

NATURAL REMEDIES.

Some Gifts of Nature.

Strange how often Nature provides an appropriate remedy for a local or general ailment. The inside back of the willow tree, which grow in damp and rheumatic places, give Salicine, the great cure for acute rheumatism. Quinine, which is the cure for Ague, is made from Peruvian bark, which tree grows in swampy Spanish districts. Again, fruit medicines in hot climates where liver, kidney and skin diseases abound—such as whooping cough, diphtheria and cholera—act on the bowels and make them secrete more bile, acts on the skin and increases the action of the skin in throwing off impurities. Fruit medicines, the blood by increasing the action of the bowels, skin and kidneys. One has to eat a lot of fruit to get the full benefit. A physician in Ottawa has discovered a method of combining the juices of apples, oranges, pines and figs and then forcing an additional atom of Bitter from the orange peels into the united juices—this makes a stronger fruit medicinal—many times stronger than ordinary fruit. The fruit laxative extract is made into tablets, and sold under the name of "Fruit-Laxative" or "Fruit Liver Tablets." These tablets are a natural remedy for Constipation, Biliousness, Sick Headache, Indigestion, Liver and Stomach and all blood impurities, constipation, boxes \$1.00 or sent on receipt of price by Fruit-Laxative Limited, Ottawa.

SYDENHAM WAKES UP

HAVE FAIR, ALTERNATELY WITH HARROWSMITH.

Village Great on Pigs—Hunting Hostelry Changes Hands—Great Duck-Hunting—Lawn Social Successful—Business Lively. Special Correspondence. Sydenham, Sept. 8.—The tourists are one by one leaving for home and the hotels are not so crowded. On Monday a carload of our aggressive farmers from this section went up to Toronto, to the exhibition. A great many went over to help out the Harrowsmith fair. Sydenham citizens should thank up to the beauty of an exhibition ground, and good race track; then they would be in shape to make a bid for the county grant, and hold a fair, at best, alternately with Harrowsmith. This was the arrangement fixed up some time ago, but Sydenhamites evidently had not the necessary push. Wednesday was hog day for Harrowsmith and Sydenham vicinity contributed a large share. The main street was lined by the teams drawing heavy loads of squealing porkers. J. H. Gallagher, M.P.P., is the shipper, and sent out, that day, four carloads. The price is high, and the farmers must certainly be happy. The Union house was kept busy taking in the five dollar notes, all afternoon, from the returning farmers. The village stores also reap the benefit. The large merry-making business for the last two weeks has pulled up stakes, and gone to Harrowsmith. Every kid in the neighborhood had about sixty-five rides on the roller coaster, and their parents seemed delighted with the chance to spend the money. One of our hustling hostelrys has changed hands. The American house, run by John Hogan for many years, to the satisfaction of numerous tourists, from every point, will hereafter have John Whelan to manage it. Whelan is a hustling young man, of very genial disposition, and, already, has made a great many friends. He has been respected with hotel business, in various places, for some years, and there is no doubt whatever that he will lose the popular resort up to the standard of excellence which Mr. Hogan always maintained. The citizens generally are sorry to see Mr. Hogan step out, and only hope he will settle down in his native bang, to enjoy the fruits of his labors and look after his many other interests in and around the village. G. A. Hughes, manager of the Union house, has moved into his large, new, commodious quarters over the bank premises. The Union hotel, run by John Switzer, is just beginning to get back to its normal state of business, after a big summer's rush. Thomas Griffith has moved into his large, new, commodious quarters over the bank premises. Edward Martin now controls the two great stage lines to Kingston and Harrowsmith. The latter has been lately acquired from Carl Taylor, who is now making a success of farming. Mr. Martin keeps five rigs, roony stages, a large stable of horses, and is doing big business. This week he is spending at the Toronto fair combining business with pleasure. MEAT FAMINE IN BERLIN.

Prices Soar; Horse Meat Restaurants Opened. Berlin, Sept. 8.—The strong protests that have been made against the refusal of the minister of agriculture to open the frontiers to the admission of foreign cattle having proved futile, the price of meat continues to rise at the great markets. Stirring scenes are witnessed daily. The women are in a state of revolt. At one market the butchers were almost mobbed. At the restaurants, steaks and portions of meats grow smaller daily. They are now only half their usual size. Horse meat restaurants are being opened to several cities, and are doing well.

