting on the soil the men who are want and in large numbers in the con-

voters, though they are not so enam- their affairs by the courts. The sooured of it in its amended form. As ciety will stand the test, but it will it was originally projected it provided not, as a result, be the greatest thing the land at the public expense, ap- of the kind on earth. Its glory and pointed managers, who became public prestige will be gone. officials, and made the wages of the way-faring workmen a charge upon Sir Gilbert Parker urges Canada to the public rates. As altered, at the build cruisers and contribute them to last stage of the session, the remun- the British navy. Sir Gilbert should hear of the grand cures they make, eration of the workers is left to the go a little slower. He should realize benevolence of the people. There are what Canada has done during the ously for the help of the poor, and so far militarism on the brain the plan is to use this money in warding the labourer for his service rather than to bestow upon him a sale or gift in charity.

The success of the venture is very ing to yield a large increase in crops cighties just because people call must be worked systematically and well, and there will be no system and continuity of service where the toilers Brantford Expositor perform their part in a perfunctory manner. Who are the needy principally n a congested city but the degenerates who have little ambition in life and whose brief history is made up a day-to-day struggle for existence. There is not a land in the world men should instruct their wives to where charity is so vast and comprehensive as in England, but it has not been applied along very socialistic lines. The farm-colony scheme smacks of the German expedients to make man worthy of his vocation and minister to his ever-returning wants. Society and socialism have some high ideals for the good of the fallen and needy, but there are everywhere Toronto Star.

Trouble In Over-Eating. Lord Strathcona is singled out for an object lesson in dietetics. This hale old gentleman, with a brain mental and physical service that is simply surprising, been a most careful eater. He has been convinced that it is not quantity of food that contributes life and to health, but

eats he certainly digests, and eats he certainly digests, and the pounds at the ringside, and as they ed condition of the mucous surfaces.

system is not clogged and obstructed are evenly matched as to weight, the We will give One Hundred Dollars for as are the systems of so many people who are dining out and forever complaining of ill-health. Prof. H. W. Hart, of New York, an Fitzgerald.
