**A TORONTO SCANDAL**

**NAVAL OFFICERS' BOARD BILL WAS UNPAID.**

Were Guests of Exhibition—Officers Prevented from Leaving City Until Ottawa Man Came to Their Rescue.  
Ottawa, Sept. 6.—Toronto's neglect of the officers and men of the second cruiser squadron was developed into a scandal. The men were camped next to the elephants, poorly fed, and treated as part of the circus performance. The climax was reached, however, last Thursday, just previous to the departure of the officers for Quebec. The detachment of officers and men had been invited to Toronto, it was understood, as guests of the exhibition association. The officers were sent to the King Edward hotel, and there the attentions of the Toronto people seemed to end. Evidently no arrangement had been made with the King Edward hotel people regarding the board and lodging of the officers, as when they proposed to leave for the train on Thursday evening the hotel folk intimated that their board bill was not paid. It was an awkward situation for the navy men, and was relieved by the intervention of a prominent Ottawa man, C. Berkeley Powell, ex-M.P.P., who put up his cheque to cover the amount.

**TO THINK ABOUT IT.**

**Resolutions Laid Before the Premier.**  
Special to the Whig.  
Toronto, Sept. 6.—Harry Grove, master of the Dominion Grange; W. Fisher and J. Robinson, ex-M.P.'s, a past master, addressed this morning's session of the Farmers' Association convention, at Victoria hall, on the advisability of amalgamating the two organizations. A resolution was adopted opposing any increase in the tariff and urging that if the proposed minimum and maximum should not be greater than at present in force.

At noon a deputation waited on Premier Whitney, headed by W. L. E. Amis, the vice-president, and urged the adoption of legislation along the line of the resolutions passed. These included the adoption of the principle of the Pettypiece bill in regard to railway taxation, the control of the province of exercising control over the mineral resources, that both may be a perpetual source and revenue to the province. Gratification was also expressed that no cash or land grants were made by railways at the last session of the legislature and the hope was expressed that this premier promised to consider the matters brought before him.

**FUTURE OF M. WITTE.**

**Reported He is to be Premier and Minister.**

London, Sept. 6.—The St. Petersburg correspondent of the Standard says a report is current that General Trepoff has refused the post of minister of the interior, and that M. Witte will receive the portfolio, with the premiership. It is evident, however, that nothing has yet been decided. M. Witte's followers are industriously circulating a report that he will be a candidate for a seat in the national Duma, with the view to becoming president of the body. A similar report was started in regard to Prince Sviatopolk Mirsky. In order to stand for election to the Duma, M. Witte would have to resign the presidency of the committee of ministers.

The demand is always in excess of the supply. Entrance to this permanent, reliable school nearest entrance into the best commercial positions in Canada. From Halifax on the east to Vancouver on the west, applications have been received for graduates of this school to take positions. Metcalfe, principal.

**THIS IS FARMERS' DAY**

At Toronto Exhibition—All Trains Crowded.  
Special to the Whig.

Requests for concerts by Irish Guards' band, having come from dozens of towns in Canada, Lord Leveson, who is in command of the band, yesterday, cabled for permission for the musicians to remain in Canada two extra weeks. **Smullen Acquitted.**

Fonda, N.Y., Sept. 6.—Daniel Smullen, who has been held here on a charge of murdering Peter Conrad on March 17th last, was, last night, acquitted. Conrad and Smullen, who were neighbors, left Argusville together on March 17th, and Conrad's team later arrived home driverless. Conrad's body was found the next day in a shed a mile across the fields from Smullen's home. The evidence was purely circumstantial.

**Crops Of The World.**

Budapest, Sept. 6.—The Hungarian minister of agriculture in his yearly estimate of the world's crops, shows the wheat yield to be about the same as last year. Rye is at least ten per cent. lower, owing to the poorer Russian harvest; barley is somewhat less, and oats considerably lighter. The maize crop will be larger, owing to the great American harvest, which more than makes up for the large deficiencies in Europe.

**Newfoundland Fisheries.**

London, Sept. 6.—President Boud, who has arrived in London to raise a loan of \$2,000,000 to be paid to R. G. Reid for the Newfoundland telegraph lines, in an interview to-day on the subject of the fisheries question with the United States, said that if there was any change in the present restrictions on American fishermen the initiative must be taken by the United States.

**Upsets Balance Of Power.**

Special to the Whig.  
St. Petersburg, Sept. 6.—There is much comment in the morning papers on the Anglo-Japanese treaty, which, it is claimed, is not conducive to peace because it upsets the balance of power in the far east and makes Great Britain and Japan predominant.

**Revival Of Rate War Unlikely.**

**KILL AND PLUNDER**

**TARTAR BANDS SCOUR THE COUNTRY.**

Rioters Defy Troops and Fire Oil Works—State of Wild Panic—Famine in Many Parts Adds to Horrors.  
St. Petersburg, Sept. 6.—A dispatch from Tiflis says: "The whole of the south-east Caucasus is now terrorized by Tartars. Refugees are pouring in here from Baku, Elizabetopol and Shusha. Details from Shusha show that several engagements were fought between Tartars and Armenians in regular positions and that a considerable part of the town was soon in flames. According to an official estimate over 200 houses were destroyed."  
Rioters Fire Oil Works.  
Baku, Sept. 6.—Troops under the direction of the governor are acting with the utmost vigor, but they have not succeeded in restoring order, although there is rather less firing. Armed rioters attacked the oil works in the suburb of Babakhan and after a hot fight set fire to them. Tartar bands are scouring the country, murdering and pillaging. The country is in a state of wild panic, and country houses and farms are being abandoned.  
The famine in many parts of the country renders the situation more terrible.

**Troops Patrol Streets.**

Elizabetopol, Caucasus, Sept. 6.—Sanguinary fighting has occurred between Tartars and Armenians in the village of Khankend.  
There is great alarm here. All the Armenian shops are closed and troops are patrolling the streets gay and night.

**MOB CAUSES GIRL'S DEATH.**

Child Would Have Escaped But for Crowd's Zeal.  
New York, Sept. 6.—In attempting to inflict punishment on a motor man, last night, an angry crowd in Clinton street caused the death of a little girl. In a riot that followed several persons were hurt and police reserves had a hard fight to disperse the mob.  
The victim of the accident was Anna Scherinschek, two years old. With her father and another man she was being led across the street, when a crowded north-bound car rolled her under the fender, where she lay crying but apparently uninjured.  
Before the motor man could step from the platform and lift the fender the crowd made a rush for him and in the scramble he was forced against the controller, turning it around and putting a full current on.  
Instantly the car shot forward a distance of 200 feet, and the child's body was ground to pieces. The sight of the mangled body added fury to the mob, and the motor man was dragged from the car and nearly beaten to death.