NATURAL GAS AT BRANTFORD

Three Miles of Mains Being Laid Daily. Brantford, Ont., Sept. 9.—From November till May of each year Brantford is to have natural gas for lighting and heating purposes for thirty cents per thousand feet. For the remainder of the year the rate will be practically forty cents. The natural gas mains are being laid to this city from the Selkirk fields at the rate of about three miles a day.

Revival Tour of America.

Boston, Sept. 9.—Rev. W. J. Dawson, the London evangelist, has arrived by steamer from Liverpool to begin a second revival tour in America. Mr. Dawson said: "The religious revival in Wales is only an extreme example of what is going on all over the world. The people are finding out that dollars don't give them the satisfaction that is lasting. In this country I think there are great possibilities for work, and what has been done already is of the utmost importance."

Settled Quietly.

Montreal, Sept. 9.—Some time since Rev. Mr. Thomas, of Lechute, laid a charge before the conference against a brother Methodist minister, Rev. John Armstrong, for having married a couple in Workman's shop window, the case causing a good deal of comment at the time. It is now stated that the matter has been settled outside the conference.

RED LETTER DAY

IN THE HISTORY OF PROVINCE OF ALBERTA.

Dame Nature Provided Beautiful Weather—"Sunny Alberta," No Empty Title—2,500 School Children in Procession—Concert and Ball.

Edmonton, Alta., Sept. 9.—Yesterday was a red-letter day in the history of the province of Alberta, and especially of the city of Edmonton, for while Alberta became province No. 8, of the Dominion of Canada, Edmonton became its first capital. It was a day that will be long remembered by the people of this city. And what more beautiful weather could have been looked for than that which Dame Nature presented for the auspicious occasion. The sun was tardily showing himself in the morning, but before eleven o'clock, we had proven to the distinguished visitors and others that "Sunny" Alberta was no empty cognomen. The day before just enough rain had come to settle the dust, which had been blowing in clouds. At ten o'clock, the procession left the immigration hall, and proceeded about the town. It was nearly half a mile long, and was viewed by the guests of the day from the balcony of the club house. By no means the least important part of the parade was that of the school children, numbering 2,500 strong. The smaller ones were carried in waggonettes, prepared in pairs for them with bunting, flags and emblems as "We're the men of the North," "Prairie Flowers," "We'll Grow," and others.

After parading the streets, the procession then proceeded to the exhibition grounds, where the ceremonies of the day were to take place. At eleven o'clock, his excellency the governor-general arrived at the grounds, and at once proceeded to review the 200 Mounted Police already drawn up in line. Then his excellency and his A. D. C's., Sir Wilfrid and Lady Laurier, Hon. Mr. Paterson, G. H. Bulyea, governor-designate, Sir Gilbert Parkes, Mayor McKenzie and several others ascended on the platform erected in front of the grand stand for the occasion.

Mayor McKenzie opened the proceedings, by reading an address of welcome to the governor-general. His excellency made a few well chosen remarks in reply. Then Mr. McGee, chief clerk of the privy council, made the announcement of the appointment of Hon. G. H. Bulyea as lieutenant-governor of the province of Alberta, and the congratulations of Earl Grey. At twelve o'clock, Privy Clerk McGee read the king's proclamation, proclaiming Alberta a province, and Hon. G. H. Bulyea, his majesty's representative in the province. Just as the oath of office was being taken, the R. N. W. M. P. men, stationed on an historic hill, overlooking the old fort, boomed forth a royal salute, and cheers proclaimed the end of the formal ceremonies. The chief of the address of congratulation to the lieutenant-governor, to which he replied briefly.

Before the proceedings of the morning closed, Sir Wilfrid Laurier, the Hon. William Paterson, and Sir Gilbert Parkes, gave short, but interesting speeches. The afternoon proceedings were opened by a musical ride given by the R. N. W. M. P. mounted, and carrying Union Jacks on long poles. The Calgary brass band furnished music for the police. The rest of the afternoon was spent in showing his excellency about the city, while baseball, lacrosse and polo games were continued on the grounds.

While a grand concert had been arranged for the first evening of the inaugural programme, a grand ball was the closing part of the same. Both were held in Mr. Secord's rink theatre, and were in every way a grand success. About 1,500 people heard the concert on Thursday evening and upwards of 1,000 were present at the ball Friday evening.

This morning the vice-regal party left on their special for the Soo where a similar ceremony will take place on Monday at Regina. Before going south this morning, his honor, Lieut.-Gov. Bulyea swore in A. C. Rutherford, M.L.A. of Strathcona, as premier of Alberta. Mr. Rutherford's actions will be followed very closely now by the people of Alberta. Mr. Cross, Edmonton, liberal candidate, is slated for the portfolio of secretary, and attorney-general, and W. H. Cushing, the liberal candidate for Calgary, for public works.

I WILL CURE YOU FIRST THEN YOU PAY ME

The physician who has not sufficient confidence in his ability to cure his patients first, and receive his pay afterwards, is not the man to inspire confidence in those who are in search of long treatment. My acceptance of a case for treatment is curable cases. I am satisfied to receive the money for the value I have given the patient, but I expect to prove my worth and show positive and satisfactory results before I ask for the fee. So, should I fail to cure the case, the patient loses nothing, while should I cure him I have given what is worth much more than money—I have given him his health again. I am the very first specialist in the United States who has had sufficient confidence in his ability to say to the afflicted, NOT ONE DOLLAR NEED BE PAID UNTIL CURED.

PHYSICAL DEBILITY

The Latest Method Treatment is a heaven-sent boon to nervous sufferers. There are scores and hundreds of persons suffering from severe nervous disorders resulting from overwork, hurry, worry, business and domestic cares, overexcitement, and dissipation, etc. To them life is one continual round of misery, white peace, comfort and happiness are impossible. They suffer from headache, loss of memory, mental depression, strange sensations, dizziness, drowsiness, restlessness, irritability, constant indisposition, fainting, loss of sleep, weakness, trembling, heart palpitation, cold limbs, after fatigue and exhaustion. In this class of cases almost immediate relief is afforded by my treatment. The use of narcotics and sedatives supplying drugs is done away with, and permanent cures accomplished.

I Cure Nervous Debility, Varicocele, Stricture, Early Decay and Waste of Power, All Nervous, Chronic, Blood and Skin Diseases.

X RAY EXAMINATION, ADVICE AND CONSULTATION FREE

HOME TREATMENT

If you are in or near the city you should apply for treatment in person, but if you live too far away, write me a full and unreserved history of your case. You will receive as careful recommendations and painstaking attention as if you were in my office daily. As men in different parts of Canada and Mexico, as well as all over the United States, are being cured by my system of home treatment, I feel fully justified in claiming that it is the most perfect and successful system ever devised for curing all nervous and skin diseases. Consultations over obstinate cases which are occasionally called upon to treat will receive the usual courtesies of the profession. Medicines for Canadian patients shipped from Windsor, Ont., all duty and transportation charges prepaid.

Told in the Twilight

On Monday there will be a meeting of the croquet enthusiasts to make arrangements for a tournament to be through the month of September. It is hoped that the matter will be settled by Wednesday. There are about thirty names on the list, and the contest promise to be exciting.

Mrs. Michael Sullivan opened her gay season, on Thursday, with most enjoyable function, in honour of her daughter, Mrs. Crockett. This attractive young matron received her mother, and Miss Frances Sullivan, helped make things pleasant in the tea-room. Rich-wood flowers of tann, dahlias, marigolds, golden glow and nasturtium, filled drawing-room and dining-room, and out upon verandah, which was tented in, were large bowls filled with gold and silver, white and crimson. Here were cushions, and comfortable chairs, riring spot from the more crowded rooms. Over the tea was Mrs. Clea Sullivan, in charge of the coffee. Miss Margaret Brown, and Miss W. J. Taylor, Mrs. Crockett. This attractive young matron received her mother, and Miss Frances Sullivan, helped make things pleasant in the tea-room. Mrs. Percy B. Chown held her post-nuptial reception on Wednesday. Thursday of this week, and invited to welcome the young bride. The latter wore her wedding gown of cream voile, over taffeta, with trimmings of lace, and was assisted in receiving by Mrs. A. F. Chown and by her sister, Miss Morris. In the drawing-room were massed dahlias and asters, in delicate pinks and whites, and the same color scheme was carried out in the dining-room where sweet peas were added to the list. Here, on Wednesday, Mrs. P. Chown presided over the tea table and on Thursday, Mrs. Wilton I. the honor and responsibility of do so. The assistants were: Miss Dalrymple, Mrs. Ada Chown, and Miss Evelyn Norris, all wearing dainty frocks. A very important person, Master Leslie Sparks, who threw his ball door wide to admit the visitors.
